

load, while continuing to maintain their F-1 student status.

The January 12, 2010 earthquake caused extensive damage to Haiti's infrastructure, public health, agriculture, transportation, and educational facilities. Haiti continues to struggle with many people still displaced as a result of the earthquake. According to the International Organization for Migration, as of September 2013, approximately 172,000 individuals still remained in temporary camps. For these reasons, among others, Haiti continues to experience significant difficulties as the country strives to recover. F-1 nonimmigrant students whose country of citizenship is Haiti may depend on money from relatives in Haiti who are themselves continuing to recover from the earthquake.

The United States is committed to continuing to assist the people of Haiti. DHS is therefore extending this employment authorization for F-1 nonimmigrant students whose country of citizenship is Haiti and who continue to experience severe economic hardship as a result of the earthquake.

How do I apply for an employment authorization under the circumstances of this notice?

F-1 nonimmigrant students whose country of citizenship is Haiti who were lawfully present in the United States on January 12, 2010 and are experiencing severe economic hardship as a result of the earthquake may apply for employment authorization under the guidelines described in 75 FR 56120. This notice extends the time period during which such F-1 students may seek employment authorization due to the earthquake. It does not impose any new or additional policies or procedures beyond those listed in the original notice. All interested F-1 students should follow the instructions listed in the original notice.

Jeh Charles Johnson,
Secretary.

Extension of the Designation of Haiti for Temporary Protected Status

AGENCY: U.S. Citizenship and Immigration Services, Department of Homeland Security.

ACTION: Notice.

SUMMARY: Through this Notice, the Department of Homeland Security (DHS) announces that the Secretary of Homeland Security (Secretary) is extending the designation of Haiti for Temporary Protected Status (TPS) for 18 months from July 23, 2014 through January 22, 2016.

The extension allows currently eligible TPS beneficiaries to retain TPS through January 22, 2016, so long as they otherwise continue to meet the eligibility requirements for TPS. The Secretary has determined that an extension is warranted because the conditions in Haiti that prompted the TPS designation continue to be met. There continues to be a substantial, but temporary, disruption of living conditions in Haiti based upon extraordinary and temporary conditions in that country that prevent Haitians who have TPS from safely returning.

Through this Notice, DHS also sets forth procedures necessary for nationals of Haiti (or aliens having no nationality who last habitually resided in Haiti) to re-register for TPS and to apply for renewal of their Employment Authorization Documents (EADs) with U.S. Citizenship and Immigration Services (USCIS). Re-registration is limited to persons who have previously registered for TPS under the designation of Haiti and whose applications have been granted. Certain nationals of Haiti (or aliens having no nationality who last habitually resided in Haiti) who have not previously applied for TPS may be eligible to apply under the late initial registration provisions, if they meet: (1) At least one of the late initial filing criteria; and, (2) all TPS eligibility criteria (including continuous residence in the United States since January 12, 2011, and continuous physical presence in the United States since July 23, 2011).

For individuals who have already been granted TPS under the Haiti designation, the 60-day re-registration period runs from March 3, 2014 through

May 2, 2014. USCIS will issue new EADs with a January 22, 2016 expiration date to eligible Haiti TPS beneficiaries who timely re-register and apply for EADs under this extension. Given the timeframes involved with processing TPS re-registration applications, DHS recognizes that not all re-registrants will receive new EADs before their current EADs expire on July 22, 2014.

Accordingly, through this Notice, DHS automatically extends the validity of EADs issued under the TPS designation of Haiti for 6 months, from July 22, 2014 through January 22, 2015, and explains how TPS beneficiaries and their employers may determine which EADs are automatically extended and their impact on Employment Eligibility Verification (Form I-9) and the E-Verify processes.

DATES: The 18-month extension of the TPS designation of Haiti is effective July 23, 2014, and will remain in effect through January 22, 2016. The 60-day re-registration period runs from March 3, 2014 through May 2, 2014.
