I. Introduction

On December 13, 2013, The NASDAQ Stock Market LLC ("Nasdaq" or the "Exchange") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act" or "Exchange Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to list and trade the shares ("Shares") of the AdvisorShares YieldPro ETF (the "Fund") under Nasdaq Rule 5735. ⁴ In Amendment No. 1, Nasdaq amended the proposed rule change to clarify that certain requirements, discussed in note 7 and accompanying text, *infra*, are applicable to the Sub-Adviser as well as the Adviser, and to clarify through the deletion of certain text that the Fund does not intend to invest in non-listed American Depositary Receipts ("ADRs"), swaps, or over-the-counter equity securities.

AdvisorShares Investments, LLC will be the investment adviser ("Adviser") to the Fund. The Elements Financial Group, LLC will be the investment sub-adviser ("Sub-Adviser") to the Fund. Foreside Fund Services, LLC ("Distributor") will be the principal underwriter and distributor of the Fund's Shares. The Bank of New York Mellon will act as the administrator, accounting agent, custodian and transfer agent to the Fund.

The Exchange represents that the Adviser and Sub-Adviser are neither a broker-dealer nor affiliated with a broker-dealer.⁷ The Exchange also represents that the Shares will be subject to Nasdaq Rule 5735, which sets forth the initial and continued listing criteria applicable to Managed Fund Shares⁸ and that for initial and continued listing, the Fund must be in compliance with Rule 10A-3 under the Act.⁹ The Exchange has made the following additional representations and statements in describing the Fund and its investment strategy, including portfolio holdings and investment restrictions.

Principal Investments

According to the Exchange, the Fund's investment objective will be to provide current income and capital appreciation. The Fund will be an actively managed exchange traded fund ("ETF") that is a "fund of funds" seeking to achieve its investment objective by primarily investing in both long and short positions in other

affiliated and unaffiliated ETFs¹⁰ that offer diversified exposure to fixed income and other income producing securities. The Fund's investments may, at various times, include bonds and instruments issued by the U.S. government,¹¹ U.S. investment grade corporate debt, high yield bonds, municipal bonds, and mortgage-backed securities. The Fund will not invest in residential-mortgage backed securities or other asset-backed securities. The Fund may also invest in equity, inverse or other types of ETFs to supplement its fixed income ETF positions. The Fund intends to invest the majority of its assets in investments that provide a competitive yield on a risk-adjusted basis. The Fund will also allocate its investments to instruments which provide little or no yield for diversification or risk management purposes.

In seeking to achieve its investment objective, the Fund may also invest directly in U.S.-traded fixed income and equity securities, certain derivatives described below, namely options, futures, and structured notes; and other exchange-traded products ("ETPs").

The Fund may trade put and call options on securities, securities indices and currencies. The Fund may purchase put and call options on securities to protect against a decline in the market value of the securities in its portfolio or to anticipate an increase in the market value of securities that the Fund may seek to purchase in the future. The Fund may write covered call options on securities as a means of increasing the yield on its assets and as a means of providing limited protection against

decreases in its market value. The Fund may purchase and write options on an exchange or over-the-counter.

The Fund may buy and sell futures contracts. The Fund will only enter into futures contracts that are traded on a national futures exchange regulated by the Commodities Futures Trading Commission ("CFTC").¹² The Fund may use futures contracts and related options for bona fide hedging; attempting to offset changes in the value of securities held or expected to be acquired or be disposed of; attempting to gain exposure to a particular market, index or instrument; or other risk management purposes. The Fund may buy and sell index futures contracts with respect to any index that is traded on a recognized exchange or board of trade.

The Fund may invest in structured notes, which are debt obligations that also contain an embedded derivative component with characteristics that adjust the obligation's risk/return profile. Generally, the performance of a structured note will track that of the underlying debt obligation and the derivative embedded within it. The Fund has the right to receive periodic interest payments from the issuer of the structured notes at an agreed-upon interest rate and a return of the principal at the maturity date.

On a day-to-day basis, the Fund may hold money market instruments,¹³ cash,

other cash equivalents, and ETPs that invest in these and other highly liquid instruments to collateralize its derivative or short positions.

Other Investments

The Fund may invest in certificates of deposit issued against funds deposited in a bank or savings and loan association. In addition, the Fund may invest in bankers' acceptances, which are short-term credit instruments used to finance commercial transactions.

The Fund also may invest in fixed time deposits, which are bank obligations payable at a stated maturity date and bearing interest at a fixed rate. Additionally, the Fund may invest in commercial paper, which are short-term unsecured promissory notes. The Fund may invest in commercial paper rated A-1 or A-2 by Standard and Poor's Rating Services or Prime-1 or Prime-2 by Moody's Investors Service, Inc. or, if unrated, judged by the Adviser to be of comparable quality. Together, these Other Investments will make up less than 20% of the Fund assets under normal circumstances.

Investment Restrictions

The Fund may not invest more than 25% of the value of its total assets in securities of issuers in any one industry or group of industries. This restriction will not apply to obligations issued or guaranteed by the U.S. government, its agencies or instrumentalities, or securities of other investment companies.

The Fund will not purchase securities of open-end or closed-end investment companies except in compliance with the 1940 Act.

The Fund may hold up to an aggregate amount of 15% of its net assets in illiquid assets (calculated at the time of investment). The Fund will monitor its portfolio liquidity on an ongoing basis to determine whether, in light of current circumstances, an adequate level of liquidity is being maintained, and will consider taking appropriate steps in order to maintain adequate liquidity if, through a change in values, net assets, or other circumstances, more than 15% of the Fund's net assets are held in illiquid assets. Illiquid assets include securities subject to contractual or other restrictions on resale and other instruments that lack readily available markets as determined in accordance with Commission staff guidance.

Additional information regarding the Trust, Fund, and Shares, including

matter, according to the Registration Statement, the Fund may invest in shares of money market mutual funds to the extent permitted by the 1940 Act.

¹⁰ As described in the Registration Statement, an ETF is an investment company registered under the 1940 Act that holds a portfolio of securities. Many ETFs are designed to track the performance of a securities index, including industry, sector, country and region indexes. ETFs included in the Fund will be listed and traded in the U.S. on registered exchanges. The Fund may invest in the securities of ETFs in excess of the limits imposed under the 1940 Act pursuant to exemptive orders obtained by other ETFs and their sponsors from the Commission. The ETFs in which the Fund may invest include Index Fund Shares (as described in Nasdaq Rule 5705), Portfolio Depositary Receipts (as described in Nasdaq Rule 5705), and Managed Fund Shares (as described in Nasdaq Rule 5735). While the Fund may invest in inverse ETFs, the Fund will not invest in leveraged or inverse leveraged (e.g., 2X or -3X) ETFs.

¹¹ Such securities will include securities that are issued or guaranteed by the U.S. Treasury, by various agencies of the U.S. government, or by various instrumentalities, which have been established or sponsored by the U.S. government. U.S. Treasury obligations are backed by the "full faith and credit" of the U.S. government. Securities issued or guaranteed by federal agencies and U.S. government-sponsored instrumentalities may or may not be backed by the full faith and credit of the U.S. government.

¹² To the extent the Fund invests in futures, options on futures or other instruments subject to regulation by the CFTC, it will do so in reliance on and in compliance with CFTC regulations in effect from time to time and in accordance with the Fund's policies. The Trust, on behalf of certain of its series, has filed a notice of eligibility for exclusion from the definition of the term "commodity pool operator" in accordance with CFTC Regulation 4.5. Therefore, neither the Trust nor the Fund is deemed to be a "commodity pool" or "commodity pool operator" with respect to the Fund under the Commodity Exchange Act ("CEA"), and they are not subject to registration or regulation as such under the CEA. In addition, as of the date of this filing, the Adviser is not deemed to be a "commodity pool operator" or "commodity trading adviser" with respect to the advisory services it provides to the Fund. The CFTC recently adopted amendments to CFTC Regulation 4.5 and has proposed additional regulatory requirements that may affect the extent to which the Fund invests in instruments that are subject to regulation by the CFTC and impose additional regulatory obligations on the Fund and the Adviser. The Fund reserves the right to engage in transactions involving futures and options thereon to the extent allowed by CFTC regulations in effect from time to time and in accordance with the Fund's policies.

¹³ For the Fund's purposes, money market instruments will include: Short-term, high-quality securities issued or guaranteed by U.S. governments, agencies and instrumentalities; non-convertible corporate debt securities with remaining maturities of not more than 397 days that satisfy ratings requirements under Rule 2a-7 of the 1940 Act; money market mutual funds; and deposits and other obligations of U.S. and non-U.S. banks and financial institutions. As a related

investment strategies, risks, creation and redemption procedures, fees, portfolio holdings, disclosure policies, distributions and taxes, calculation of net asset value per share ("NAV"), availability of information, trading rules and halts, and surveillance procedures, among other things, can be found in the Notice or the Registration Statement, as applicable.¹⁴

III. Discussion and Commission Findings

After careful review, the Commission finds that the proposed rule change, as modified by Amendment Nos. 1 and 2, is consistent with the requirements of Section 6 of the Act¹⁵ and the rules and regulations thereunder applicable to a national securities exchange.¹⁶ In particular, the Commission finds that the proposed rule change is consistent with the requirements of Section 6(b)(5) of the Act,¹⁷ which requires, among other things, that the Exchange's rules be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. The Commission notes that the Fund and the Shares must comply with the requirements of Nasdaq Rule 5735 to be listed and traded on the Exchange.

The Commission finds that the proposal to list and trade the Shares on the Exchange is consistent with Section 11A(a)(1)(C)(iii) of the Act,¹⁸ which sets forth Congress' finding that it is in the public interest and appropriate for the protection of investors and the maintenance of fair and orderly markets to assure the availability to brokers, dealers, and investors of information with respect to quotations for, and transactions in, securities. Quotation and last-sale information for the Shares will be available via Nasdaq proprietary quote and trade services, as well as in accordance with the Unlisted Trading Privileges and the Consolidated Tape Association plans for the Shares and any underlying exchange-traded

products.¹⁹ In addition, the Intraday Indicative Value (as defined in Nasdaq Rule 5735(c)(3)) will be based upon the current value of the components of the Disclosed Portfolio (as defined in Nasdaq Rule 5735(c)(2)), will be available on the NASDAQ OMX Information LLC proprietary index data service,²⁰ and will be updated and widely disseminated and broadly displayed at least every 15 seconds during the Regular Market Session.²¹ On each business day, before commencement of trading in Shares in the Regular Market Session on the Exchange, the Fund will disclose on its Web site the Disclosed Portfolio, which will form the basis for the Fund's calculation of NAV at the end of the business day.²² The NAV of the Fund will be determined once each business day, normally as of the close of trading on the New York Stock Exchange (normally 4:00 p.m. Eastern time).²³ Information regarding market price and volume of the Shares will be continually available on a real-time basis throughout the day on brokers' computer screens and other electronic services.²⁴ Information regarding the previous day's closing price and trading volume information for the Shares will be published daily in the financial section of newspapers.²⁵ Intra-day, executable price quotations for the securities and other assets held by the Fund will be available from major broker-dealer firms or on the exchange on which they are traded, as applicable.²⁶ Intra-day price information will also be available through subscription services, such as Bloomberg, Markit, and Thomson Reuters, which can be accessed by authorized participants and other investors.²⁷ The Fund's Web site will include a form of the prospectus for the Fund and additional data relating to NAV and other applicable quantitative information.²⁸

The Commission further believes that the proposal to list and trade the Shares is reasonably designed to promote fair disclosure of information that may be necessary to price the Shares

appropriately and to prevent trading when a reasonable degree of transparency cannot be assured. The Commission notes that the Exchange will obtain a representation from the issuer of the Shares that the NAV will be calculated daily and that the NAV and the Disclosed Portfolio will be made available to all market participants at the same time.²⁹ Further, trading in the Shares will be subject to Nasdaq 5735(d)(2)(D), which sets forth circumstances under which trading in the Shares may be halted.³⁰ The Exchange may halt trading in the Shares if trading is not occurring in the securities or the financial instruments constituting the Disclosed Portfolio or if other unusual conditions or circumstances detrimental to the maintenance of a fair and orderly market are present.³¹ Further, the Commission notes that the Reporting Authority that provides the Disclosed Portfolio must implement and maintain, or be subject to, procedures designed to prevent the use and dissemination of material, non-public information regarding the actual components of the portfolio.³² The Exchange states that it has a general policy prohibiting the distribution of material, non-public information by its employees.³³ The Exchange also states that neither the Adviser nor Sub-Adviser is a broker-dealer and that in the event (a) the Adviser or Sub-Adviser becomes, or becomes newly affiliated with a broker-dealer or registers as a broker-dealer, or (b) any new adviser or sub-adviser is a registered broker-dealer or becomes affiliated with a broker-dealer, it will implement a fire wall with respect to its relevant personnel and/or such broker-dealer affiliate regarding access to information concerning the composition of or changes to the portfolio and will be subject to procedures designed to prevent the use and dissemination of material, non-public information regarding the portfolio.³⁴

Nasdaq will halt or pause trading in the Shares under the conditions specified in Nasdaq Rules 4120 and 4121, including the trading pauses under Nasdaq Rules 4120(a)(11) and (12). Trading also may be halted because of market conditions or for reasons that, in the view of the Exchange, make trading in the Shares inadvisable. See Notice, *supra* note 3, 79 FR at 0177.

In support of this proposal, the Exchange has made representations, including:

(1) The Exchange deems the Shares to be equity securities, thus rendering trading in the Shares subject to the Exchange's existing rules governing the trading of equity securities.

(2) The Shares will be subject to Rule 5735, which sets forth the initial and continued listing criteria applicable to Managed Fund Shares.

(3) The Exchange has appropriate rules to facilitate transactions in the Shares during all trading sessions.

(4) Prior to the commencement of trading, the Exchange will inform its members in an Information Circular of the special characteristics and risks associated with trading the Shares. Specifically, the Information Circular will discuss the following: (a) The procedures for purchases and redemptions of Shares in Creation Units (and that Shares are not individually redeemable); (b) Nasdaq Rule 2111A, which imposes suitability obligations on Nasdaq members with respect to recommending transactions in the Shares to customers; (c) how information regarding the Intraday Indicative Value is disseminated; (d) the risks involved in trading the Shares during the Pre-Market and Post-Market Sessions when an updated Intraday Indicative Value will not be calculated or publicly disseminated; (e) the requirement that members deliver a prospectus to investors purchasing newly issued Shares prior to or concurrently with the confirmation of a transaction; and (f) trading information.

(5) Trading in the Shares will be subject to the existing trading surveillances, administered by both Nasdaq and the Financial Industry Regulatory Authority ("FINRA") on behalf of the Exchange, which are designed to detect violations of Exchange rules and applicable federal securities laws, and these procedures are adequate to properly monitor Exchange trading of the Shares in all trading sessions and to deter and detect violations of Exchange rules and applicable federal securities laws.

(6) FINRA, on behalf of the Exchange, will communicate as needed regarding trading in the Shares and other exchange-traded securities and instruments held by the Fund with other markets and other entities that are members of the Intermarket Surveillance Group ("ISG")³⁵ and

FINRA may obtain trading information regarding trading in the Shares and exchange-traded securities and instruments held by the Fund from such markets and other entities. In addition, the Exchange may obtain information regarding trading in the Shares and exchange-traded securities and instruments held by the Fund from markets and other entities that are members of ISG, which includes securities and futures exchanges, or with which the Exchange has in place a comprehensive surveillance sharing agreement. Such securities and instruments will compose at least 90% of the Fund's assets at all times.

(7) For initial and continued listing, the Fund must be in compliance with Rule 10A-3 under the Exchange Act.³⁶

(8) A minimum of 100,000 Shares will be outstanding at the commencement of trading on the Exchange.

(9) The Fund may hold up to an aggregate amount of 15% of its net assets in illiquid assets (calculated at the time of investment); will monitor its portfolio liquidity on an ongoing basis to determine whether, in light of current circumstances, an adequate level of liquidity is being maintained; and will consider taking appropriate steps in order to maintain adequate liquidity if, through a change in values, net assets, or other circumstances, more than 15% of the Fund's net assets are held in illiquid assets.

(10) The Fund will not invest in swaps.

(11) The Fund will not invest in leveraged or inverse leveraged ETFs.

(12) The Fund's investments will be consistent with the Fund's investment objective.

This approval order is based on all of the Exchange's representations and description of the Fund, including those set forth above and in the Notice.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–71520; File No. SR–Phlx–2014–09]

Self-Regulatory Organizations; NASDAQ OMX PHLX LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Amend the Exchange's Pricing Schedule under Section VIII with Respect to Execution and Routing of Orders in Securities Priced at \$1 or More Per Share

February 11, 2014.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b–4 thereunder,² notice is hereby given that on January 31, 2014, NASDAQ OMX PHLX LLC (“Phlx” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange proposes to amend the Exchange's Pricing Schedule under Section VIII, entitled “NASDAQ OMX PSX FEES,” with respect to execution and routing of orders in securities priced at \$1 or more per share.

While the changes proposed herein are effective upon filing, the Exchange has designated that the amendments be operative on February 3, 2014.

The text of the proposed rule change is available on the Exchange's Web site at <http://nasdaqomxphlx.cchwallstreet.com/>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to amend the [sic] certain fees and credits for order execution and routing applicable to the use of the order execution and routing services of the NASDAQ OMX PSX System by member organizations for all securities traded at \$1 or more per share. Specifically, the Exchange is proposing to amend fees and credits provided for the routing of orders in all securities.

Currently, for PSTG, PSCN, PTFY, PCRT or XCST orders that execute at NASDAQ OMX BX (“BX”) the Exchange provides a credit of \$0.0011 per share to the member organization. The Exchange proposes to no longer offer this credit.

Additionally, the Exchange currently charges a member organization entering a PMOP order that executes at the New York Stock Exchange (“NYSE”) \$0.0030 per share. The Exchange is proposing to increase the charge assessed for such orders executed at NYSE to \$0.0035 per share.

The Exchange also currently charges a member organization \$0.0005 per share for entering a PTFY order that executes in a venue other than the NASDAQ OMX PSX (“PSX”, NYSE, The Nasdaq Stock Market LLC (“Nasdaq”) or BX. The Exchange is proposing to increase the charge assessed for such orders to \$0.0007 per share.

Finally, the Exchange will institute a \$0.0007 per share charge for XCST and XDRK orders for shares executed at a venue other than BX. Currently, there is no charge for either XCST or XDRK.

2. Statutory Basis

The Exchange believes that its proposal to amend its Pricing Schedule is consistent with Section 6(b) of the Act³ in general, and furthers the objectives of Section 6(b)(4) and (b)(5) of the Act⁴ in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and other persons using its facilities, and is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers. The proposed changes are reasonable because they reflect a modest decrease in the credits provided in the execution of certain orders and a modest increase in the fees assessed for others, which will allow the Exchange to reduce costs and increase revenue.

The Exchange is proposing modest increase of only \$0.0002 per share, from \$0.000t [sic] to \$0.0007 per share, for a member organization entering a PTFY order that executes in a venue other than the PSX, NYSE, NASDAQ or BX. The Exchange proposes the same \$0.0007 per share charge for a member organization entering a XCST or XDRK order that executes in a venue other than the PSX, NYSE, NASDAQ or BX. Currently, there is no charge for such XCST and XDRK orders. These changes are consistent with an equitable allocation of fees and not unfairly discriminatory because it [sic] will eliminate an existing disparity between the fees charged for a PTFY, XCST and XDRK orders that execute in a venue other than the PSX, NYSE, NASDAQ or BX, thereby making the applicable fees consistent. In addition, the change is equitable and not unfairly discriminatory because it affects these similarly situated member organizations in the same way.

The Exchange is proposing a similarly modest increase of only \$0.0005 per share, from \$0.0030 to \$0.0035 per share, for a member organization entering a PMOP order that executes in [sic] the NYSE. This change is consistent with an equitable allocation of fees and not unfairly discriminatory because it will eliminate an existing disparity between the fees charged for a PTFY order executed at NYSE with PMOP orders executed at venues other than NYSE, thereby making the applicable fees consistent.
