

were collected on forms, associated with this OMB Control Number: IA 7701—Narrative Report, IA 7702—Statistical Report, IA 7703—Financial Report, and IA 7703A—Tribal Temporary Assistance for Needy Families (TANF) Financial Report. This revision reduces the number of forms to two: Narrative and Statistical Report and Financial Expenditure Report. The previous TANF Financial Report and Financial Report have been combined to create the Financial Expenditure Report, allowing tribes to complete and submit the information on one form. Revisions were made to the Narrative Report Instructions and Statistical Report and Instructions to provide clear guidance for completion. These revisions are the result of input by a Federal and Tribal workgroup (“477 Workgroup”).

Contract Support Costs

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Notice of tribal consultation.

SUMMARY: The Assistant Secretary—Indian Affairs, in conjunction with the Acting Director, Indian Health Service (IHS), will conduct a consultation session with Indian tribes to work together to identify long-term solutions concerning contract support costs (CSC) as it relates to the Fiscal Year (FY) 2014 Consolidated Appropriations Act.

DATES: The listening session will be held on March 11, 2014, from 9:00 a.m.

to noon. Written comments must be received April 22, 2014.

ADDRESSES: See the **SUPPLEMENTARY INFORMATION** section of this notice for the location of the tribal consultation session. Submit comments by email to: consultation@bia.gov or by U.S. mail to: Office of the Assistant Secretary—Indian Affairs, U.S. Department of the Interior, attn: Sequoyah Simermeyer, Mail Stop 3071 MIB, 1849 C Street NW., Washington, DC 20240.

FOR FURTHER INFORMATION CONTACT: Sequoyah Simermeyer, Deputy Chief of Staff, Office of the Assistant Secretary—Indian Affairs, (202) 208–7163.

SUPPLEMENTARY INFORMATION: The Assistant Secretary—Indian Affairs, in conjunction with the Acting Director, IHS, will conduct a consultation session on Contract Support Costs (CSC) as part of the National Congress of American Indians Executive Winter Session, Westin Washington DC City Center—Monticello Ballroom, 1400 M Street NW., Washington, DC, from 9:00 a.m. to noon, on Tuesday, March 11, 2014.

The FY 2014 Consolidated Appropriations Act includes funding to implement the Indian Self-Determination and Education Assistance Act of 1975 for both the Bureau of Indian Affairs (BIA) and the IHS. The Act does not specify a limit on the amount of such funds available in FY 2014 for the payment of CSC, nor does it include the proposal put forth in the Administration’s FY 2014 budget request that would place a cap on the CSC amounts available for each tribal contract or compact. Instead, as set forth in the Joint Explanatory Statement accompanying the Act, Congress “remanded back to the agencies to resolve” the determination of CSC amounts to be paid from within the FY 2014 appropriation.

Congress further directed the BIA and the IHS to consult with the tribes and work with the House and Senate committees of jurisdiction, the Office of Management and Budget, and the Committees on Appropriations to formulate long-term accounting, budget, and legislative strategies that will yield solutions going forward. Congress indicated that the BIA and the IHS should consider a standardized approach that streamlines the contract negotiation process, provides consistent and clear cost categories, and ensures efficient and timely cost documentation for the agencies and the Tribes. A work plan is due to Congress on May 17, 2014 (120 days from enactment of the appropriations bill) for both the BIA and the IHS, and this consultation will help

inform the development of the work plan.

Dated: February 14, 2014.

Kevin K. Washburn,

Assistant Secretary—Indian Affairs.

Final Environmental Impact Statement for Proposed Strategies To Benefit Native Species by Reducing the Abundance of Lake Trout in Flathead Lake, Montana

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Notice of availability.

SUMMARY: This notice advises the public that the Bureau of Indian Affairs (BIA) as lead agency, with the Confederated Salish and Kootenai Tribes (CSKT) as a cooperating agency, intends to file a final environmental impact statement (FEIS) with the Environmental Protection Agency (EPA) for the CSKT proposed management action on Flathead Lake, Montana to benefit native trout by reducing the abundance of lake trout. The notice also announces that the FEIS is now available for public review.

DATES: Any decision on the proposed action will be issued on or after 30 days from the date the EPA publishes its Notice of Availability in the **Federal Register**. Any comments on the FEIS must arrive on or before that date.

ADDRESSES: Mail or hand carry written comments to Les Evarts, CSKT Fisheries Program Manager, P.O. Box 278, Pablo, MT 59855. See **SUPPLEMENTARY INFORMATION** for directions on submitting comments and the public availability of the FEIS.

FOR FURTHER INFORMATION CONTACT: Barry Hansen (406) 883–2888.

SUPPLEMENTARY INFORMATION: The BIA and CSKT prepared the FEIS to address the potential environmental effects that increasing the harvest of lake trout in Flathead Lake would have on the biology, fishing opportunity and economy of the area.

The proposed project aims to increase harvest of lake trout beyond the status quo level by authorizing the use of additional harvest tools, including bounties, trapnetting and gillnetting to achieve the goals of the Flathead Lake

and River Fisheries Co-Management Plan.

Environmental issues addressed in the FEIS include biological resources (lake trout, bull trout, westslope cutthroat trout, lake whitefish, yellow perch, Mysis and algae); fishing opportunity; and fishing economy. Alternative A is the No Action alternative or status quo, and includes general harvest and fishing contests to achieve a reduction in lake trout abundance. The action alternatives increase the harvest tools to include bounties, commercial fishing, trapnetting and gillnetting, and set specific harvest targets. Alternative B identifies a 25 percent reduction of Age 8 and greater lake trout with a harvest target of 84,000 fish, Alternative C identifies a 50 percent reduction of Age 8 and greater lake trout with a harvest target of 113,000 fish, and Alternative D identifies a 75 percent reduction of Age 8 and greater lake trout with a harvest target of 143,000 fish.

The BIA and CSKT have afforded other government agencies and the public extensive opportunity to participate in the preparation of this EIS. The CSKT held three public scoping meetings in April 2010 in the Polson, Kalispell and Missoula to initiate an Environmental Assessment (EA). During development of the EA, the decision was made to shift to an EIS and a Notice of Intent to prepare the EIS for the proposed action was published in the **Federal Register** on June 5, 2012 (77 FR 33230). The Notice of Availability for the draft EIS was published in the **Federal Register** on June 21, 2013 (78 FR 37568). The draft EIS was available for public comment from June 21, 2013 to August 5, 2013. The CSKT held a public hearing on the draft EIS on August 1, 2013, in Pablo, Montana.

Locations where the FEIS is Available for Review: The FEIS is available for public review at the Tribal Fisheries Office, 408 6th Ave. East, Polson, Montana, and an electronic version of the FEIS can also be viewed at the following Web sites: <http://www.mackdays.com> and at www.flatheadlakeeis.net.
