present their Concept for senior officials from across the U.S. Department of Transportation, Challenge judges, and other members of DOT staff. Outside guests will also be invited to attend. Furthermore, depending upon the quality of submissions and subject to the Federal Acquisitions Regulations, the Department may negotiate licensing for the use of intellectual property developed by selected submission winner(s) beyond the one year royalty-free nonexclusive worldwide license provided under Submission Rights.

Basis Upon Which the Winner Will Be Selected:

Submission Judging

Submissions will be scored in each of four criteria, as listed below.

1. Technical and Operational Feasibility

The successful operation of the proposed application or visualization tool will depend both upon the soundness of the application and tool itself and its relationship to the rest of the transportation system, and the data that is used during its development.

How plausible is it that this Concept could be implemented? What risks or challenges exist, and how could they be overcome?

2. Potential for Widespread Adoption

Widespread adoption of the application and/or visualization tool will depend upon a system of interrelated decisions made by various stakeholders in the transportation network. Stakeholders' incentives toward action must be aligned with their capabilities for adoption to occur. How likely is it that this application or visualization tool would be widely adopted or go viral, if it were developed? What are the challenges facing broad adoption, and how could they be overcome?

3. Innovation

To what degree does the tool present a novel idea or approach?

4. Social Benefit

How much would this idea benefit transportation users or society at large? Emphasis is on improvements to transportation safety, mobility, reliability, accessibility and/or environmental impact.

The Submissions will be judged by a qualified panel selected by the U.S. DOT at its sole discretion. The panel will judge the entire Submission on the judging criteria identified above in order to select five winners. Judges reserve the right to withdraw without advance notice.

Additional Information:

Federal grantees may not use Federal funds to develop COMPETES Act challenge applications.

Federal contractors may not use Federal funds from a contract to develop COMPETES Act challenge applications or to fund efforts in support of a COMPETES Act challenge submission.
