DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket Nos. RM01-8-000; RM10-12-000; RM12-3-000]

Filing Requirements for El. Utility S.A.; Electricity Market Transparency Provisions of Section 220 of the Federal Power Act; Revisions to Electric Quarterly Report Filing Process; Order Extending and Setting Deadlines To File Electric Quarterly Reports

Before Commissioners: Cheryl A. LaFleur, Acting Chairman; Philip D. Moeller, John R. Norris, and Tony Clark.

1. This order establishes new deadlines for filing the third quarter (Q3) 2013 Electric Quarterly Report (EQR), fourth quarter (Q4) 2013 EQR, and first quarter (Q1) 2014 EQR. On September 21, 2012, the Federal Energy Regulatory Commission (Commission) issued Order No. 768,¹ which, among

other things, revised the existing EQR filing requirements to require market participants that are excluded from the Commission's jurisdiction under section 205 of the Federal Power Act (FPA)² and have more than a *de minimis* market presence to file EQRs with the Commission. The requirement for certain non-public utilities to file EQRs was to be implemented at the same time as the requirement for all EQR filers (both public utilities and non-public utilities) to report the revised EQR data fields adopted in Order No. 768, i.e., beginning with Q3 2013.³

2. On November 12, 2012, the Commission issued Order No. 770,⁴ which, among other things, revised the Commission's regulations to change the process for filing EQRs. In Order No. 770, the Commission announced that, due to technology changes that will render the current filing process outmoded, ineffective, and unsustainable, the Commission will discontinue the use of Commission-distributed software to file an EQR. The Commission reported that, instead, it will adopt a web-based approach to filing EQRs that will allow a public or non-public utility to file an EQR directly through the Commission's Web site, either through a web interface or by submitting an Extensible Mark-Up Language-formatted file. The Commission stated that the changes to the process for filing EQRs would apply to EQR filings beginning with the Q3 2013 EQR.⁵

3. On October 10, 2013, the Commission notified all public and non-public utilities that they were not to file Q3 2013 EQRs until the web-based approach was available.⁶ The Commission extended the deadline for public and non-public utilities to file Q3
