For quarter-end months (March, June, September, and December), additional asset and liability items are collected to provide a full balance sheet. A supplemental section collects data on securitized assets. The data are used to construct universe estimates of finance company holdings,

which are published in the monthly statistical releases Finance Companies (G.20) and Consumer Credit (G.19), in the quarterly statistical release Financial Accounts of the United States (Z.1), and in the *Federal Reserve Bulletin* (Tables 1.51, 1.52, and 1.55).

Final approval under OMB delegated authority of the extension, with revision, of the following information collection:

Report title: Interchange Transaction Fees Surveys.

Agency form number: FR 3064a and FR 3064b.

OMB Control number: 7100-0344.

Frequency: FR 3064a—Biennial; FR 3064b—Annual.

Reporters: Issuers of debit cards (FR 3064a) and payment card networks (FR 3064b).

Estimated annual reporting hours: FR 3064a: 111,600 hours; FR 3064b: 1,350 hours.

Estimated average hours per response: FR 3064a: 200 hours; FR 3064b: 75 hours.

Number of respondents: FR 3064a: 558; FR 3064b: 18.

General description of report: This information collection is authorized by subsection 920(a) of the Electronic Fund Transfer Act, which was amended by section 1075(a) of the Dodd-Frank Act, 15 U.S.C. 1693o-2. This subsection requires the Board to disclose (on a biennial basis) aggregate or summary information concerning the costs incurred, and interchange transaction fees charged or received, by issuers or payment card networks in connection with the authorization, clearance or settlement of electronic debit transaction as the Board considers appropriate and in the public interest. 15 U.S.C. 1693o-2(a)(3)(B). It also provides the Board with authority to require issuers and payment card networks to provide information to enable the Board to carry out the provisions of the subsection. Response to these surveys is mandatory.

In accordance with the statutory requirement, the Board currently releases aggregate or summary information from the FR 3064b survey responses, and, average interchange fees at the network level. However, as proposed, the Board will release, at the network level, the percentage of total number of transactions, the percentage of total value of transactions, and the average transaction value for exempt and not-exempt issuers obtained on the FR 3064b. The Board has determined to release this information both because it can already be calculated based on the information the Board currently releases

on average interchange fees and because the Board believes the release of such information may be useful to issuers and merchants in choosing payment card networks in which to participate and to policymakers in assessing the effect of Regulation II on the level of interchange fees received by issuers over time. However, the remaining individual issuer and payment card information collected on these surveys will be treated as confidential under exemption (b)(4) of the Freedom of Information Act (FOIA), which protects information that, if released, would cause substantial harm to the competitive position of the survey respondents. 5 U.S.C. 552(b)(4) (exempting from disclosure "trade secrets and commercial or financial information obtained from a person and privileged or confidential").

Abstract: The Wall Street Reform and Consumer Protection Act of 2010 (Dodd-Frank Act) requires the Board to disclose (on a biennial basis) aggregate or summary information concerning the costs incurred, and interchange transaction fees charged or received, by issuers or payment card networks in connection with the authorization, clearing, or settlement of electronic debit transactions as the Board considers appropriate or in the public interest. The data from these surveys are used in fulfilling that disclosure requirement. In addition, the Board uses data from the payment card network survey (FR 3064b) to publicly report on an annual basis the extent to which networks have established separate interchange fees for exempt and covered issuers.¹ Finally, the Board uses the data from these surveys in determining whether to propose revisions to the interchange fee standards in Regulation II (12 CFR Part 235). The Dodd-Frank Act provides the Board with authority to require debit card issuers and payment card networks to submit information in order to carry out provisions of the Dodd-Frank Act regarding interchange fee standards.

Current Actions: On October 18, 2013, the Board published a notice in the **Federal Register** (78 FR 62352) requesting public comment for 60 days on the proposal to extend, with revision, the Interchange Transaction Fees Surveys. The comment period expired on December 17, 2013. The Board received five comment letters regarding the proposed revisions to these surveys. The comments are summarized and addressed below.
