

voucher. VIMIZIM (elosulfase alfa) is indicated for the treatment of Mucopolysaccharidosis Type IV A (Morquio A syndrome). Morquio A syndrome is a rare congenital disorder caused by the absence or malfunctioning of an enzyme involved in an important metabolic pathway, leading to problems with bone development, growth, and movement.

For further information about the Rare Pediatric Disease Priority Review Voucher Program and for a link to the full text of section 529 of the FD&C Act, go to <http://www.fda.gov/ForIndustry/DevelopingProductsforRareDiseasesConditions/RarePediatricDiseasePriorityVoucherProgram/default.htm>.

For further information about VIMIZIM (elosulfase alfa), go to the Drugs@FDA Web site at <http://www.accessdata.fda.gov/scripts/cder/drugsatfda/index.cfm>.

Dated: March 7, 2014.

Leslie Kux,

Assistant Commissioner for Policy.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Health Resources and Services Administration

Agency Information Collection Activities: Proposed Collection: Public Comment Request

AGENCY: Health Resources and Services Administration, HHS.

ACTION: Notice.

SUMMARY: In compliance with the requirement for opportunity for public comment on proposed data collection projects (Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995), the Health Resources and Services Administration (HRSA) announces plans to submit an Information Collection Request (ICR), described below, to the Office of Management and Budget (OMB). Prior to submitting the ICR to OMB, HRSA seeks comments from the public regarding the burden estimate, below, or any other aspect of the ICR.

DATES: Comments on this Information Collection Request must be received within 60 days of this notice.

ADDRESSES: Submit your comments to paperwork@hrsa.gov or mail the HRSA Information Collection Clearance Officer, Room 10-29, Parklawn Building, 5600 Fishers Lane, Rockville, MD 20857.

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of the data collection plans and draft instruments, email paperwork@hrsa.gov or call the HRSA Information Collection Clearance Officer at (301) 443-1984.

SUPPLEMENTARY INFORMATION: When submitting comments or requesting information, please include the information request collection title for reference.

Information Collection Request Title: National Health Service Corps Ambassador Portal OMB No. 0915-xxxx—New.

Abstract: The National Health Service Corps (NHSC), administered by the Health Resources and Services Administration, is committed to improving the health of the nation's underserved by uniting communities in need with caring health professionals and by supporting communities' efforts to build better systems of care. The NHSC programs provide scholarships and repay educational loans for primary care physicians, dentists, nurse practitioners, physician assistants, behavioral health providers, and other primary care providers who agree to practice in areas of the country that need them most. The NHSC invites individuals who are affiliated with academic, clinical, trade, and other public health related organizations to apply to be volunteers within the NHSC Ambassador Program. NHSC Ambassadors are dedicated volunteers who help educate and inform prospective NHSC members. Ambassadors give their time and talents to spread the word about the opportunities available through the NHSC and serve as additional local resources for current NHSC members. NHSC Ambassadors inspire and motivate students and providers to provide primary health care in communities with limited access to care.

The NHSC Ambassador Portal will serve as both the application interface for interested individuals to apply and become NHSC Ambassadors, as well the

public-facing online searchable database of Ambassador contact information. Applicants will create individual Ambassador profiles that will contain information such as name, email address(es), professional/employment information (including organization name and address or the school which they attend), phone number(s), which discipline of students and/or professionals they interact with, and a brief reason why they would like to be an Ambassador. Completed applications will be forwarded through the portal to NHSC staff for approval. If approved, the NHSC Ambassadors will have the opportunity to add brief professional biographies and social network addresses to their profile. Assistance in completing the application will be provided through prompts via the online portal and also through the NHSC Customer Care Center, if necessary.

Need and Proposed Use of the Information: The need and purpose of this information collection is to create a database where interested parties can search for NHSC Ambassadors (that meet specific search criteria) to serve as local resources on the NHSC programs. The other purpose is that NHSC can have access to volunteers who are available to spread important programmatic information on behalf of the NHSC.

Likely Respondents: Individuals who are affiliated with academic, clinical, trade, and other public health related organizations.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this Information Collection Request are summarized in the table below.

TOTAL ESTIMATED ANNUALIZED BURDEN HOURS:

Form name	Number of respondents	Number of responses per respondent	Total responses	Average burden per response (in hours)	Total burden hours
Ambassador Portal—New Applicants	200	1	200	.16	32
Ambassador Portal—Updates to current Ambassador profiles	500	1	500	.16	80
Total	700	1	700	.16	112

HRSA specifically requests comments on (1) the necessity and utility of the proposed information collection for the proper performance of the agency's functions, (2) the accuracy of the estimated burden, (3) ways to enhance the quality, utility, and clarity of the information to be collected, and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

Dated: March 6, 2014.

Jackie Painter,

Deputy Director, Division of Policy and Information Coordination.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Health Resources and Services Administration

Agency Information Collection Activities: Submission to OMB for Review and Approval; Public Comment Request

AGENCY: Health Resources and Services Administration, HHS.

ACTION: Notice.

SUMMARY: In compliance with Section 3507(a)(1)(D) of the Paperwork Reduction Act of 1995, the Health Resources and Services Administration (HRSA) has submitted an Information Collection Request (ICR) to the Office of Management and Budget (OMB) for review and approval. Comments submitted during the first public review of this ICR will be provided to OMB. OMB will accept further comments from the public during the review and approval period.

DATES: Comments on this ICR should be received within 30 days of this notice.

ADDRESSES: Submit your comments, including the Information Collection Request Title, to the desk officer for HRSA, either by email to *OIRA_submission@omb.eop.gov* or by fax to 202-395-5806.

FOR FURTHER INFORMATION CONTACT: To request a copy of the clearance requests submitted to OMB for review, email the HRSA Information Collection Clearance Officer at *paperwork@hrsa.gov* or call (301) 443-1984.

SUPPLEMENTARY INFORMATION:

Information Collection Request Title: Special Study—Emerging issues related to Affordable Care Act (ACA) Implementation: The future of Ryan White Services: A Snapshot of Outpatient Ambulatory Medical Care OMB No. 0915-xxxx—NEW.

Abstract: The Health Resources and Services Administration, HIV/AIDS Bureau (HRSA/HAB) implements the Ryan White HIV/AIDS Program (RWHAP). This program provides HIV-related services in the United States for those who do not have sufficient health care coverage or financial resources for coping with HIV disease. Starting January 1, 2014, the ACA began making health care coverage available to many HIV-positive individuals who did not previously have access to such coverage. This ACA expansion of health coverage will impact a significant portion of Ryan White HIV/AIDS Program's (RWHAP) traditional clients who will be moving into third party reimbursement care. The transition will require increased support and coordination to ensure clients do not experience gaps in coverage, or gaps in care. The purpose of this evaluation study is to assess the current status of Ryan White services during the early and later stages of ACA

implementation and to collect information on service provisions, quality of care, barriers, gaps, and challenges related to ACA implementation.

Need and Proposed Use of the Information: The ACA will offer new options for obtaining health care services for many individuals with HIV. Due to these changes, additional information concerning staffing, continuity and coordination of care, and utilization of RWHAP funds to provide essential services is necessary. Data from this evaluation study will be used to assess the current status of Ryan White services during the early (January 2014 to June 2014) and later (July 2014 to December 2014) stages of ACA implementation and how well the RWHAP is positioned to improve clinical outcomes, including viral suppression, retention to care, and linkage to care services.

Likely Respondents: HIV Providers and Administrators from RWHAP-funded facilities.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.

TOTAL ESTIMATED ANNUALIZED BURDEN—HOURS

Form name	Number of respondents	Number of responses per respondent	Total responses	Average burden per response (in hours)	Total burden hours
