

one representative of the pharmaceutical manufacturing industry. With this notice, nominations are being sought for one representative from the pharmacy compounding industry and one representative from the pharmaceutical manufacturing industry.

## II. Criteria for Nonvoting Members

Any pharmacy compounding organization and any pharmaceutical manufacturing organization interested in participating in the selection of an appropriate nonvoting member to represent industry interests should send a letter stating that interest to the FDA contact (see **FOR FURTHER INFORMATION CONTACT**) within 30 days of publication of this document (see **DATES**).

Within the subsequent 30 days, FDA will send a letter to each pharmacy compounding organization that has expressed an interest and attach a complete list of all such organizations. A list of all nominees from the pharmacy compounding industry along with their current résumés will also be attached. The letter will also state that it is the responsibility of the interested organizations to confer with one another and select a candidate to serve as the nonvoting member to represent the pharmacy compounding industry on the committee within 60 days of receiving the FDA letter. FDA will send similar letters to the pharmaceutical manufacturing organizations that have expressed interest, and they will be expected to follow a similar process to select their nominee.

Interested organizations are not bound by the list of nominees when selecting a candidate. However, if no individual is selected within 60 days, the Commissioner will select the nonvoting member in each category to represent industry interests.

## III. Nomination Procedure

Individuals may self-nominate, and/or an organization may nominate one or more individuals to serve as a nonvoting industry representative. Nominations should include contact information and a current, complete résumé or curriculum vitae for each nominee. Nominations should also include the name of the Committee and should be sent to the FDA contact person (see **FOR FURTHER INFORMATION CONTACT**) within 30 days of publication of this document (see **DATES**). FDA will forward all

nominations to the organizations expressing interest in participating in the selection process for the Committee. (Persons who nominate themselves as nonvoting industry representatives will not participate in the selection process).

Elsewhere in this issue of the **Federal Register**, FDA is publishing a notice requesting nominations for voting members of the Committee, a notice for consumer organizations to participate in the nominations for and selection of the consumer representative for the Committee, and a final rule updating information regarding the Committee.

**I. Pharmacy Compounding Drugs Advisory Committee**

The Committee provides advice on scientific, technical, and medical issues concerning drug compounding under sections 503A and 503B of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 353a and 353b), and, as required, any other product for which FDA has regulatory responsibility, and makes appropriate recommendations to the Commissioner of Food and Drugs.

**II. Criteria for Members**

Persons nominated for membership as consumer representatives on committees should meet the following criteria: (1) Demonstrate ties to consumer- and community-based organizations; (2) be able to analyze technical data; (3) understand research design; (4) be able to discuss benefits and risks; and (5) be able to evaluate the safety and efficacy of products under review. The consumer representative should be able to represent the consumer perspective on issues and actions before the advisory committee; serve as a liaison between the committee and interested consumers, associations, coalitions, and consumer organizations; and facilitate dialogue with the advisory committees on scientific issues that affect consumers.

**III. Selection Procedures**

Selection of members representing consumer interests is conducted through procedures that include the use of organizations representing the public interest and consumer advocacy groups. These organizations recommend nominees for the Agency’s selection. Representatives from the consumer health branches of Federal, State, and local governments may also participate in the selection process. Any consumer organization interested in participating in the selection of an appropriate voting member to represent consumer interests should send a letter stating that interest to FDA (see ADDRESSES) within 30 days of publication of this document.

Within the subsequent 30 days, FDA will compile a list of consumer organizations that will participate in the selection process and will forward to each such organization a ballot listing at least two qualified nominees selected by

the Agency based on the nominations received, along with each nominee’s current curriculum vitae or résumé. Ballots are to be filled out and returned to FDA within 30 days. The nominee receiving the highest number of votes ordinarily will be selected to serve as the member representing consumer interests for that particular advisory committee.

**IV. Nomination Procedures**

Any interested person or organization may nominate one or more qualified persons to represent consumer interests on the Agency’s advisory committees. Self-nominations are also accepted. Nominations should include a cover letter and a current, complete résumé or curriculum vitae for each nominee, including a current business address and/or home address, telephone number, email address if available, and a list of consumer- or community-based organizations for which the candidate can demonstrate active participation.

Nominations also should specify the advisory committee for which the nominee is recommended. In addition, nominations should include confirmation that the nominee is aware of the nomination, is willing to serve as a member of the advisory committee if selected, and appears to have no conflict of interest. FDA will ask potential candidates to provide detailed information concerning such matters as financial holdings, employment, and research grants and/or contracts in order to permit evaluation of possible sources of conflicts of interest. Members will be invited to serve for terms of up to 4 years.

FDA will review all nominations received within the specified timeframes and prepare a ballot containing the names of qualified nominees. Names not selected will remain on a list of eligible nominees and will be reviewed periodically by FDA to determine continued interest. Upon selecting qualified nominees for the ballot, FDA will provide those consumer organizations that are participating in the selection process with the opportunity to vote on the listed nominees. Only organizations vote in the selection process. Persons who nominate themselves to serve as

voting consumer representatives will not participate in the selection process.

Elsewhere in this issue of the **Federal Register**, FDA is publishing a notice requesting nominations for voting members of the Committee, a notice for industry organizations to participate in the nominations for and selection of the industry representatives for the Committee, and a final rule updating information regarding the Committee.

This notice is issued under the Federal Advisory Committee Act (5 U.S.C. app. 2) and 21 CFR part 14, relating to advisory committees.
