NPRM Notice of Proposed Rulemaking

A. Regulatory History and Information

On November 18th, 2013, we published a NPRM entitled Special Local Regulations: Eleventh Coast Guard District Annual Marine Events, in the **Federal Register** (78 FR 69007). We received no comments on the NPRM, or a request for public meeting. A public meeting was not held.

B. Basis and Purpose

The Coast Guard is conducting this rulemaking under the authority of 33 U.S.C. 1233.

Specific marine events are annually held on a recurring basis on the navigable waters within the Eleventh Coast Guard District and require special local regulations to keep spectators and vessels a safe distance away from the vessels and individuals that are participating in the specified events. These events include sailing regattas, powerboat races, rowboat races, parades, and swim events. Some of these marine events are not currently listed in 33 CFR part 100, sections 1101, 1102 and 1104 or many of the annual events that are listed in these sections do not correctly reflect the date or approximate date of the event or do not correctly identify other important information specific to the event.

The effect of these special local regulations will be to restrict general navigation in the vicinity of the events, from the start of each event until the conclusion of that event. Except for persons or vessels authorized by the Coast Guard Patrol Commander, no

person or vessel may enter or remain in the regulated area. These regulations are needed to keep spectators and vessels a safe distance away from the specified events to help ensure the safety of participants, spectators, and transiting vessels.

C. Discussion of Comments, Changes and the Final Rule

We received no comments or request for a public meeting after publishing the NPRM for this rule. Therefore, no changes have been made to the regulatory text of this rule.

The Coast Guard is amending 33 CFR 100.1101, Southern California annual marine events for the San Diego Captain of the Port zone, by adding 12 new events and updating 1 event with correct verbiage. The 12 new events in this section are as follows: “ITU World Triathlon” occurring late April or early May at Bonita Cove and Ventura Cove in Mission Bay, San Diego; “Fearless Triathlon” occurring in March at the South Shores Boat Ramp in Mission Bay, San Diego; “Bay to Bay Rowing and Paddling Regatta” occurring in July from Mission Bay to San Diego Bay; “San Diego Sharkfest Swim” occurring one Saturday in September or October in the waters from Seaport Village across the federal channel to the Coronado Ferry Landing; “San Diego TriRock Triathlon” occurring on a Saturday in March in the East Embarcadero Marina Basin; “San Diego Bayfair” occurring the second or third weekend in September at Mission Bay, San Diego; “Oceanside Harbor Days Tiki Swim” occurring on one Saturday in late September or early October in Oceanside Harbor, Oceanside; “U.S. Open Ski Racing Nationals” occurring one weekend in October at Mission Bay, San Diego; “San Diego Maritime Museum Tall Ship Festival of Sail” occurring one weekend in September in San Diego Bay; “Hanohano Ocean Challenge” an outrigger canoe race occurring on a Saturday in January in Mission Bay, San Diego; “Crystal Pier Outrigger Race” an outrigger canoe race occurring in Mission Bay and Mission Bay Entrance Channel on a Saturday in May, Mission Bay, San Diego; and the “San Diego Ho’olaule’a & Keiki Heihei Wa’a Stand Up for the Kids Race” occurring on a weekend in May in Mission Bay, San Diego. We are also updating the information specific to the

“San Diego Parade of Lights” by inserting a new event sponsor, date, and regulated area.

The Coast Guard is amending 33 CFR 100.1102, annual marine events on the Colorado River, between Davis Dam (Bullhead City, AZ) and Headgate Dam (Parker, AZ) within the San Diego Captain of the Port zone, by adding 9 new events and updating 1 event with correct verbiage. The 9 new events in this section are as follows: “BlueWater Resort and Casino Southwest Showdown” occurring one weekend in March in the waters of the Colorado River between BlueWater Resort and Casino and just north of Headgate Rock Dam in Parker, AZ; “BlueWater Resort and Casino West Coast Nationals” occurring one weekend in April in the Lake Moovalya area of the Colorado River and the portion of the Colorado River adjacent to the BlueWater River Casino, in Parker, AZ; “Great Western Tube Float” occurring one Saturday in early June in the navigable waters of the Colorado River from La Paz County Park to the BlueWater Resort and Casino, immediately before the Headgate Dam; “Mark Hahn Memorial 300 PWC Endurance Race” occurring in late February at Lake Havasu; “Lake Havasu Triathlon” occurring in March at Lake Havasu; “Bullhead City River Regatta” occurring one Saturday in August in the Colorado River from Camp Davis to Rotary Park; “BlueWater Triathlon” occurring one Saturday in October in the waters of the Colorado River between Blue Water Resort and Casino Amphitheater and just north of Headgate Rock Dam in Parker, AZ; “BlueWater Resort and Casino 300 Enduro” occurring in late October at river mile markers 179 and 185 in the Colorado River; and “Another Dam Race” occurring one Saturday in November in the waters of the Colorado River between Blue Water Resort and Casino Amphitheater and just north of Headgate Rock Dam in Parker, AZ. We are also updating the information specific to the “Lake Havasu City Boat Parade of Lights” by inserting a new regulated area.

Lastly, the Coast Guard is reinstating 16 annually recurring marine events previously listed in 33 CFR 100.1104, Captain of the Port zone Los Angeles-Long Beach. The 16 marine events being reinstated were mistakenly deleted in 2011 and are not new events. By reinstating these 16 marine events, Table 1 of this section will accurately reflect the 17 annually recurring events that are held in the Captain of the Port zone Los Angeles-Long Beach.

These changes effectively update special local regulations with annually

occurring marine events in the Eleventh Coast Guard District. Table 1 for each of the listed sections will reflect current information. This rulemaking limits the unnecessary burden of continually establishing temporary special local regulations every year for events that occur on an annual basis. These events include swimming competitions, sailboat and power boat races and rowing events within the San Diego and Los Angeles-Long Beach Captain of the Port zones.

Regulated areas listed in these events are needed to protect both the event participants, spectators, and other mariners and provide on-water awareness for safety. To reduce associated safety risks, special local regulations restrict vessels and water craft around the location of each marine event. Within the regulated areas of the listed marine events, persons and vessels not associated with the event are prohibited from entering, transiting through, remaining, anchoring or mooring within the regulated area unless specifically authorized by the Captain of the Port (COTP) or designated representative. Persons or vessels will be able to request authorization to enter, transit through, remain, anchor or moor within the regulated areas by contacting the Captain of the Port for the respective location, COTP San Diego 619-278-7033 and COTP Los Angeles-Long Beach 310-521-3801 or designated representative on VHF radio channel 16. If any person is authorized to enter, transit through, remain, anchor or moor within any of the regulated areas, the individual is required to comply with the instructions of the COTP or designated representative.

Designated representatives are comprised of commissioned, warrant, and petty officers of the Coast Guard. The Coast Guard may also be assisted by other federal, state, and local agencies in the enforcement of these regulated areas.

D. Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on these statutes and executive orders.

1. Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of

potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders. We expect the economic impact of this rule to be so minimal that a full Regulatory Evaluation is unnecessary. This rule is not a significant regulatory action because the regulations exist for a limited period of time on a limited portion of the waterways. Further, individuals and vessels desiring to use the affected portion of the waterways may, upon permission from the Patrol Commander, use the affected areas.

2. Impact on Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601-612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard received no comments from the Small Business Administration on this rule. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

We expect this rule will affect the following entities, some of which may be small entities: the owners and operators of vessels intending to fish, transit, or anchor in the waters affected by these special local regulations. These special local regulations will not have a significant economic impact on a substantial number of small entities for the following reasons: small vessel traffic will be able to pass safely around the area and vessels engaged in event activities, sightseeing and commercial fishing have ample space outside of the area governed by the special local regulations to engage in these activities. Small entities and the maritime public will be advised of implementation of these special local regulations via public notice to mariners or notice of implementation published in the **Federal Register**.

3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Public Law 104-121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for

compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT**, above.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1-888-REG-FAIR (1-888-734-3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

4. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

5. Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that this rule does not have implications for federalism.

6. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

7. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531-1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

8. Taking of Private Property

This rule will not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

9. Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

10. Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and would not create an environmental risk to health or risk to safety that might disproportionately affect children.

11. Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

12. Energy Effects

This rule is not a "significant energy action" under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

13. Technical Standards

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

14. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023-01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321-4370f), and have concluded that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves updating the list of marine events that occur annually within the Eleventh Coast Guard District. These updates include adding specific marine events to

the list of marine events held annually in the Eleventh Coast Guard District as well as removing marine events that no longer occur. In addition to updating the list of marine events held annually in the Eleventh Coast Guard District, the Coast Guard is amending the special local regulations in 33 CFR 100, sections 1101, 1102 and 1104 by standardizing the language and format of listed events. When these special local regulations are activated, and thus subject to enforcement, this rule will restrict vessels from transiting inside the regulated area. This rule is categorically excluded from further review under paragraph 34(h) of Figure 2-1 of the Commandant Instruction. A preliminary environmental analysis checklist supporting this determination is available in the docket where indicated under **ADDRESSES**. We seek any comments or information that may lead to the discovery of a significant environmental impact from this rule.

[Docket Number USCG-2012-0365]

RIN 1625-AA00

Safety Zone; Alaska Marine Highway System Port Valdez Ferry Terminal, Port Valdez; Valdez, AK

AGENCY: Coast Guard, DHS.
ACTION: Final rule.

SUMMARY: The Coast Guard is establishing a permanent safety zone on the navigable waters of Port Valdez within a 200-yard radius of the Alaska Marine Highway System (AMHS) Port Valdez Ferry Terminal. The purpose of the safety zone is to restrict all vessels except AMHS vessels from entering within 200-yards of the AMHS Port Valdez Ferry Terminal whenever an AMHS ferry is underway within 200 yards of the terminal and there is a declared Commercial Salmon Fishery Opener. This safety zone is necessary to provide for the safety of life, property and the environment during periods of vessel traffic congestion during a declared Commercial Salmon Fishery Opener.

DATES: This rule is effective March 6, 2014.

 NPRM Notice of Proposed Rulemaking

A. Regulatory History and Information

On February 1, 2013, we published a notice of proposed rulemaking (NPRM) in the **Federal Register** (78 FR 7336). We received no comments on the proposed rule. No public meeting was requested and none was held.

B. Basis and Purpose

The legal basis for the rule is the Coast Guard's authority to establish limited access areas: 33 U.S.C. 1231; 46 U.S.C. Chapter 701, 3306, 3703; 50 U.S.C. 191, 195; 33 CFR 1.05-1, 6.04-1, 6.04-6, 160.5; Public Law 107-295, 116 Stat. 2064; Department of Homeland Security Delegation No. 0170.1.

A representative of the Alaska Marine Highway System requested that the Coast Guard establish a safety zone in the immediate vicinity of the AMHS Port Valdez Ferry Terminal whenever a Commercial Salmon Fishery Opener is declared, because of previous incidents of near collisions in the vicinity of the ferry terminal between AMHS ferry vessels and commercial fishing vessels. During Commercial Salmon Fishery Openers, increased vessel traffic in the vicinity of the AMHS Port Valdez Ferry Terminal adds additional congestion to the waterways and is a cause for navigational safety concerns, especially when the commercial fleet is active along the shoreline adjacent to the AMHS Port Valdez Ferry Terminal.

The Coast Guard began issuing temporary final rules to establish temporary safety zones during Commercial Salmon Fishery Openers in 2010. Because Commercial Salmon

Fishery Openers are not announced until the night before the opener, these temporary final rules were issued late in the evening or at night (becoming effective the following morning) leaving very little time to disseminate news of the safety zone to affected waterway users.

Given that, the Coast Guard proposed to establish a permanent safety zone to restrict non-AMHS vessels from entering within a 200-yard radius of the AMHS Port Valdez Ferry Terminal whenever an AMHS ferry is underway within a 200-yard radius of the AMHS Terminal and there is a declared Commercial Salmon Fishery Opener that includes the navigable waters within 200 yards of the terminal.

C. Discussion of Comments, Changes and the Final Rule

No comments were received. No changes were made to the regulatory text as published in the NPRM.

D. Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on these statutes and executive orders.

1. Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders. The Coast Guard enforcement of this safety zone will be of short duration. The safety zone will be enforced for a limited amount of time, only when there is a declared Commercial Salmon Fishery Opener and there is an AMHS ferry underway within 200 yards of the AMHS Port Valdez Ferry Terminal. Vessels will be able to navigate around the safety zone. Furthermore, vessels may be authorized to transit through the safety zone with the permission of the COTP.
