requested, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, filed electronically using IA ACCESS. An electronically filed document must be received successfully in its entirety in IA ACCESS, by 5 p.m. Eastern Time within 30 days after the date of publication of this notice.7 Requests should contain the party's name, address, and telephone number, the number of participants, and a list of the issues to be discussed. If a request for a hearing is made, the Department will inform parties of the scheduled date for the hearing which will be held at the U.S. Department of Commerce, 14th Street and Constitution Avenue NW. Washington, DC 20230, at a time and location to be determined. Parties should confirm by telephone the date, time, and location of the hearing. Interested parties are invited to comment on the preliminary determination of this review.

Suspension of Liquidation

In accordance with section 733(d)(2) of the Act, we will direct U.S. Customs and Border Protection ("CBP") to suspend liquidation of all entries of ferrosilicon from Venezuela, as described in the "Scope of the Investigation" section, entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the **Federal Register**.

Pursuant to 19 CFR 351.205(d), the Department will instruct CBP to require a cash deposit ⁸ equal to the preliminary weighted-average amount by which normal value exceeds U.S. price, as indicated in the chart above. These suspension of liquidation instructions will remain in effect until further notice.

Postponement of Final Determination and Extension of Provisional Measures

Section 735(a)(2) of the Act provides that a final determination may be postponed until not later than 135 days after the date of the publication of the preliminary determination if, in the event of an affirmative preliminary determination, a request for such postponement is made by exporters who account for a significant proportion of exports of the subject merchandise, or in the event of a negative preliminary determination, a request for such postponement is made by Petitioner. 19

CFR 351.210(e)(2) requires that requests by respondents for postponement of a final determination be accompanied by a request for extension of provisional measures from a four-month period to not more than six months.

On January 14, 2014, FerroVen requested that, in the event of an affirmative preliminary determination in this investigation, the Department postpone its final determination by 60 days (135 days after publication of the preliminary determination), and agreed to extend the application of the provisional measures prescribed under section 733(d) of the Act and 19 CFR 351.210(e)(2), from a four-month period to a six-month period.9 In accordance with section 735(a)(2)(A) of the Act and 19 CFR 351.210(b)(2)(ii), because (1) our preliminary determination is affirmative; (2) the requesting producer/ exporter accounts for a significant proportion of exports of the subject merchandise; and (3) no compelling reasons for denial exist, we are postponing the final determination until no later than 135 days after the publication of this notice in the Federal Register. We are also extending the application of the provisional measures prescribed under section 733(d) of the Act and 19 CFR 351.210(e)(2) from a four-month period to a six-month period.

U.S. International Trade Commission ("ITC") Notification

In accordance with section 733(f) of the Act, we will notify the ITC of our preliminary affirmative determination of sales at LTFV. Because the preliminary determination in this proceeding is affirmative, section 735(b)(2) of the Act requires that the ITC make its final determination as to whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports of ferrosilicon from Venezuela before the later of 120 days after the date of this preliminary determination or 45 days after our final determination. Because we are postponing the deadline for our final determination to 135 days from the date of the publication of this preliminary determination, as discussed above, the ITC will make its final determination no later than 45 days after our final determination. This determination is issued and published pursuant to sections 733(f) and 777(i)(1) of the Act.

Dated: March 4, 2014.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.

DEPARTMENT OF COMMERCE

International Trade Administration [A-821-820]

Ferrosilicon From the Russian Federation: Preliminary Determination of Sales at Not Less Than Fair Value

AGENCY: Enforcement and Compliance, formerly Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce ("the Department") preliminarily determines that ferrosilicon from the Russian Federation ("Russia") is not being, nor is likely to be, sold in the United States at less than fair value ("LTFV"), as provided in section 733(b) of the Tariff Act of 1930, as amended ("the Act"). The period of investigation is July 1, 2012, through June 30, 2013. The estimated weighted-average dumping margins of sales at LTFV are listed in the "Preliminary Determination" section of this notice. Interested Parties are invited to comment on this preliminary determination. The final determination

⁷ See 19 CFR 351.310(c).

⁸ See Modification of Regulations Regarding the Practice of Accepting Bonds During the Provisional Measures Period in Antidumping and Countervailing Duty Investigations, 76 FR 61042 (October 3, 2011).

⁹ See Letter to the Secretary of Commerce from FerroVen "Request for Extension of Final Determination" January 14, 2014.

will be issued not later than 75 days after publication of this preliminary determination in the **Federal Register**. **DATES:** *Effective Date*: March 11, 2014. **FOR FURTHER INFORMATION CONTACT:** Irene Gorelik, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–6905.

SUPPLEMENTARY INFORMATION: On August 8, 2013, the Department initiated the antidumping duty investigation on ferrosilicon from Russia.¹

Scope of the Investigation

The merchandise covered by this investigation is all forms and sizes of ferrosilicon, regardless of grade, including ferrosilicon briquettes.
Ferrosilicon is a ferroalloy containing by weight four percent or more iron, more than eight percent but not more than 96 percent silicon, three percent or less phosphorus, 30 percent or less manganese, less than three percent magnesium, and 10 percent or less any other element. The merchandise covered also includes product described as slag, if the product meets these specifications.

Ferrosilicon is currently classified under U.S. Harmonized Tariff Schedule ("HTSUS") subheadings 7202.21.1000, 7202.21.5000, 7202.21.7500, 7202.21.9000, 7202.29.0010, and 7202.29.0050. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise is dispositive.

Tolling of Deadlines for Preliminary Determination

As explained in the memorandum from the Assistant Secretary for Enforcement and Compliance, the Department exercised its discretion to toll deadlines for the duration of the closure of the Federal Government from October 1, through October 16, 2013.² Therefore, all deadlines in this investigation have been extended by 16 days. If the new deadline falls on a non-business day, in accordance with the Department's practice, the deadline will become the next business day.³ The

tolled deadline for the preliminary determination of this investigation was January 13, 2014.

Postponement of the Preliminary Determination

Based on a timely request from Petitioners,⁴ on December 23, 2013, the Department postponed the deadline for the preliminary determination by 50 days to March 4, 2014, pursuant to section 733(c)(1)(A) of the Act and 19 CFR 351.205(e).⁵

Methodology

The Department conducted this investigation in accordance with section 731 of the Act. Constructed export prices have been calculated in accordance with section 772 of the Act. Normal value has been calculated in accordance with section 773 of the Act.

For a full description of the methodology underlying our conclusions, see Preliminary Decision Memorandum.⁶ The Preliminary Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System ("IA ACCESS"). IA ACCESS is available to registered users at https:// iaaccess.trade.gov, and is available to all parties in the Department's Central Records Unit, located at room 7046 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be found at http:// enforcement.trade.gov/frn/. The signed and the electronic versions of the Preliminary Decision Memorandum are identical in content.

Preliminary Determination

The Department preliminarily determines that the following weighted-average dumping margins exist:

Producer or exporter	Weighted-average margin (percent)
RFA International LP 7	0.00

Consistent with section 733(d)(1)(A) of the Act, the Department has not calculated a weighted-average dumping margin for all other producers or exporters because it has not made an affirmative preliminary determination of sales at less than fair value.

Suspension of Liquidation

Because this preliminary determination is negative, we are not directing U.S. Customs and Border Protection to suspend liquidation of entries of ferrosilicon from Russia.

Disclosure and Public Comment

The Department will disclose the calculations performed to parties in this investigation within five days of the date of publication of this notice, consistent with 19 CFR 351.224(b).

Interested parties are invited to comment on the preliminary determination of this investigation. Case briefs may be submitted to the Assistant Secretary for Enforcement and Compliance no later than seven days after the date on which the final verification report is issued in this proceeding.8 Rebuttal briefs, limited to issues raised in case briefs, may be submitted no later than five days after the deadline date for case briefs.9 Pursuant to 19 CFR 351.309(c)(2) and (d)(2), parties who submit case briefs or rebuttal briefs in this proceeding are encouraged to submit with each argument: (1) A statement of the issue: (2) a brief summary of the argument; and (3) a table of authorities.

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, or to participate if one is requested, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce. An electronically filed document must be received successfully in its entirety in IA ACCESS by 5 p.m. Eastern Standard

³ See Notice of Clarification: Application of "Next Business Day" Rule for Administrative

Determination Deadlines Pursuant to the Tariff Act of 1930, As Amended, 70 FR 24533 (May 10, 2005).

⁴Petitioners include the following: Globe Specialty Metals, Inc.; CC Metals and Alloys, LLC; the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union; and the International Union, United Automobile, Aerospace and Agricultural Implement Workers of America.

⁵ See Ferrosilicon From the Russian Federation and Venezuela: Postponement of Preliminary Determinations of Antidumping Duty Investigations, 78 FR 77423 (December 23, 2013).

⁶ See "Decision Memorandum for Preliminary Determination of the Antidumping Duty Investigation of Ferrosilicon from the Russian Federation ('Russia')," from Christian Marsh, Deputy Assistant Secretary for Enforcement and Compliance, to Paul Piquado, Assistant Secretary for Enforcement and Compliance, dated concurrently with this determination and hereby adopted by this notice ("Preliminary Decision Memorandum").

⁷ We preliminarily determine that RFA International LP, Chelyabinsk Electrometallurgical Integrated Plant Joint Stock Company, and JSC Kuznetskie Ferrosplavy comprise a single entity. See Preliminary Decision Memorandum. Therefore, the weighted-average margin applies to the single entity comprised of these three companies.

⁸ See 19 CFR 351.309(c).

⁹ See 19 CFR 351.309(d).

Time within 30 days after the date of publication of this notice. ¹⁰ Requests should contain the party's name, address, and telephone number, the number of participants, and a list of the issues to be discussed. If a request for a hearing is made, the Department will inform parties of the scheduled time and date for the hearing, which will be held at the U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230. Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

U.S. International Trade Commission ("ITC") Notification

In accordance with section 733(f) of the Act, we will notify the ITC of our preliminary negative determination of sales at LTFV. If our final determination is affirmative, the ITC will determine before the later of 120 days after the date of this preliminary determination or 45 days after our final determination whether these imports are materially injuring, or threaten material injury to, the U.S. industry.

This determination is issued and published pursuant to sections 733(f) and 777(i)(1) of the Act.

Dated: March 4, 2014.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

Notice of Public Meeting—Intersection of Cloud Computing and Mobility Forum and Workshop

AGENCY: National Institute of Standards and Technology, Department of Commerce.

ACTION: Notice of public forum and workshop.

SUMMARY: The National Institute of Standards and Technology (NIST) announces the Intersection of Cloud and Mobility Forum and Workshop to be held on Tuesday, March 25, Wednesday, March 26, and Thursday, March 27, 2014. The format is a threeday forum with breakout sessions held each day. The meeting was originally scheduled for October 1-3, 2013 and was rescheduled as a result of the government shutdown due to a lapse in appropriations. The NIST Intersection of Cloud and Mobility Forum and Workshop will bring together leaders and innovators from industry, academia and government in an interactive format that combines keynote presentations, panel discussions, interactive breakout sessions, and open discussion. The forum and workshop are open to the general public. NIST invites organizations to display posters and participate as exhibitors as described in the **SUPPLEMENTARY INFORMATION** section

DATES: The Intersection of Cloud and Mobility Forum and Workshop will be held 9:00 a.m.—5:00 p.m. Eastern Time (ET) on Tuesday, March 25, 9:00 a.m.—5:00 p.m. e.t. on Wednesday, March 26, and 9:00 a.m.—12:30 p.m. e.t. on Thursday, March 27, 2014. Registration closes at 5:00 p.m. e.t. on Monday, March 17, 2014.

ADDRESSES: To register, go to: http://www.nist.gov/itl/cloud/intersection-of-cloud-and-mobility.cfm. The event will be held at the National Institute of Standards and Technology, 100 Bureau Drive, Gaithersburg, MD 20899 in the Red Auditorium of the Administration Building (Building 101). Please note admittance instructions in the

SUPPLEMENTARY INFORMATION section below.

To request an exhibit table or a poster display, contact Tara Brown at *tara.brown@nist.gov* or 301–975–4178.

FOR FURTHER INFORMATION CONTACT:

Michaela Iorga by email at michaela.iorga@nist.gov or by phone at (301) 975–8431. Additional information may be found at: http://www.nist.gov/itl/cloud/intersection-of-cloud-and-mobility.cfm.

SUPPLEMENTARY INFORMATION: NIST hosted six prior Cloud Computing Forum & Workshop events in May 2010, November 2010, April 2011, November 2011, June 2012 and January 2013. The series of workshops was organized in response to the request of the U.S. Chief Information Officer that NIST lead federal efforts on standards for data portability, cloud interoperability, and security. The workshops' goals are to engage with industry to accelerate the development of cloud standards for interoperability, portability, and security, discuss the Federal Government's experience with cloud computing, report on the status of the NIST Cloud Computing efforts, launch and report progress on the NIST-led initiative to collaboratively develop a U.S. Government (USG) Cloud Computing Technology Roadmap among multiple federal and industrial stakeholders, and to advance the dialogue among all of these stakeholders. This workshop in the series has been expanded to focus on the emerging trend of Mobility in the context of its convergence with and complementary relationship to Cloud Computing.

On the first day, the workshop presenters will focus on the future of Cloud Computing, Mobility and where the two intersect, in addition to providing a status update on NIST efforts to develop or support development of security, interoperability and portability open standards, cloud service metrics and service level agreement guidance. On the second day, the workshop will focus on current Cloud Computing and Mobility challenges and how these challenges could be alleviated or exacerbated at the intersection of Cloud and Mobility. On the third day, the workshop will focus on the path forward to achieve full integration and harmonization of Cloud Computing and Mobility and to explore possibilities for harmonizing the two in ways that unleash their complementing power and augment their inter-correlation to promote progress and prosperity.
