SUPPLEMENTARY INFORMATION:

I. Background

On November 25, 2013 (78 FR 70354), the NRC published for public comment a document entitled, "White Paper on a Conceptual Example of a Proposed Risk Management Regulatory Framework Policy Statement (ADAMS Accession No. ML13273A517)." The conceptual statement would set forth a possible Commission policy regarding the use of a structured decision-making model that results in risk-informed and performance-based defense-in-depth protections to: Ensure appropriate personnel, barriers, and controls to

prevent, contain, and mitigate possible inadvertent exposure to radioactive material according to the hazard present, the relevant scenarios, and the associated uncertainties; and ensure that the risks resulting from the failure of some or all of the established barriers and controls, including human errors, are maintained acceptably low. The white paper is an illustration of the staff's work in progress and is expected to be modified as both internal and external review is solicited and considered.

The public comment period for the white paper would have closed on January 10, 2014, however, the NRC has decided to extend the comment period until February 28, 2014, because it was recognized with the holidays, insufficient time had been given for review and comment.

II. Public Meeting

The NRC staff plans to hold a public meeting on January 30, 2014. The meeting time and location has not yet been set, however, the final agenda and any meeting materials will be posted no fewer than 10 days prior to the meeting on the NRC's public Web site at <http://meetings.nrc.gov/pmns/mtg>. The purpose of this public meeting is for the NRC staff to answer questions, to provide any clarification to the white paper, and to solicit early stakeholder comments. This meeting will be a Category 3 public meeting and stakeholders wishing to provide a presentation should send a request to Mary Drouin at 301–251–7574 or by email to Mary.Drouin@nrc.gov. Presentations must be directly related to providing comments on the white paper (i.e., addressing the questions in the November 25, 2013, **Federal Register** notice). Requests should be sent in as soon as possible; depending on the number of requests, you will be notified if your presentation will be part of the agenda. If you have any questions, contact Mary Drouin at 301–251–7574 or by email to Mary.Drouin@nrc.gov.

Dated at Rockville, Maryland, this 6th day of January, 2014.
