**Notice of Use Authorizations; Special Recreation Permits, Other than on Developed Recreation Sites; Adjustment in Fees****AGENCY:** Bureau of Land Management, Interior.**ACTION:** Notice.

**SUMMARY:** The Bureau of Land Management (BLM) is adjusting certain special recreation permit fees for various recreation activities on BLM-administered public lands and related waters. The BLM is adjusting the minimum fee for commercial, competitive, and organized group activities or events.

**FOR FURTHER INFORMATION CONTACT:** David Ballenger, Division of Recreation and Visitor Services, 202-912-7642.

**SUPPLEMENTARY INFORMATION:** This notice establishes that effective on March 1, 2014, the special recreation permit minimum fee for commercial special recreation permits is \$105 per year. The minimum fee for both competitive and organized group activities or events is \$5 per person per day, and the minimum fee for an assigned site is \$210 per permit. The BLM Director is authorized to periodically adjust fees by the regulations found at 43 CFR 2832.31(b). The previous fee schedule went into effect on March 1, 2011. Commercial and reserved site fees are rounded to the nearest \$5. Competitive and group use fees are rounded to the nearest \$1. Individual states also have the option of imposing application fees and/or establishing higher minimum fees for special recreation permits.

The next fee adjustment is scheduled for March 1, 2017.

The intended effect of the fee calculation process is to ensure that fees cover administrative costs of permit issuance, provide a fair return to the U.S. Government for use of the public lands, and approach free market value in certain cases. The BLM, in coordination with the U.S. Forest Service, automatically adjusts the minimum commercial, competitive, organized group and activity special recreation permit fees and minimum assigned site fee every 3 years. These fees are calculated and adjusted based on the change in the Implicit Price Deflator-Gross Domestic Product Index (IPD-GDP). The IPD-GDP is also available from the U.S. Department of

Commerce, Bureau of Economic Analysis at the following Web site: [http://www.bea.gov/iTable/index\\_nipa.cfm](http://www.bea.gov/iTable/index_nipa.cfm).

**SUPPLEMENTARY INFORMATION:**

*Background.*—On December 12, 2003, the Department of Commerce issued an antidumping duty order on imports of malleable iron pipe fittings from China (68 FR 69376). Following the first five-year reviews by Commerce and the Commission, effective April 22, 2009, Commerce issued a continuation of the antidumping duty order on imports of malleable iron pipe fittings from China (74 FR 18349). The Commission is now conducting a second review to determine whether revocation of the order would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. It will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct a full review or an expedited review. The Commission's determination in any expedited review will be based on the facts available, which may include information provided in response to this notice.

*Definitions.*—The following definitions apply to this review:

(1) *Subject Merchandise* is the class or kind of merchandise that is within the scope of the five-year review, as defined by the Department of Commerce.

(2) The *Subject Country* in this review is China.

(3) The *Domestic Like Product* is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the *Subject Merchandise*. In its original determination and its expedited first five-year review determination, the Commission defined the *Domestic Like Product* as malleable iron pipe fittings, cast, other than grooved, coextensive with Commerce's scope.

(4) The *Domestic Industry* is the U.S. producers as a whole of the *Domestic Like Product*, or those producers whose collective output of the *Domestic Like Product* constitutes a major proportion of the total domestic production of the product. In its original determination
