Foreign-Trade Zones Board

[B-20-2014]

Foreign-Trade Zone 175; Cedar Rapids, Iowa; Application for Reorganization Under Alternative Site Framework

An application has been submitted to the Foreign-Trade Zones (FTZ) Board by the Cedar Rapids Airport Commission, grantee of FTZ 175, requesting authority to reorganize the zone under the alternative site framework (ASF) adopted by the FTZ Board (15 CFR 400.2(c)). The ASF is an option for grantees for the establishment or reorganization of zones and can permit significantly greater flexibility in the designation of new subzones or "usage-driven" FTZ sites for operators/users located within a grantee's "service area" in the context of the FTZ Board's standard 2,000-acre activation limit for a zone. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally docketed on March 6, 2014.

FTZ 175 was approved by the FTZ Board on February 1, 1991 (Board Order 509, 56 FR 5383, 2/11/1991).

The current zone includes the following sites: *Site 1* (2,965 acres)—Cedar Rapids Municipal Airport Complex, located near the intersection of Highway 84 and Highway 218 in Cedar Rapids, Linn County; and, *Site 2* (.03 acres)—Iowa Midlands Supply, Inc., 1860 McCloud Place NE., Cedar Rapids, Linn County.

The grantee's proposed service area under the ASF would include Appanoose, Benton, Blackhawk, Buchanan, Cedar, Clinton, Davis, Delaware, Des Moines, Dubuque, Grundy, Henry, Iowa, Jackson, Jefferson, Johnson, Jones, Keokuk, Lee, Linn, Louisa, Mahaska, Monroe, Muscatine, Poweshiek, Scott, Tama, Van Buren, Wapello, and Washington Counties, Iowa, as described in the application. If approved, the grantee would be able to serve sites throughout the service area based on companies' needs for FTZ designation. The application indicates that the proposed service area is adjacent to the Quad-Cities and Des Moines Customs and Border Protection ports of entry.

The applicant is requesting authority to reorganize its existing zone to include existing Site 1 as a "magnet" site. The applicant is also requesting that Site 2 be removed from the zone. The ASF allows for the possible exemption of one magnet site from the "sunset" time limits that generally apply to sites under the ASF, and the applicant proposes that Site 1 be so exempted. No subzones/usage-driven sites are being requested at this time. The application would have no impact on FTZ 175's previously authorized subzone.

In accordance with the FTZ Board's regulations, Elizabeth Whiteman of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the FTZ Board.

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board's Executive Secretary at the address below. The closing period for their receipt is May 12, 2014. Rebuttal comments in

response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to May 27, 2014.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the "Reading Room" section of the FTZ Board's Web site, which is accessible via www.trade.gov/ftz. For further information, contact Elizabeth Whiteman at Elizabeth.Whiteman@trade.gov or (202) 482-0473.

Dated: March 6, 2014.

Steel Wire Garment Hangers From the People's Republic of China: Continuation of Antidumping Duty Order

AGENCY: Enforcement and Compliance, formerly Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determinations by the Department of Commerce (the “Department”) and the International Trade Commission (the “ITC”) that revocation of the antidumping duty order on steel wire garment hangers from the People's Republic of China (“PRC”) would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, the Department is publishing a notice of continuation of the antidumping duty order.

DATES: *Effective Date:* March 11, 2014.

FOR FURTHER INFORMATION CONTACT: Bob Palmer, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–9068.

SUPPLEMENTARY INFORMATION:

Background

On October 6, 2008, the Department published the antidumping duty order on steel wire garment hangers from the PRC.¹ On September 3, 2013, the Department initiated the first five-year (“sunset”) review of the antidumping duty order on steel wire garment hangers from the PRC pursuant to section 751(c) of the Tariff Act of 1930, as amended (the “Act”).² As a result of its review, the Department determined that revocation of the antidumping duty order on steel wire garment hangers from the PRC would likely lead to a continuation or recurrence of dumping and, therefore, notified the ITC of the magnitude of the margins likely to prevail should the order be revoked.³ On February 27, 2014, the ITC published its determination, pursuant to section 751(c) of the Act, that revocation of the antidumping duty order on steel wire garment hangers from the PRC would likely lead to a continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.⁴

Scope of the Order

The merchandise that is subject to the order is steel wire garment hangers, fabricated from carbon steel wire,

whether or not galvanized or painted, whether or not coated with latex or epoxy or similar gripping materials, and/or whether or not fashioned with paper covers or capes (with or without printing) and/or nonslip features such as saddles or tubes. These products may also be referred to by a commercial designation, such as shirt, suit, strut, caped, or latex (industrial) hangers. Specifically excluded from the scope of the order are wooden, plastic, and other garment hangers that are not made of steel wire. Also excluded from the scope of the order are chrome-plated steel wire garment hangers with a diameter of 3.4 mm or greater. The products subject to the order are currently classified under U.S. Harmonized Tariff Schedule (“HTSUS”) subheadings 7326.20.0020, 7323.99.9060, and 7323.99.9080.

Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise is dispositive.

Continuation of the Order

As a result of the determinations by the Department and the ITC that revocation of the antidumping duty order would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, the Department hereby orders the continuation of the antidumping order on steel wire garment hangers from the PRC. U.S. Customs and Border Protection will continue to collect antidumping duty cash deposits at the rates in effect at the time of entry for all imports of subject merchandise. The effective date of the continuation of the order will be the date of publication in the **Federal Register** of this notice of continuation. Pursuant to section 751(c)(2) of the Act, the Department intends to initiate the next five-year review of the order not later than 30 days prior to the fifth anniversary of the effective date of continuation.

This five-year (“sunset”) review and this notice are in accordance with section 751(c) of the Act and published pursuant to section 777(i)(1) of the Act.

Dated: March 5, 2014.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.
