**Foreign-Trade Zone (FTZ) 49—Newark, New Jersey Area, Notification of Proposed Production Activity, Western Carriers, Inc., (Kitting of Liquor Gift Sets), North Bergen, NJ**

The Port Authority of New York and New Jersey, grantee of FTZ 49, submitted a notification of proposed production activity to the FTZ Board on behalf of Western Carriers, Inc. (WCI), located in North Bergen, New Jersey. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on January 13, 2014.

The WCI facility is located within Site 15 of FTZ 49. The facility is used for the production of liquor gift sets by WCI and its customers. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt WCI and its customers from customs duty payments on the foreign status components used in export production. On its domestic sales, WCI and its customers would be able to choose the duty rate during customs entry procedures that applies to finished whiskey, gin, or vodka gift sets (free) for the foreign status inputs noted below. Customs duties also could possibly be deferred or reduced on foreign status production equipment.

The components sourced from abroad include: glassware (drinking glasses); Irish/Scotch whiskey; gin; and, vodka (duty rate ranges from free to 22.5%).

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board's Executive

Secretary at the address below. The closing period for their receipt is March 10, 2014.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the "Reading Room" section of the FTZ Board's Web site, which is accessible via [www.trade.gov/ftz](http://www.trade.gov/ftz).

**Polyvinyl Alcohol From Taiwan: Notice of Court Decision Not in Harmony With Final Determination of Sales at Less Than Fair Value and Revocation of Antidumping Duty Order**

**AGENCY:** Enforcement and Compliance, formerly Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** On December 18, 2013, the United States Court of International Trade (the Court or CIT) sustained the Department of Commerce's (the Department) final results of the remand redetermination relating to the less than fair value investigation of polyvinyl alcohol (PVA) from Taiwan, in *Chang Chun Petrochemical Co. Ltd. v. United States*, Court No. 11-00095, Slip. Op. 13-151 (CIT 2013). Consistent with the decision of the United States Court of Appeals for the Federal Circuit (CAFC) in *Timken Co. v. United States*, 893 F.2d 337 (Fed. Cir. 1990) (*Timken*), as clarified by *Diamond Sawblades Mfrs. Coalition v. United States*, 626 F.3d 1374 (Fed. Cir. 2010) (*Diamond Sawblades*), the Department is notifying the public that the final CIT judgment in this case is not in harmony with the Department's *Final Determination* and is amending its *Final Determination* in the investigation of PVA from Taiwan covering the period of investigation (POI) of July 1, 2003, through June 30, 2004, with respect to the weighted-average dumping margin assigned to

Chang Chun Petrochemical Co. Ltd. (CCPC).<sup>1</sup>

**DATES:** Effective December 30, 2013.<sup>2</sup>

**SUPPLEMENTARY INFORMATION:**

**Background**

On February 1, 2011, the Department published the *Final Determination*.<sup>3</sup> On March 15, 2011, the Department published the antidumping duty order on PVA from Taiwan in the **Federal Register**.<sup>4</sup> Following a challenge by respondent CCPC, the CIT remanded the *Final Determination* to the Department for further consideration on April 10, 2013.<sup>5</sup> The CIT sustained the Department's remand redetermination in which the Department found that the only mandatory respondent did not make sales at less than fair value in *Chang Chun Petrochemical Co. Ltd. v. United States*, Court No. 11-00095, Slip. Op. 13-151 (CIT 2013).

Because there is now a final court decision in this case, the Department is amending its *Final Determination* with respect to CCPC's weighted-average dumping margin for the POI. The revised weighted-average dumping margin for CCPC is 0.00 percent.

**Revocation of the Order**

Pursuant to the Court of Appeals for the Federal Circuit's (Federal Circuit's) decision in *Diamond Sawblades* and the CIT's decision affirming the Department's remand redetermination, the Department is revoking the antidumping duty order on PVA from Taiwan because the revised weighted-average dumping margin for CCPC, the only mandatory respondent in the investigation, is now zero. As a result of this revocation, the Department will not
