

DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission**

[Docket No. ER14-1397-000]

Storm Lake Power Partners II, LLC; Supplemental Notice That Initial Market-Based Rate Filing Includes Request for Blanket Section 204 Authorization

This is a supplemental notice in the above-referenced proceeding of Storm Lake Power Partners II, LLC's application for market-based rate authority, with an accompanying rate tariff, noting that such application includes a request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability.

Any person desiring to intervene or to protest should file with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant.

Notice is hereby given that the deadline for filing protests with regard to the applicant's request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability, is March 27, 2014.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 5 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

The filings in the above-referenced proceeding are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the Web site that enables subscribers to receive email notification when a document is added to a subscribed

docket(s). For assistance with any FERC Online service, please email FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Dated: March 7, 2014.

Nathaniel J. Davis, Sr.,
Deputy Secretary.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9907-89-OA]

Notification of Public Teleconferences of the Clean Air Scientific Advisory Committee Air Monitoring and Methods Subcommittee**AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Notice.

SUMMARY: The Environmental Protection Agency (EPA) Science Advisory Board (SAB) Staff Office announces three public teleconferences of the Clean Air Scientific Advisory Committee (CASAC) Air Monitoring and Methods Subcommittee (AMMS) to conduct a review of the scientific and technical aspects of a draft document that supports a recommendation to adopt the Nitric Oxide (NO)-Chemiluminescence method as a second Federal Reference Method (FRM) for measuring Ozone.

DATES: The three CASAC AMMS public teleconferences will be held on Thursday, April 3, 2014; Tuesday, April 8, 2014; and, Thursday, June 12, 2014, with all three occurring from 11:30 a.m. to 4:30 p.m. (Eastern Time).

ADDRESSES: The three CASAC AMMS public teleconferences will take place via telephone only.

FOR FURTHER INFORMATION CONTACT: Any member of the public who wants further information concerning the CASAC AMMS public teleconferences may contact Mr. Edward Hanlon, Designated Federal Officer (DFO), EPA Science Advisory Board (1400R), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue NW., Washington, DC 20460; via telephone/voicemail at (202) 564-2134, fax at (202) 565-2098; or email at hanlon.edward@epa.gov. General information concerning the CASAC can be found on the EPA Web site at <http://www.epa.gov/casac>.

SUPPLEMENTARY INFORMATION: The CASAC was established pursuant to the Clean Air Act (CAA) Amendments of 1977, codified at 42 U.S.C. 7409D(d)(2), to provide advice, information, and

recommendations to the Administrator on the scientific and technical aspects of issues related to the criteria for air quality standards, research related to air quality, sources of air pollution, and the strategies to attain and maintain air quality standards and to prevent significant deterioration of air quality. The CASAC is a Federal Advisory Committee chartered under the Federal Advisory Committee Act (FACA), 5 U.S.C., App. 2. The CASAC AMMS and the CASAC will comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies. The CASAC AMMS will provide advice to the Administrator through the chartered CASAC. Pursuant to FACA and EPA policy, notice is hereby given that the CASAC AMMS will hold three public teleconferences to discuss and deliberate on the topic below.

Background

The EPA is developing scientific and technical documents associated with the Ozone (O₃) National Ambient Air Quality Standard (NAAQS). The O₃ NAAQS FRM serves as the standard protocol for measuring ambient O₃ concentration values. The O₃ NAAQS FRM is used to assess whether a given geographic region is in full regulatory compliance with the appropriate O₃ NAAQS standard. The O₃ NAAQS FRM is also used to help assess the operational and laboratory-based performance of emerging monitoring technologies. The current O₃ NAAQS FRM (Ethylene-Chemiluminescence method) is no longer being manufactured, and the EPA's Office of Research and Development (ORD) is proposing addition of the Nitric Oxide (NO)-Chemiluminescence method as a second FRM for O₃. During the April 3, 2014 teleconference call, the CASAC AMMS will review the scientific and technical aspects of a draft document that supports ORD's recommendation to adopt the NO-Chemiluminescence method as a second FRM for measuring O₃. The April 8, 2014 AAMS teleconference will only be held if the subcommittee does not complete its deliberations on the topic being considered during the April 3, 2014 public teleconference.

Technical Contacts: Any technical questions concerning EPA's proposal to add the NO-Chemiluminescence method as a second FRM for O₃ should be directed to Mr. Eric S. Hall, National Exposure Research Laboratory, Office of Research and Development, U.S. EPA, 109 T.W. Alexander Drive, MD E205-03, Research Triangle Park, NC 27711-0001, telephone (919) 541-3147 or via email at hall.eric@epa.gov.

Availability of Meeting Materials: Prior to the meeting, the review document, agenda and other materials will be accessible through the calendar link on the blue navigation bar at <http://www.epa.gov/casac/>.

Procedures for Providing Public Input: Public comment for consideration by EPA's federal advisory committees and panels has a different purpose from public comment provided to EPA program offices. The intended use of comments submitted to a federal advisory committee is different from the purpose of comments submitted to the EPA's program offices. Federal advisory committees and panels, including scientific advisory committees, provide independent advice to EPA. Members of the public may submit relevant comments pertaining to the group conducting the review to the SAB Staff Office or provide relevant comments pertaining to the topics being considered including the charge to the CASAC Subcommittee to consider as it develops advice for EPA. Input from the public to the CASAC Subcommittee will have the most impact if it provides specific scientific or technical information or analysis for the CASAC Subcommittee to consider or if it relates to the clarity or accuracy of the technical information. Members of the public wishing to provide comment should contact the DFO directly.

Oral Statements: In general, individuals or groups requesting an oral presentation will be limited to three minutes for the public teleconferences. Each person making an oral statement should consider providing written comments as well as their oral statement so that the points presented orally can be expanded upon in writing. Interested parties should contact Mr. Edward Hanlon, DFO, in writing (preferably via email) at the contact information noted above by April 2, 2014, to be placed on the list of public speakers for the April 3, 2014 public teleconference, and by June 5, 2014, to be placed on the list of public speakers for the June 12, 2014 public teleconference.

Written Statements: Written statements should be supplied to Mr. Hanlon, DFO, via email at the contact information noted above by April 2, 2014 for the April 3, 2014 public teleconference, and by June 5, 2014 for the June 12, 2014 public teleconference so that the information may be made available to the AMMS members for their consideration. Written statements should be supplied in one of the following electronic formats: Adobe Acrobat PDF, MS Word, MS PowerPoint, or Rich Text files in IBM-PC/Windows 98/2000/XP format. It is

the SAB Staff Office general policy to post written comments on the Web page for the advisory meeting or teleconference. Submitters are requested to provide an unsigned version of each document because the SAB Staff Office does not publish documents with signatures on its Web sites. Members of the public should be aware that their personal contact information, if included in any written comments, may be posted to the CASAC Web site. Copyrighted material will not be posted without explicit permission of the copyright holder.

Accessibility: For information on access or services for individuals with disabilities, please contact Mr. Edward Hanlon at (202) 564-2134 or hanlon.edward@epa.gov. To request accommodation of a disability, please contact Mr. Hanlon preferably at least ten days prior to the public meeting and/or teleconference to give EPA as much time as possible to process your request.

Dated: March 5, 2014.

Thomas H. Brennan,

Deputy Director, EPA Science Advisory Board Staff Office.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9907-90-OA]

Notification of a Public Teleconference of the Chartered Clean Air Scientific Advisory Committee (CASAC) and the CASAC Ozone Review Panel

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) Science Advisory Board (SAB) Staff Office announces a public teleconference of the Chartered CASAC and the CASAC Ozone Review Panel to review and finalize CASAC draft letters on three EPA documents: (1) *Health Risk and Exposure Assessment for Ozone—Second External Review Draft (January 2014)*; (2) *Welfare Risk and Exposure Assessment for Ozone—Second External Review Draft (January 2014)*; and (3) *Policy Assessment for the Review of the Ozone National Ambient Air Quality Standards—Second External Review Draft (January 2014)*.

DATES: The CASAC teleconference will be held on Wednesday, May 28, 2014 from 9:00 a.m. to 12:00 p.m. (Eastern Time).

Location: The public teleconference will be conducted by telephone only.

FOR FURTHER INFORMATION CONTACT: Any member of the public who wants further information concerning the public teleconference may contact Dr. Holly Stallworth, Designated Federal Officer (DFO), via telephone at (202) 564-2073 or email at stallworth.holly@epa.gov. General information concerning the CASAC can be found on the EPA Web site at <http://www.epa.gov/casac>.

SUPPLEMENTARY INFORMATION: The CASAC was established pursuant to the Clean Air Act (CAA) Amendments of 1977, codified at 42 U.S.C. 7409(d)(2), to review air quality criteria and NAAQS and recommend any new NAAQS and revisions of existing criteria and NAAQS as may be appropriate. The CASAC shall also provide advice, information, and recommendations to the Administrator on the scientific and technical aspects of issues related to the criteria for air quality standards, research related to air quality, sources of air pollution, and of adverse effects which may result from various strategies to attain and maintain air quality standards. The CASAC is a Federal Advisory Committee chartered under the Federal Advisory Committee Act (FACA), 5 U.S.C., App. 2, Section 109(d)(1) of the CAA requires that the Agency periodically review and revise, as appropriate, the air quality criteria and the NAAQS for the six "criteria" air pollutants, including ozone. EPA's draft documents for CASAC review were prepared as part of the agency's review of the National Ambient Air Quality Standards (NAAQS) for ozone.

Pursuant to FACA and EPA policy, notice is hereby given that the Chartered CASAC augmented with additional experts, known as the CASAC Ozone Review Panel, will hold a public teleconference to review and finalize its letters on the three EPA documents cited above. The CASAC and the CASAC Ozone Panel will comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies.

Section 109(d)(1) of the CAA requires that the Agency periodically review and revise, as appropriate, the air quality criteria and the NAAQS for the six "criteria" air pollutants, including ozone. EPA is currently reviewing the primary (health-based) and secondary (welfare-based) NAAQS for ozone. The CASAC reviewed the first drafts of the EPA's *Health Risk and Exposure Assessment for Ozone (First External Review Draft—Updated August 2012)* and *Welfare Risk and Exposure Assessment for Ozone (First External*
