

DATES: This deviation is effective from 7 a.m. on March 19, 2014 to 7 p.m. on April 15, 2014.

ADDRESSES: The docket for this deviation, [USCG–2014–0059] is available at <http://www.regulations.gov>. Type the docket number in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this deviation. You may also visit the Docket Management Facility in Room W12–140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions on this temporary deviation, call or email Mr. Steven Fischer, Bridge Administrator, Coast Guard Thirteenth District; telephone 206–220–7282, email steven.m.fischer3@uscg.mil. If you have questions on viewing the docket, call Cheryl Collins, Program Manager, Docket Operations, telephone 202–366–9826.

SUPPLEMENTARY INFORMATION: Burlington Northern Santa Fe (BNSF) Railway requested this deviation to facilitate replacement of the frayed counterweight wire ropes for the lift mechanism of the bridge. The bridge, also known as the St. Johns RR Bridge, crosses the Willamette River at mile 6.9 and provides 54 feet of vertical clearance above Columbia River Datum 0.0, while in the closed position. Under normal operations this bridge opens on signal as required by 33 CFR 117.5. The deviation period is from 7 a.m. on March 19, 2014 to 7 p.m. on April 15, 2014. This deviation allows the lift span of the BNSF Railway Bridge across the Willamette River, mile 6.9, to remain in the closed position and need not open for maritime traffic during following four 12 hour periods: 7 a.m. to 7 p.m. on Wednesday, March 19, 2014; 7 a.m. to 7 p.m. on Monday, March 24, 2014; 7 a.m. to 7 p.m. on Thursday, March 27, 2014; and 7 a.m. to 7 p.m. on Tuesday, April 1, 2014. The bridge shall operate in accordance to 33 CFR 117.5 at all other times. BNSF will entertain requests from mariners to change the above listed schedule for emergent vessel arrivals or departures that are water level dependant given 72 hours advanced notice. BNSF contact is Ron Berry, who can be reached at (913) 551–4164. Waterway usage on this stretch of the Willamette River includes vessels ranging from commercial tug and barge to small pleasure craft.

Vessels which do not require a bridge opening may continue to transit beneath

the bridge during this closure period. Due to the nature of work being performed the draw span will be unable to open for for emergencies. Mariners have been notified and will be kept informed of the bridge’s operational status via the Coast Guard Notice to Mariners publication and Broadcast Notice to Mariners as appropriate so that vessels can arrange their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: February 10, 2014.

Steven M. Fischer,

Bridge Administrator, Thirteenth Coast Guard District.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 117

[USCG–2013–1088]

Drawbridge Operation Regulations; Reynolds Channel, Lawrence, NY

AGENCY: Coast Guard, DHS.

ACTION: Notice of temporary deviation from regulations.

SUMMARY: The Commander, First Coast Guard District, has issued a temporary deviation from the regulations governing the operation of the Atlantic Beach Bridge, mile 0.4, across Reynolds Channel, at Lawrence, New York. The deviation is necessary to facilitate structural repairs at the bridge. This temporary deviation authorizes the Atlantic Beach Bridge to operate under an alternate schedule to complete the structural repairs at the bridge.

DATES: This deviation is effective from March 24, 2014 through May 23, 2014.

ADDRESSES: The docket for this deviation, [USCG–2013–1088] is available at <http://www.regulations.gov>. Type the docket number in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this deviation. You may also visit the Docket Management Facility in Room W12–140, on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington,

DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions on this temporary deviation, call or email Ms. Judy Leung-Yee, Project Officer, First Coast Guard District, judy.k.leung-yee@uscg.mil, or (212) 668–7165. If you have questions on viewing the docket, call Cheryl Collins, Program Manager, Docket Operations, telephone 202–366–9826.

SUPPLEMENTARY INFORMATION: The Atlantic Beach Bridge, across Reynolds Channel, mile 0.4, at Lawrence, New York, has a vertical clearance in the closed position of 25 feet at mean high water and 30 feet at mean low water. The existing drawbridge operation regulations are listed at 33 CFR 117.799(e).

The waterway is transited by commercial and seasonal recreational vessels of various sizes.

The owner of the bridge, Nassau County Bridge Authority, requested approval to operate the bridge under a temporary operating schedule to facilitate structural repairs at the bridge.

Under this temporary deviation the draw of the Atlantic Beach Bridge at mile 0.4, across Reynolds Channel shall operate, under the following operating schedule:

March 24, 2014 through April 20, 2014, Monday through Friday, the bridge shall operate a single span on signal between 6:30 a.m. and 4 p.m. From 4 p.m. through 6:30 a.m. the bridge shall open both spans on signal.

Weekends and holidays, from 4 p.m. on Friday through 6:30 a.m. on Monday the bridge shall operate two spans on signal.

April 21, 2014 through May 23, 2014, Monday through Friday, the bridge shall remain in the closed position; except that, the draw shall open on signal at 12 p.m. provided at least a one hour notice is given.

Weekends and holidays, from 4 p.m. on Friday through 6:30 a.m. on Monday the bridge shall operate two spans on signal.

The bridge shall open on signal at all times for commercial vessel traffic after at least a 48 hour advance notice is given by calling the number posted at the bridge.

The Coast Guard contacted all known commercial waterway users regarding this deviation and no objections were received.

In accordance with 33 CFR 117.35(e), the bridge must return to its regular operating schedule immediately at the end of the designated time period. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: February 10, 2014.

C.J. Bisignano,

*Supervisory Bridge Management Specialist,
First Coast Guard District.*

BILLING CODE 9110-04-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 64

[Docket ID FEMA-2013-0002; Internal Agency Docket No. FEMA-8323]

Suspension of Community Eligibility

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Final rule.

SUMMARY: This rule identifies communities where the sale of flood insurance has been authorized under the National Flood Insurance Program (NFIP) that are scheduled for suspension on the effective dates listed within this rule because of noncompliance with the floodplain management requirements of the program. If the Federal Emergency Management Agency (FEMA) receives documentation that the community has adopted the required floodplain management measures prior to the effective suspension date given in this rule, the suspension will not occur and a notice of this will be provided by publication in the **Federal Register** on a subsequent date. Also, information identifying the current participation status of a community can be obtained from FEMA's Community Status Book (CSB). The CSB is available at <http://www.fema.gov/fema/csb.shtm>.

DATES: Effective Dates: The effective date of each community's scheduled suspension is the third date ("Susp.") listed in the third column of the following tables.

FOR FURTHER INFORMATION CONTACT: If you want to determine whether a particular community was suspended on the suspension date or for further information, contact David Stearrett, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-2953.

SUPPLEMENTARY INFORMATION: The NFIP enables property owners to purchase Federal flood insurance that is not otherwise generally available from

private insurers. In return, communities agree to adopt and administer local floodplain management measures aimed at protecting lives and new construction from future flooding. Section 1315 of the National Flood Insurance Act of 1968, as amended, 42 U.S.C. 4022, prohibits the sale of NFIP flood insurance unless an appropriate public body adopts adequate floodplain management measures with effective enforcement measures. The communities listed in this document no longer meet that statutory requirement for compliance with program regulations, 44 CFR Part 59. Accordingly, the communities will be suspended on the effective date in the third column. As of that date, flood insurance will no longer be available in the community. We recognize that some of these communities may adopt and submit the required documentation of legally enforceable floodplain management measures after this rule is published but prior to the actual suspension date. These communities will not be suspended and will continue to be eligible for the sale of NFIP flood insurance. A notice withdrawing the suspension of such communities will be published in the **Federal Register**.

In addition, FEMA publishes a Flood Insurance Rate Map (FIRM) that identifies the Special Flood Hazard Areas (SFHAs) in these communities. The date of the FIRM, if one has been published, is indicated in the fourth column of the table. No direct Federal financial assistance (except assistance pursuant to the Robert T. Stafford Disaster Relief and Emergency Assistance Act not in connection with a flood) may be provided for construction or acquisition of buildings in identified SFHAs for communities not participating in the NFIP and identified for more than a year on FEMA's initial FIRM for the community as having flood-prone areas (section 202(a) of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4106(a), as amended). This prohibition against certain types of Federal assistance becomes effective for the communities listed on the date shown in the last column. The Administrator finds that notice and public comment procedures under 5 U.S.C. 553(b), are impracticable and unnecessary because communities listed in this final rule have been adequately notified.

Each community receives 6-month, 90-day, and 30-day notification letters addressed to the Chief Executive Officer stating that the community will be

suspended unless the required floodplain management measures are met prior to the effective suspension date. Since these notifications were made, this final rule may take effect within less than 30 days.

National Environmental Policy Act. This rule is categorically excluded from the requirements of 44 CFR Part 10, Environmental Considerations. No environmental impact assessment has been prepared.

Regulatory Flexibility Act. The Administrator has determined that this rule is exempt from the requirements of the Regulatory Flexibility Act because the National Flood Insurance Act of 1968, as amended, Section 1315, 42 U.S.C. 4022, prohibits flood insurance coverage unless an appropriate public body adopts adequate floodplain management measures with effective enforcement measures. The communities listed no longer comply with the statutory requirements, and after the effective date, flood insurance will no longer be available in the communities unless remedial action takes place.

Regulatory Classification. This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 13132, Federalism. This rule involves no policies that have federalism implications under Executive Order 13132.

Executive Order 12988, Civil Justice Reform. This rule meets the applicable standards of Executive Order 12988.

Paperwork Reduction Act. This rule does not involve any collection of information for purposes of the Paperwork Reduction Act, 44 U.S.C. 3501 *et seq.*

List of Subjects in 44 CFR Part 64
