

Funding Opportunity Number: SGA/ DFA PY-13-05

SUMMARY: The Employment and Training Administration (ETA), U.S. Department of Labor, announces the availability of approximately \$6 million for grants to State Workforce Agencies (SWA) to develop the Workforce Data Quality Initiative (WDQI).

Grants awarded will provide SWAs the opportunity to develop or expand State workforce longitudinal administrative data systems. These State longitudinal data systems will, at a minimum, include information on programs that provide training, employment services, and unemployment insurance; connect with education data contained in Statewide Longitudinal Data Systems (SLDS) databases; be linked longitudinally at the individual level to allow for enhanced opportunity for evaluation of federally and State-supported education and workforce programs; be capable of generating workforce training provider performance information and outcomes in a standardized, easy to understand format (e.g. scorecards), consistent with all applicable Federal and State privacy laws; and lead to better information for customers and stakeholders of the workforce system. Where such longitudinal systems do not exist or are in early development, WDQI grant assistance may be used to design and develop these systems. WDQI grant assistance can also be used to improve upon existing State longitudinal systems. Current WDQI grant recipients who did not receive a Round III award under solicitation SGA-DFA PY-12-07 and states that currently do not have a WDQI grant are eligible for this competition.

The complete SGA and any subsequent SGA amendments in connection with this solicitation are described in further detail on ETA's Web site at <http://www.doleta.gov/grants/> or on <http://www.grants.gov>. The Web sites provide application information, eligibility requirements, review and selection procedures, and other program requirements governing this solicitation.

DATES: The closing date for receipt of applications under this announcement is March 25, 2014. Applications must be received no later than 4:00:00 p.m. Eastern Time.

FOR FURTHER INFORMATION CONTACT: Linda Forman, 200 Constitution Avenue NW., Room N-4716, Washington, DC 20210; Telephone: 202-693-3416.

Signed January 16, 2014 in Washington, DC.

Eric D. Luetkenhaus

Grant Officer, Employment and Training Administration.

Polyone Designed Structures and Solutions LLC, a Subsidiary of Polyone Corporation, Donora, Pennsylvania; Notice of Affirmative Determination Regarding Application for Reconsideration

By application dated December 2, 2013, Teamsters Local No. 205 requested administrative reconsideration of the negative determination regarding workers' eligibility to apply for Trade Adjustment Assistance (TAA) applicable to workers and former workers of Polyone Designed Structures and Solutions LLC, a subsidiary of Polyone Corporation, Donora, Pennsylvania (subject firm). The determination was issued on November 5, 2013. The Department's Notice of determination was published in the **Federal Register** on November 26, 2013 (78 FR 70581-70583). Workers at the subject firm were engaged in activities related to the production of color additives and inks.

The negative determination was based on the Department's findings that with respect to Section 222(a)(2)(A)(ii) of the Act, imports of articles like or directly competitive with color additives and inks have not increased in 2011, 2012 or during the period of January through September 2013.

With respect to Section 222(a)(2)(B) of the Act, the investigation revealed that the firm has not shifted the production of articles like or directly competitive with color additives and inks to a foreign country or acquired like or directly competitive articles from a foreign country. Rather, the investigation confirmed that production is being shifted from the Donora, Pennsylvania facility to other facilities within the United States.

With respect to Section 222(b)(2) of the Act, the investigation revealed that the firm is not a Supplier or Downstream Producer to a firm that employed a group of workers who received a certification of eligibility under Section 222(a) of the Act, 19 U.S.C. 2272(a).

Finally, the group eligibility requirements under Section 222(e) of the Act have not been satisfied because the workers' firm has not been publicly identified by name by the International Trade Commission as a member of a domestic industry in an investigation resulting in an affirmative finding of serious injury, market disruption, or material injury, or threat thereof.

The request for reconsideration alleges that there is "additional evidence of the anticipated shift/transfer of equipment and operations to a foreign country". The request for reconsideration also alleges that production has shifted to Mexico and China. The request for reconsideration also includes additional attachments, including documentation of products that are allegedly produced in Mexico.

The Department has carefully reviewed the request for reconsideration and the existing record, and will conduct further investigation to determine if the workers meet the eligibility requirements of the Trade Act of 1974, as amended.

Conclusion

After careful review of the application, I conclude that the claim is of sufficient weight to justify reconsideration of the U.S. Department of Labor's prior decision. The application is, therefore, granted.

Signed at Washington, DC, this 10th day of January, 2014.

Michael W. Jaffe,

Certifying Officer, Office of Trade Adjustment Assistance.

Caterpillar Reman Powertrain Services, Inc., a Subsidiary of Caterpillar, Inc., Including On-Site Leased Workers From Robert Half/Accountemps, Aerotek, Phillips Staffing, Hagemeyer and ATS, Inc., Summerville, South Carolina; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974, as amended ("Act"), 19 U.S.C. 2273, the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on October 29, 2013, applicable to workers of Caterpillar Reman Powertrain Services, Inc., a

subsidiary of Caterpillar, Inc., including on-site leased workers from Account Temps, Aerotek, Phillips Staffing, Hagemeyer and ATS, Inc., Summerville, South Carolina. The workers are engaged in activities related to remanufactured automotive and hydraulic parts. The notice was published in the **Federal Register** on November 21, 2013 (78 FR 69882).

At the request of the State, the Department reviewed the certification for workers of the subject firm. New information from the company shows that a worker leased from Robert Half/Account Temps was employed on-site at the Summerville, South Carolina location of Caterpillar Reman Powertrain Services, Inc., a subsidiary of Caterpillar, Inc. The Department has determined that this worker was sufficient under the control of Salter Labs to be considered a leased worker.

The intent of the Department's certification is to include all workers of the subject firm who were adversely affected by a shift in the production of remanufactured automotive and hydraulic parts to a foreign country. Based on these findings, the Department is amending this certification to include workers leased from Robert Half/Account Temps working on-site at the Summerville, South Carolina location of the subject firm.

The amended notice applicable to TA-W-83,094 is hereby issued as follows:

All workers from Caterpillar Reman Powertrain Services, Inc., a subsidiary of Caterpillar, Inc., including on-site leased workers from Robert Half/Account Temps, Aerotek, Phillips Staffing, Hagemeyer and ATS, Inc., Summerville, South Carolina, who became totally or partially separated from employment on or after September 17, 2012, through October 29, 2015, and all workers in the group threatened with total or partial separation from employment on date of certification through two years from the date of certification, are eligible to apply for adjustment assistance under Chapter 2 of Title II of the Trade Act of 1974, as amended.

Signed at Washington, DC, this 14th day of January 2014.

Michael W. Jaffe,

Certifying Officer, Office of Trade Adjustment Assistance.

[TA-W-81,688; TA-W-81,688B]

Osram Sylvania, Inc., General Lighting Formerly Known As Consumer Lighting Division, Including On-Site Leased Workers From Superior Technical Resources, St. Marys, Pennsylvania; Osram Sylvania, Including On-Site Leased Workers From Manpower and Superior Tech Services, York, Pennsylvania; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974, as amended ("Act"), 19 U.S.C. 2273, the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on July 9, 2012, applicable to workers of OSRAM SYLVANIA INC., General Lighting, formerly known as the Consumer Lighting division, including on-site leased workers from Superior Technical Resources, St. Marys, Pennsylvania (TA-W-81,688) and on-site leased workers from W&W and Sons Contractors, Inc. (TA-W-81,688A). The workers are engaged in activities related to the production of incandescent, halogen, and Light-Emitting Diodes (LED) light bulbs. The notice was published in the **Federal Register** on July 30, 2012 (77 FR 146).

Workers of OSRAM SYLVANIA INC., General Lighting, formerly known as the Consumer Lighting division, St. Marys, Pennsylvania were certified under petition number TA-W-71,711 that expired on October 1, 2011. The on-site leased workers from W&W and Sons Contractors, Inc. were not covered by that earlier certification.

At the request of the company official, the Department reviewed the certification for workers of the subject firm. New information from the company shows that workers of OSRAM SYLVANIA, including on-site leased workers from Manpower and Superior Tech Services, York, Pennsylvania were separated due to the same increased imports that led to separations at the St. Marys, Pennsylvania facility.

The intent of the Department's certification is to include all workers of the subject firm who were adversely affected by increased customer imports.

Based on these findings, the Department is amending this certification to include all workers of OSRAM SYLVANIA, including on-site leased workers from Manpower and

Superior Tech Services, York, Pennsylvania.

The amended notice applicable to TA-W-81,688 is hereby issued as follows:

"All workers of OSRAM SYLVANIA INC., General Lighting, formerly known as the Consumer Lighting division, including on-site leased workers from Technical Superior Resources, St. Marys, Pennsylvania (TA-W-81,688) who became totally or partially separated from employment on or after October 2, 2011 through July 9, 2014, and all workers in the group threatened with total or partial separation from employment on July 9, 2012 through July 9, 2014 are eligible to apply for adjustment assistance under Chapter 2 of Title II of the Trade Act of 1974, as amended,

AND

All leased workers from W&W and Sons Contractors, Inc., working on-site at OSRAM SYLVANIA INC., General Lighting, formerly known as the Consumer Lighting division, St. Marys, Pennsylvania (TA-W-81,688A), and all workers of OSRAM SYLVANIA, including on-site leased workers from Manpower and Superior Tech Services, York, Pennsylvania (TA-W-81,688B) who became totally or partially separated from employment on or after June 5, 2011 through July 9, 2014, and all workers in the group threatened with total or partial separation from employment on July 9, 2012 through July 9, 2014, are eligible to apply for adjustment assistance under Chapter 2 of Title II of the Trade Act of 1974, as amended."

Signed at Washington, DC, this 14th day of January 2014.

Michael W. Jaffe,

Certifying Officer, Office of Trade Adjustment Assistance.
