U.S. Customs and Border Protection

Centers of Excellence and Expertise Test; Modifications

AGENCY: U.S. Customs and Border Protection, Department of Homeland Security.

ACTION: Notice.

SUMMARY: This document modifies previous notices published by U.S. Customs and Border Protection (CBP) regarding its Centers of Excellence and Expertise (Centers) Test. Specifically, this document changes the scope of coverage for some of the Centers and the types of entries that will be processed by the Centers, waives an additional regulation for Center test participants, and clarifies the submission process for responses to Requests for Information and Notices of Action.

DATES: The effective date of this document is March 10, 2014.

FOR FURTHER INFORMATION CONTACT: Lori J. Whitehurst, Branch Chief, Industry and Account Management Division, Office of Field Operations, at 202-344-2536; Carly Luckman, Program Manager, Industry and Account Management Division, Office of Field Operations, at 202-325-4702; Susan L. Dalpe, Program Manager, Industry and Account Management Division, Office of Field Operations at 202-344-2194.

SUPPLEMENTARY INFORMATION:

Background

U.S. Customs and Border Protection (CBP) published a **Federal Register** notice (77 FR 52048) on August 28, 2012, to announce a test broadening the ability of the Centers of Excellence and Expertise (Centers) to make decisions by waiving certain identified regulations to the extent to provide the Center Directors with the authority to make the decisions normally reserved for the Port Directors. The notice provided

centralized decision-making authority to the: Electronics Center; Pharmaceutical, Health & Chemicals Center; Automotive & Aerospace Center; and Petroleum, Natural Gas & Minerals Center. The document defined the scope of the Centers so that interested test volunteers could determine which Center aligned with their business.

CBP published a second **Federal Register** notice (78 FR 20345) on April 4, 2013, to modify and expand the Centers test. The notice announced the following six new Centers: The Agriculture & Prepared Products Center; the Apparel, Footwear & Textiles Center; the Base Metals Center; the Consumer Products & Mass Merchandising Center; the Industrial & Manufacturing Materials Center; and the Machinery Center. The document defined the scope of the new Centers so that interested test volunteers could determine which Center aligned with their business.

This document makes modifications to CBP's Centers Test by changing the scope of coverage for some of the Centers, changing the types of entries that will be processed by the Centers, waiving an additional regulation for Center test participants, and clarifying the submission process for responses to Requests for Information and Notices of Action.

Unless specified in this document or in the Center Test Guidelines, which was recently renamed and will hereinafter be referred to as the "Centers of Excellence and Expertise Trade Process Document", all terms and conditions of the test and current CBP processes will remain unchanged.

I. Modification of the Scope of Coverage for Certain Centers

Following each Center description, this document specifically notes the modifications to the scope of coverage for the Center. CBP is modifying the scope of coverage previously published for the following Centers: Automotive & Aerospace; Base Metals; Consumer Products & Mass Merchandising; Industrial & Manufacturing Materials; Machinery; and Petroleum, Natural Gas & Minerals.

The scope of coverage for the following Centers remains unchanged: Agriculture & Prepared Products; Apparel, Footwear & Textiles; Electronics; and Pharmaceuticals, Health & Chemicals.

a. Automotive & Aerospace Center

Modification: This document adds heading 8511, HTSUS, to this Center. The heading was previously covered by the Machinery Center.

For inclusion in the Automotive & Aerospace Center, importers must be part of the automotive, aerospace, or other transportation equipment and related parts industries, with the highest percentage of their entries comprised of related merchandise. For purposes of this Center, the term "automotive" includes merchandise classified under headings 8701 through 8711, 8713, 8714, and 8716, HTSUS. For purposes of this Center, the term "aerospace" includes merchandise classified under headings 8801 through 8805, HTSUS. For purposes of this Center, the term "other transportation equipment and related parts" includes but is not limited to merchandise classified under headings 4011 through 4013, 8406 through 8412, 8511, 8512, 8601 through 8609, 8901 through 8908, HTSUS.

b. Base Metals Center

Modifications: This document removes heading 7414, HTSUS, from this Center because it does not exist in the 2014 HTSUS. This document also removes headings 7309 through 7311, HTSUS, from this Center and moves them to the Industrial & Manufacturing Materials Center. This document adds heading 7415, HTSUS, to this Center as it was inadvertently omitted in the Center test notice published in the **Federal Register** (see 78 FR 20345). This document adds headings 8307 through 8311, HTSUS, which were previously covered by the Machinery Center.

For inclusion in the Base Metals Center, importers must be part of the steel, steel mill products, ferrous and nonferrous metal, or similar industries, with the highest percentage of their entries comprised of related merchandise. For purposes of this Center, the term "base metals" includes merchandise classified under headings 7201 through 7308, 7312 through 7318, 7320, 7322, 7324 through 7413, 7415, 7419 through 7614, 7616 through 8113, and 8307 through 8311 of the Harmonized Tariff Schedule of the United States (HTSUS).

c. Consumer Products & Mass Merchandising Center

Modifications: This document also removes heading 7013, HTSUS, and moves it to the Industrial & Manufacturing Materials Center. This document adds heading 9619, HTSUS, to this Center as it was inadvertently omitted in the Center test notice published in the **Federal Register** (see 78 FR 20345). This document also adds headings 8210 and 8539, HTSUS, which were previously covered by the Machinery Center.
