

Permit No. 17429-00 authorizes Sea Life Park Hawaii to continue to maintain and provide routine animal husbandry and veterinary care for one non-releasable adult Hawaiian monk seal and up to an additional three seals (four total, considering future non-releasable seals) at the monk seal exhibit at Sea Life Park Hawaii. Sea Life Park will maintain in permanent captivity seals removed from the wild under separate permits for stranding response and enhancement and are deemed non-releasable to the wild. The animals will be made available for scientific studies by researchers whose research protocols are approved by the Sea Life Park Hawaii Curator and staff veterinarian and authorized under separate permits. A public conservation and education lecture will be conducted daily concerning the status of Hawaiian monk seals, and educational descriptive signs with current information are on display at the monk seal exhibit. The permit expires November 30, 2018.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), a final determination has been made that the activity proposed is categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement.

Dated: January 6, 2014.
