### Submission for OMB Review; Comment Request

January 10, 2014.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments regarding (a) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), New Executive Office Building, 725 17th Street NW., Washington, DC 20502. Commenters are encouraged to submit their comments to OMB via email to: [OIRA\\_Submission@omb.eop.gov](mailto:OIRA_Submission@omb.eop.gov) or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Comments regarding these information collections are best assured of having their full effect if received by February 18, 2014. Copies of the submission(s) may be obtained by calling (202) 720-8681.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control

number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

### Rural Housing Service

*Title:* Single Family Housing Guaranteed Loan Program.

*OMB Control Number:* 0575-0179.

*Summary of Collection:* The Housing and Community Facilities Program (HCFP), herein referred to as the "Agency," is a credit agency for the Rural Housing Service (RHS) of the U.S. Department of Agriculture. The Agency offers supervised credit programs to build modest housing and essential community facilities in rural areas. Section 517(d) of Title V of the Housing Act of 1949, as amended, provides the authority for the Secretary to issue loan guarantees for the acquisition of new or existing dwellings and related facilities to provide decent, safe, and sanitary living conditions and other structures in rural areas. The Single Family Housing Guaranteed Loan Program (SFHGLP) was authorized under the Cranston-Gonzalez National Affordable Housing Act. The purpose of SFHGLP is to assist low and moderate-income individuals and families in acquiring or constructing a single-family residence in a rural area with loans made by private lenders.

*Need and Use of the Information:* Information is collected from both a potential homebuyer and lender. To participate in the program, lenders must submit to standards which ensure the loan objectives of the SFHGLP are met. The lender submits qualifications to the Agency and enters into an agreement that outlines both the lender and Agency's commitments and responsibilities under the guaranteed program. Information from a homebuyer includes financial documents such as confirmation of household income, assets and liabilities, a credit record, evidence the homebuyer has adequate repayment ability for the loan amount requested and if the condition and location of the property meet program guidelines. All information collected is vital for the Agency to determine if borrowers qualify for all assistance for which they are eligible.

This is a reinstatement with changes of a previously approved collection.

*Description of Respondents:* Business or other for-profit; State, Local or Tribal Government.

*Number of Respondents:* 3,581.

*Frequency of Responses:* Reporting: Monthly; Quarterly; Annually.

*Total Burden Hours:* 789,139.

#### SUPPLEMENTARY INFORMATION:

##### Direct Marketing

*Title:* Local Food Directories and Survey.

*OMB Number:* 0581-New.

*Expiration Date of Approval:* Three years from approval.

*Type of Request:* New collection for three additional marketing channels for local food.

*Abstract:* Under the Agricultural Marketing Act of 1946, as amended (7 U.S.C. 1621 *et seq.*), AMS is responsible for conducting research to enhance market access for small-and medium sized farmers. The role of the Marketing Services Division (MSD) of AMS is to facilitate distribution of U.S. agricultural products. The division identifies marketing opportunities, provides analysis to help take advantage of those opportunities and develops and evaluates solutions including improving farmers markets and other direct-to consumer marketing activities.

On-farm markets, community supported agriculture (CSAs) as well as food hubs comprise an integral part of the urban/farm linkage and have continued to rise in popularity, mostly due to the growing consumer interest in obtaining fresh products directly from the farm. The use of these marketing channels has enabled farmers to receive a larger share of consumer's food dollar. On-farm markets, community supported agriculture (CSAs) and food hubs allow consumers to have access to locally grown, farm fresh produce, enables farmers the opportunity to develop a personal relationship with their customers, and cultivate consumer loyalty with the farmers. They are also providing greater access to fresh locally grown fruits and vegetables, as well as playing increasing role in encouraging healthier eating.

An *on-farm market* is an area of a facility affiliated with a farm where transactions between a farm market operator and customers take place. An

on-farm market may operate seasonally or year-round. On-farm markets are an important component of direct marketing, adding value by offering customers a visit to the farm and the opportunity to purchase products from the people who grew them.

CSA is another type of food-production and direct marketing relationship between a farmer or farmers and a group consumers who purchase "shares" of the season's harvest in advance of the growing season. The up-front working capital generated by selling shares reduces the financial risk to the farmer(s). Generally farmers receive better prices for their crops and, reduced marketing costs. Consumers benefit by receiving weekly delivery of fresh locally-grown fruits, vegetables, meats, eggs and other produce. They also benefit from the ability to collectively support the sustainability of local farmers.

*Food hub* is a business or organization that actively manages the aggregation, distribution, and marketing of source-identified food products primarily from local and regional producers to strengthen their ability to satisfy wholesale, retail, and institutional demand. This marketing channel also allows farm operators to capture a larger share of consumers' food dollar.

This information will be used to build three web-based directories and describe the characteristics of on-farm markets, CSAs, and food hubs and to identify trends in their communities.

Topic areas in the survey:  
 —Characteristics and history of on-farm markets, CSAs and food hubs,  
 —types of products sold, including fresh, locally-grown produce,  
 —location of the markets,  
 —special events,  
 —marketing methods,  
 —participation in federal programs designed to increase consumption of fresh fruits, and vegetables.

*Estimate of Burden:* Public reporting burden for this collection of information is estimated to average 0.167 hours per response.

*Respondents:* Farm operators that operate on-farm stores, operators of Community Supported Agriculture, (CSA's), farm operations, and operators of food hubs.

*Estimated Number of Respondents:* 56,750.

*Estimated Total Annual Responses:* 2,125.

*Estimated Number of Responses per Respondent:* .037.

*Estimated Total Annual Burden on Respondents:* 355 hours.

Comments are invited on: (1) Whether the proposed collection of information

is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

The information collected is used only by authorized employees of the USDA, AMS.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will become a matter of public record.

Dated: January 10, 2014.
