k. *Description of Proceeding:* The licensee is in violation of Article 16 of its license, which was granted June 8, 1993 (63 FERC ¶ 62,243). Article 16 states in part: If the Licensee shall abandon or discontinue good faith operation of the project or refuse or neglect to comply with the terms of the license and the lawful orders of the Commission, the Commission will deem it to be the intent of the Licensee to surrender the license.

Commission records indicate that the project stopped operating in July 2005. Since that time, the licensee has attempted to sell the project and/or acquire a favorable rate contract to determine if it is economically feasible to generate power at the project. On December 5, 2013, staff sent the licensee a letter requiring either an application to surrender the project or a plan and schedule to restore operation. On February 6, 2014, the licensee filed a response indicating its desire to surrender the project. The filing did not meet the requirements of a surrender application.

EPA values and welcomes diversity. In an effort to obtain a diverse pool of candidates, EPA encourages nominations of women and men of all racial and ethnic groups. Background Information: The Environmental Financial Advisory Board was chartered in 1989 under the Federal Advisory Committee Act to provide advice and recommendations to EPA on the following issues:

- Creating incentives to increase private investment in the provision of environmental services and removing or reducing constraints on private involvement imposed by current regulations;
- Developing new and innovative environmental financing approaches and supporting and encouraging the use of cost-effective existing approaches;
- Identifying approaches specifically targeted to small/disadvantaged community financing;
- Increasing the capacity of state and local governments to carry out their respective environmental programs under current Federal tax laws;
- Analyzing how new technologies can be brought to market expeditiously;
- Increasing the total investment in environmental protection of public, and private environmental resources to help ease the environmental financing challenge facing our nations.

The Board meets two times each calendar year (two days per meeting) at different locations within the continental United States. Board members typically contribute approximately 1–3 hours per month to the Board's work. The Board's membership services are voluntary and the Agency is unable to provide honoraria or compensation, according to FACA guidelines. However, Board members may receive travel and per diem allowances, where appropriate, and in accordance with Federal Travel Regulations for invitational travelers.

Evaluation Criteria: The following criteria will be used to evaluate nominees:
