

Final Results of Changed Circumstances Review

Because no parties have submitted comments opposing the Department's preliminary determination, and because there is no other information or evidence on the record that calls into question the *Preliminary Results*, the Department determines that Dachan is the successor-in-interest to Quang Ngai for the purpose of determining antidumping duty liability.

Instructions to U.S. Customs and Border Protection

As a result of this determination, we find that Dachan should receive the cash deposit rate previously assigned to Quang Ngai in the most recently completed review of the antidumping duty order on shrimp from Vietnam. Consequently, the Department will instruct U.S Customs and Border Protection to collect estimated antidumping duties for all shipments of subject merchandise exported by Dachan and entered, or withdrawn from warehouse, for consumption on or after the publication date of this notice in the **Federal Register** at the current cash deposit rate for Quang Ngai, which is 0.00 percent.⁷ This cash deposit requirement shall remain in effect until further notice.

Failure to comply with the regulations and terms of an APO is a sanctionable violation.
