

However, the acquisition results in a loss of control described in § 1.7874-1(c)(2) because P does not hold, in the aggregate, directly or indirectly, more than 50% of the shares of FA stock (by vote or value) of R, FA, or DT after the acquisition. Accordingly, the FA stock held by R would be included in the denominator of the ownership fraction under § 1.7874-1(c)(1). Nevertheless, the FA stock held by R is excluded from the denominator of the ownership fraction under paragraphs (b) and (h) of this section. Thus, the ownership fraction is 49/49.

(iii) *Alternative facts.* The facts are the same as in paragraph (i) of this *Example 8*, except that, in exchange for 51 shares of FA stock, R transfers marketable securities (within the meaning of paragraph (i)(6) of this section) with a value equal to that of 16 shares of FA stock and qualified property (within the meaning of paragraph (i)(7) of this section) with a value equal to that of 35 shares of FA stock. Accordingly, 16 of the 51 shares of FA stock transferred to R constitute disqualified stock described in paragraph (c)(1) of this section by reason of paragraph (c)(1)(i) of this section, and 35 of such shares do not constitute disqualified stock.

Paragraph (c)(2) of this section does not reduce the amount of disqualified stock described in paragraph (c)(1)(i) of this section because the transfer of FA stock in exchange for the marketable securities increases the fair market value of the assets of FA by the fair market value of the marketable securities transferred. Therefore, under paragraph (b) of this section, 16 of the 51 shares of FA stock transferred to R are not included in the denominator of the ownership fraction.

Although 16 of the 51 shares of FA stock that are transferred to R are excluded from the denominator of the ownership fraction, under paragraph (h) of this section, all 51 of R's shares of FA stock are taken into account for purposes of determining whether P or R is a member of the expanded affiliated group that includes FA. Because P holds 49% of the shares of FA stock (49/100), it is not a member of the expanded affiliated group that includes FA, and its FA stock is included in both the numerator and the denominator of the ownership fraction. Because R holds 51% of the shares of FA stock (51/100), it is a member of the expanded affiliated group that includes FA and, before taking into account § 1.7874-1(c), its FA stock is excluded from the numerator and denominator of the ownership fraction under section 7874(c)(2)(A) and § 1.7874-1(b). However,

the acquisition results in a loss of control described in § 1.7874-1(c)(2) because P does not hold, in the aggregate, directly or indirectly, more than 50% of the shares of FA stock (by vote or value) of R, FA, or DT after the acquisition. Accordingly, the 51 shares of FA stock held by R would be included in the denominator of the ownership fraction under § 1.7874-1(c)(1). Nevertheless, the 16 shares of FA stock that constitute disqualified stock are excluded from the denominator of the ownership fraction under paragraphs (b) and (h) of this section. In addition, the 35 shares of FA stock received by R that do not constitute disqualified stock are included in the denominator. Thus, the ownership fraction is 49/84.

(k) *Effective/applicability dates*—(1) *General rule.* Except to the extent provided in paragraph (k)(2) of this section, this section applies to acquisitions completed on or after September 17, 2009.

(2) *Transitional rules.* For acquisitions completed on or after September 17, 2009, but before January 16, 2014, except as provided in paragraph (k)(3) of this section, this section shall be applied with the following modifications:

(i) Nonqualified property does not include property described in paragraph (i)(7)(iii) of this section.

(ii) A transfer is limited to an issuance of stock of the foreign acquiring corporation.

(iii) The determination of whether stock of the foreign acquiring corporation is described in paragraph (c)(1) of this section is made without regard to paragraphs (c)(1)(ii), (c)(2), and (e) of this section.

(iv) Paragraphs (d) and (h) of this section do not apply.

(3) *Election.* A taxpayer may elect to apply paragraphs (a) through (j) of this section to acquisitions completed on or after September 17, 2009, but before January 16, 2014, if the taxpayer applies those paragraphs consistently to all acquisitions completed before such date. The election is made by applying paragraphs (a) through (j) of this section to all such acquisitions on a timely filed original return (including extensions) or an amended return filed no later than six months after January 16, 2014. A separate statement or form evidencing the election need not be filed.

(l) *Expiration date.* The applicability of this section expires on January 13, 2017.

■ **Par. 4.** Section 1.7874-5T is added to read as follows:

§ 1.7874-5T Effect of certain transfers of stock related to the acquisition (temporary).

(a) *General rule.* Stock of a foreign corporation that is described in section 7874(a)(2)(B)(ii) shall not cease to be so described as a result of any subsequent transfer of the stock by the former shareholder (within the meaning of § 1.7874-2(b)(2)) or former partner (within the meaning of § 1.7874-2(b)(3)) that received such stock, even if the subsequent transfer is related to the acquisition described in section 7874(a)(2)(B)(i).

(b) *Example.* The rule of this section is illustrated by the following example:

Example. (i) *Facts.* Individual A wholly owns DT, a domestic corporation. FA, a newly formed foreign corporation, acquires all of the stock of DT from Individual A in exchange solely for 100 shares of FA stock.

Pursuant to a binding commitment that was entered into in connection with FA's acquisition of the DT stock, Individual A sells 25 shares of FA stock to B, an unrelated person, in exchange for cash. For federal income tax purposes, the form of the steps of the transaction is respected.

(ii) *Analysis.* Under § 1.7874-2(f)(1), the 100 shares of FA stock received by Individual A are stock of a foreign corporation (FA) that is held by reason of holding stock in a domestic corporation (DT). Accordingly, such stock is described in section 7874(a)(2)(B)(ii). Under paragraph (a) of this section, all 100 shares of FA stock retain their status as being described in section 7874(a)(2)(B)(ii), even though Individual A sells 25 of the 100 shares in connection with the acquisition described in section 7874(a)(2)(B)(i) pursuant to the binding commitment. Therefore, all 100 of the shares of FA stock are included in both the numerator and denominator of the ownership fraction (as defined in § 1.7874-4T(i)(9)).

(c) *Effective/applicability dates.* This section applies to acquisitions that are completed on or after January 16, 2014.

(d) *Expiration date.* The applicability of this section expires on January 13, 2017.
