*Abstract of proposed collection:* The Birth Affidavit is submitted in conjunction with an application for a U.S. passport, and is used by Passport Services to collect information for the purpose of establishing the U.S. nationality of a passport applicant who has not submitted an acceptable United States birth certificate with his/her passport application. The Secretary of State is authorized to issue U.S. passports under 22 U.S.C. 211a et seq, 8 U.S.C. 1104, and Executive Order 11295 (August 5, 1966). Pursuant to 22 CFR 51.2, only U.S. nationals may be issued a U.S. passport. Most passport applicants show U.S. nationality by providing a birth certificate showing the applicant was born in the United States. Some applicants, however, may have been born in the United States, but were never issued a birth certificate. Form DS-10 is a form affidavit for completion by a witness to the birth of such an applicant; it collects information relevant to establishing the identity of the affiant, and the birth circumstances of the passport applicant. If credible, the affidavit may permit the applicant to show U.S. nationality based on the applicant's birth in the United States, despite having never been issued a U.S. birth certificate. We use the information collected on the person completing the affidavit to confirm that individual's identity, which is relevant to confirming his or her relationship to the applicant and the likelihood that the affiant has actual knowledge of the circumstances of the applicant's birth.

*Methodology:* When needed, a Birth Affidavit is completed at the time a U.S. citizen applies for a U.S. passport.

Abstract of proposed collection:

Forms for this collection are completed by panel physicians for refugees and aliens seeking immigrant visas to the U.S. The collection records medical information necessary to determine whether refugees or immigrant visa applicants have medical conditions affecting the public health and requiring treatment.

*Methodology:* A panel physician, contracted by the consular post in accordance with instructions issued by the Centers for Disease Control (CDC), performs the medical examination of the applicant and completes the forms. The CDC also provides panel physicians with technical instructions (TIs) for completing the form. Panel physicians follow either the 1991 version or the 2007 version of the TIs. Forms DS-2053 and DS-3024 correspond with the 1991 TIs; Form DS-2054 and Form DS-3030 correspond with the 2007 TIs. Forms DS-3025 and DS-3026 correspond with both sets of TIs. Upon completing the

applicant's medical examination, the examining panel physician submits a report to the consular officer on Form DS-2053 or DS-2054.

### Major Issues Raised by the United States

On November 16, 2012, the WTO Dispute Settlement Body (“DSB”) adopted its recommendations and rulings in the dispute China—Countervailing and Anti-Dumping Duties on Grain Oriented Flat-rolled Electrical Steel from the United States (“China—GOES”) (DS414). The DSB found that China imposed antidumping and countervailing duties on U.S. exports of grain oriented flat-rolled electrical steel (“GOES”) in a manner that breached China’s obligations under the *Agreement on Implementation of Article VI of the General Agreement on Tariffs and Trade 1994* (“AD Agreement”) and the *Agreement on Subsidies and Countervailing Measures* (“SCM Agreement”). The DSB recommended that China bring its measures into conformity with its obligations under these Agreements.

On November 30, 2012, China announced its intention to implement the DSB’s recommendations and rulings in this dispute and stated that it would need a reasonable period of time in which to do so. On May 3, 2013, the arbitrator appointed under Article 21.3(c) of the DSU issued an Award providing China eight months and 15 days to implement the DSB’s recommendations and rulings, expiring on July 31, 2013. On July 31, 2013, China issued a re-determination in relation to the duties at issue in this dispute, as set forth in China’s Ministry of Commerce (MOFCOM) Public Notice [2013] No. 51, including its annexes. This re-determination continues the imposition of antidumping and
