Certain Hot-Rolled Carbon Steel Flat Products From India, Indonesia, the People's Republic of China, Taiwan, Thailand, and Ukraine: Continuation of Antidumping and Countervailing Duty Orders

AGENCY: Enforcement and Compliance, formerly Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) has determined that revocation of the antidumping duty orders on certain hot-rolled carbon steel flat products from India, Indonesia, the People's Republic of China (PRC), Taiwan, Thailand, and Ukraine would likely lead to continuation or recurrence of dumping, and that revocation of the countervailing duty orders on certain hot-rolled carbon steel flat products from India, Indonesia, and Thailand would likely lead to continuation or recurrence of a countervailable subsidy. The U.S. International Trade Commission (USITC) has also determined that revocation of these AD and CVD orders would likely lead to a continuation or recurrence of material injury to an industry in the United States. Therefore, the Department is publishing a notice of continuation of these antidumping and countervailing duty orders.

DATES: *Effective Date:* February 7, 2014.

SUPPLEMENTARY INFORMATION:

Background

On November 5, 2012, the Department initiated the second five-year ("sunset") reviews of the antidumping duty orders on certain hot-rolled carbon steel flat products from India, Indonesia, the PRC, Taiwan, Thailand, and Ukraine and the second sunset reviews of the countervailing duty orders on certain hot-rolled carbon steel flat products from India, Indonesia, and Thailand, pursuant to section 751(c) and 752 of

the Tariff Act of 1930, as amended (the Act).¹ As a result of its reviews, the Department found that revocation of these antidumping duty orders would likely lead to continuation or recurrence of dumping and that revocation of these countervailing duty orders would likely lead to continuation or recurrence of countervailable subsidies, and notified the USITC of the magnitude of the margins of dumping and the subsidy rates likely to prevail should the orders be revoked.²

On January 22, 2014, the USITC published its determination, pursuant to section 751(c)(1) and section 752(a) of the Act, that revocation of the antidumping duty orders on certain hot-rolled carbon steel flat products from India, Indonesia, the PRC, Taiwan, Thailand, and Ukraine and the countervailing duty orders on certain hot-rolled carbon steel flat products from India, Indonesia, and Thailand would likely lead to a continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.³

Scope of the Orders

The products covered by the antidumping and countervailing duty orders are certain hot-rolled carbon steel flat products of a rectangular shape, of a width of 0.5 inch or greater, neither clad, plated, nor coated with metal and whether or not painted, varnished, or coated with plastics or other non-metallic substances, in coils (whether or not in successively superimposed layers), regardless of thickness, and in straight lengths of a thickness of less than 4.75 mm and of a width measuring at least 10 times the thickness.
