ConocoPhillips Alaska Natural Gas Corporation; Application for Blanket Authorization To Export Liquefied Natural Gas to Non-Free Trade Agreement Countries on a Short-Term Basis

AGENCY: Office of Fossil Energy, DOE.

ACTION: Notice of application.

SUMMARY: The Office of Fossil Energy (FE) of the Department of Energy (DOE) gives notice of receipt of an application (Application) filed on December 11, 2013, by ConocoPhillips Alaska Natural Gas Corporation (CPANGC), requesting blanket authorization to export a quantity of liquefied natural gas ("LNG") in an amount up to the equivalent of 40 billion cubic feet ("Bcf") of natural gas on a cumulative basis over a two-year period. CPANGC seeks blanket authorization to export this volume of LNG from facilities located in the Cook Inlet near Kenai, Alaska, acting on its own behalf or as agent for others, to any country with which the United States does not have a free trade agreement requiring national treatment for trade in natural gas and with which trade is not prohibited by U.S. law or policy ("non-FTA countries"). CPANGC seeks such

authorization for a two-year period to commence on the date of issuance of the order granting the requested authorization.

The Application was filed under section 3 of the Natural Gas Act (NGA), 15 U.S.C. 717b.

SUPPLEMENTARY INFORMATION:

Background

CPANGC is a Delaware corporation with its principal place of business in Anchorage, Alaska. CPANGC is a wholly-owned subsidiary of ConocoPhillips Company ("ConocoPhillips"), a publicly-traded Delaware corporation. CPANGC is authorized to do business in the State of Alaska, among other states. CPANGC is the operator and indirect owner of existing natural gas liquefaction and marine terminal facilities located in the Cook Inlet near Kenai, Alaska ("Kenai LNG Facility").

CPANGC states in the Application that either itself or its predecessors have

exported LNG from the Kenai LNG Facility over a forty-five year period pursuant to several, sequential export authorizations granted by DOE/FE or its predecessor agencies. The more recent such authorizations have included DOE Order and Opinion No. 2500, issued June 3, 2008, which authorized CPANGC and Marathon Oil Company (co-owners of the Kenai LNG Facility at the time) to export up to 99 trillion British thermal units (TBtus) of LNG on a short-term or spot-market basis to Japan and/or one or more countries in the Pacific Rim over a two-year period commencing April 1, 2009, and terminating March 31, 2011. DOE/FE denied rehearing of Order No. 2500 in DOE Opinion and Order No. 2500-A, issued July 30, 2008.

Most recently, on October 5, 2010, DOE/FE issued Order No. 2860, which granted CPANGC and Marathon blanket authorization to export the balance of the 99 TBtus of LNG authorized for export in Order Nos. 2500 and 2500-A, which had not been exported by the expiration of that authorization on March 31, 2011. This most recent authorization to export LNG from the Kenai LNG Facility to Japan and/or one or more other countries in the Pacific Rim with which trading is not prohibited by U.S. law commenced on April 1, 2011, and expired on March 31, 2013.

CPANGC did not apply to extend its prior export authorizations beyond March 31, 2013. According to the Application, this was due to perceived uncertainties regarding the near-term adequacy of natural gas supplies in the Cook Inlet region for regional needs. CPANGC states, however, that the uncertainties have been removed and this change of circumstances justifies the instant Application.

Current Application

CPANGC seeks blanket authorization to export a quantity of LNG in an amount up to the equivalent of 40 Bcf of natural gas from the Kenai LNG Facility, acting on its own behalf or as agent for others, to any country with which the United States does not have a free trade agreement requiring national treatment for trade in natural gas and with which trade is not prohibited by U.S. law or policy. CPANGC is willing to comply with the agency requirements imposed by DOE/FE in a series of recent orders. CPANGC seeks such authorization for a two-year period to commence on the date of issuance of the order granting the requested authorization. CPANGC expects that LNG prices will vary from time to time to reflect changes in market conditions.
