SUPPLEMENTARY INFORMATION:**Authority**

This Determination of No Competitive Interest (DNCI) is published pursuant to subsection 8(p)(3) of the OCS Lands Act (43 U.S.C. 1337(p)(3)), and the implementing regulations at 30 CFR Part 585. Subsection 8(p)(3) of the OCS Lands Act requires that OCS renewable energy leases, easements, and rights-of-way be issued “on a competitive basis unless the Secretary [of the Interior] determines after public notice of a proposed lease, easement, or right-of-way (ROW) that there is no competitive interest.” The Secretary delegated the authority to make such determinations to BOEM.

Determination and Next Steps

This DNCI provides notice to the public that BOEM has determined there is no competitive interest in the proposed lease area, as no indications of competitive interest were submitted in response to the RFI.

In the RFI, BOEM also solicited public input regarding the area described in the

notice, the potential environmental consequences of wind energy development in the area, and multiple uses of the area. In response to the RFI, BOEM received public comment submissions from 18 entities. BOEM will use the comments it received to inform its subsequent decisions. After publication of this DNCI, BOEM will proceed with the noncompetitive lease issuance process outlined at 30 CFR 585.231.
