Foreign-Trade Zones Board

[B-91-2013]

Foreign-Trade Zone 8—Toledo, Ohio; Authorization of Production Activity; Whirlpool Corporation, Subzone 8I, (Washing Machines), Clyde and Green Springs, Ohio

On October 17, 2013, Whirlpool Corporation submitted a notification of proposed production activity to the Foreign-Trade Zones (FTZ) Board for its facility within Subzone 8I, in Clyde and Green Springs, Ohio.

The notification was processed in accordance with the regulations of the FTZ Board (15 CFR part 400), including notice in the **Federal Register** inviting public comment (78 FR 64197, 10-28-2013). The FTZ Board has determined that no further review of the activity is warranted at this time. The production activity described in the notification is authorized, subject to the FTZ Act and the Board's regulations, including Section 400.14.

Dated: February 14, 2014.

Andrew McGilvray,

Executive Secretary.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[B-13-2014]

Foreign-Trade Zone (FTZ) 21—Charleston, South Carolina; Notification of Proposed Production Activity, MAHLE Behr Charleston, Inc., (Automotive Engine Components), Charleston, South Carolina

The South Carolina State Ports Authority, grantee of FTZ 21, submitted a notification of proposed production activity to the FTZ Board on behalf of MAHLE Behr Charleston, Inc. (MBCI), located in Charleston, South Carolina. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on February 6, 2014.

The MBCI facility is located within Site 26 of FTZ 21. The facility is used for the production of engine cooling modules, exhaust gas recirculation (EGR) valves and temperature sensors, and charge air coolers. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status materials and components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt MBCI from customs duty payments on the foreign status components used in export production. On its domestic sales, MBCI would be able to choose the duty rates during customs entry procedures that apply to engine cooling modules and charge air coolers (2.5%) and exhaust gas recirculation valves and temperature sensors (free) for the foreign status inputs noted below. Customs duties also could possibly be deferred or reduced on foreign status production equipment.

The components and materials sourced from abroad include: plastic seals; rubber o-rings/seals/gaskets; compressors; metal brackets; fans/blowers and related parts; parts of condensers and evaporators; parts of EGR valve coolers; receiver/dryers; clutches; blower motors; resistors; wiring harnesses; body ducts; radiators and related parts; parts of air coolers and heater cores; thermostats; blower regulators; aluminum strip stock; aluminum tubes; and, air inlet/outlet casings (duty rate ranges from free to 5.3%).

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board's Executive Secretary at the address below. The

closing period for their receipt is April 7, 2014.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the "Reading Room" section of the FTZ Board's Web site, which is accessible via www.trade.gov/ftz.

Citric Acid and Certain Citrate Salts from Canada: Preliminary Results of Antidumping Duty Administrative Review; 2012-2013

AGENCY: Enforcement and Compliance, formerly Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on citric acid and certain citrate salts (citric acid) from Canada. The period of review (POR) is May 1, 2012, through April 30, 2013. The review covers one producer and exporter of the subject merchandise, Jungbunzlauer Canada Inc. (JBL Canada). We preliminarily determined that sales of subject merchandise have been made at prices below normal value (NV) by JBL Canada. We invite interested parties to comment on these preliminary results.

DATES: *Effective* February 24, 2014.

FOR FURTHER INFORMATION CONTACT: Rebecca Trainor or Katherine Johnson, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW, Washington, DC 20230; telephone (202) 482-4007 or (202) 482-4929, respectively.

SUPPLEMENTARY INFORMATION:

Postponement of Preliminary Results

As explained in the memorandum from the Assistant Secretary for Enforcement and Compliance, the Department has exercised its discretion to toll deadlines for the duration of the closure of the Federal Government from October 1, through October 16, 2013.¹ Therefore, all deadlines in this segment of the proceeding have been extended by 16 days. If the new deadline falls on a non-business day, in accordance with the Department's practice, the deadline will become the next business day. The revised deadline for the preliminary results of this review is now February 18, 2014.

Scope of the Order

The merchandise covered by this order is citric acid and certain citrate salts. The product is currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) at item numbers 2918.14.0000 and 2918.15.1000, 2918.15.5000 and 3824.90.9290. Although the HTSUS numbers are provided for convenience and customs purposes, the full written scope description, as published in the antidumping duty order² and described in the memorandum entitled "Decision Memorandum for Preliminary Results of Antidumping Duty Administrative Review: Citric Acid and Certain Citrate Salts from Canada" (Preliminary Decision Memorandum), remains dispositive.

Methodology

The Department conducted this review in accordance with section 751(a)(2) of the Tariff Act of 1930, as amended (the Act). Constructed export price is calculated in accordance with section 772 of the Act. NV is calculated in accordance with section 773 of the Act. For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum, which is hereby adopted by this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (IA ACCESS). IA ACCESS is available to registered users at <http://iaaccess.trade.gov> and in the Central Records Unit, room 7046 of the main

Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/>. The signed and electronic versions of the Preliminary Decision Memorandum are identical in content.

Preliminary Results of the Review

As a result of this review, we preliminarily determine that a dumping margin of 0.60 percent exists for JBL Canada for the period May 1, 2012, through April 30, 2013.

Disclosure and Public Comment

The Department will disclose to parties the calculations performed in connection with these preliminary results within five days of the date of publication of this notice.³ Interested parties may submit case briefs not later than 30 days after the date of publication of this notice.⁴ Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for filing case briefs.⁵ Parties who submit case briefs or rebuttal briefs in this proceeding are encouraged to submit with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.⁶ Case and rebuttal briefs should be filed using IA ACCESS.⁷

Interested parties who wish to request a hearing, or to participate if one is requested, must submit a written request to the Assistant Secretary for Enforcement and Compliance, filed electronically via IA ACCESS.⁸ An electronically filed document must be received successfully in its entirety by the Department's electronic records system, IA ACCESS, by 5 p.m. Eastern Standard Time within 30 days after the date of publication of this notice.⁹ Requests should contain: (1) The party's name, address, and telephone number; (2) the number of participants; and (3) a list of issues to be discussed. Issues raised in the hearing will be limited to those raised in the respective case briefs. The Department will issue the final results of this administrative review, including the results of its analysis of issues raised in any written briefs, not later than 120 days after the date of publication of this notice,

pursuant to section 751(a)(3)(A) of the Act.

Assessment Rates

Upon completion of the administrative review, the Department shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries, in accordance with 19 CFR 351.212(b)(1). We intend to issue instructions to CBP 41 days after the date of publication of the final results of this review.

We will calculate importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of antidumping duties calculated for the examined sales to the total entered value of the examined sales to that importer. We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review if any importer-specific assessment rate calculated in the final results of this review is above *de minimis* (i.e., .50 percent). Where either the respondent's weighted-average dumping margin is zero or *de minimis*, or an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.¹⁰

The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.¹¹ Therefore, if we continue to calculate an antidumping duty margin for JBL Canada in the final results which is above *de minimis*, we will instruct CBP to assess antidumping duties on all appropriate entries covered by this review as discussed above. Conversely, if we calculate a *de minimis* margin for JBL Canada in the final results of this review, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

The Department clarified its "automatic assessment" regulation on May 6, 2003. This clarification will apply to entries of subject merchandise during the POR produced by JBL Canada for which it did not know its merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction. For a full discussion of this clarification, see *Antidumping and Countervailing Duty Proceedings: Assessment of*

Antidumping Duties, 68 FR 23954 (May 6, 2003).

Cash Deposit Requirements

The following deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for JBL Canada will be the rate established in the final results of this review, except if the rate is less than 0.50 percent and, therefore, *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for previously reviewed or investigated companies not participating in this review, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 23.21 percent, the all-others rate established in the original investigation.¹² These requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(4).

Dated: February 14, 2014.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.

Polyethylene Terephthalate Film, Sheet and Strip From Brazil, the People's Republic of China, and the United Arab Emirates: Final Results of the Expedited Sunset Reviews of the Antidumping Duty Orders

AGENCY: Enforcement and Compliance, Formerly Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice.

SUMMARY: On October 1, 2013, the Department of Commerce (Department) initiated the sunset reviews of the review of the antidumping duty orders on Polyethylene Terephthalate Film, Sheet and Strip (PET film) from Brazil, the People's Republic of China (PRC), the United Arab Emirates (UAE), and Brazil. The Department determined that it was appropriate to conduct expedited reviews. The Department finds that revocation of these antidumping duty orders would be likely to lead to continuation or recurrence of dumping at the rates identified in the "Final Results of Review" section of this notice.

DATES: *Effective* February 24, 2014.

FOR FURTHER INFORMATION CONTACT: Jacqueline Arrowsmith, AD/CVD Operations, Office VII, Enforcement and Compliance, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone (202) 482-5255.

SUPPLEMENTARY INFORMATION:

Background

The antidumping duty orders on PET film from Brazil, the PRC, and the UAE were published on November 10, 2008.¹

¹ See *Polyethylene Terephthalate Film, Sheet, and Strip From Brazil, the People's Republic of China and the United Arab Emirates: Antidumping Duty*

The sunset reviews on the antidumping duty orders on PET film from Brazil, the PRC and the UAE were initiated by the Department on October 1, 2013, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).²

On October 18, 2013, the Department issued a tolling memorandum extending all deadlines by 16 days for the duration of the government shutdown.³

On October 31, 2013, The Department received a notice of intent to participate from DuPont Teijin Films, Mitsubishi Polyester Film, Inc., and SKC, Inc. (collectively, the petitioners), within the deadline specified in 19 CFR 351.218(d)(1)(i). Petitioners are manufacturers of a domestic like product in the United States and, accordingly, are domestic interested parties pursuant to section 771(9)(C) of the Act.

On November 18, 2013, the Department received an adequate substantive response to the notice of initiation from the domestic interested parties within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i). The Department did not receive any responses from the respondent interested parties, *i.e.*, PET Film producers and exporters from PRC, UAE, and Brazil. On the basis of the notice of intent to participate and adequate substantive response filed by the petitioners and the inadequate response from any respondent interested party, the Department decided to conduct expedited sunset reviews of these orders pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C).

Scope of the Orders

The products covered by these orders are all gauges of raw, pretreated or primed PET film, whether extruded or coextruded. Excluded are metallized films and other finished films that have had at least one of their surfaces modified by the application of a performance-enhancing resinous or inorganic layer of more than 0.00001 inches thick. Also excluded is roller transport cleaning film which has at least one of its surfaces modified by application of 0.5 micrometers of SBR latex. Tracing and drafting film is also excluded. Imports of PET film were classifiable in the Harmonized Tariff

Orders and Amended Final Determination of Sales at Less Than Fair Value for the United Arab Emirates, 73 FR 66595 (November 10, 2008).
