

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-71672; File No. SR-MIAX-2014-10]

Self-Regulatory Organizations; Miami International Securities Exchange LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend the MIAX Fee Schedule

March 10, 2014.

Pursuant to the provisions of Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder,² notice is hereby given that on February 27, 2014, Miami International Securities Exchange LLC (“MIAX” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) a proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange is filing a proposal to amend the MIAX Option Fee Schedule (“Fee Schedule”) to specify the frequency with which the Exchange may change the Options Regulatory Fee (“ORF”).³

The text of the proposed rule change is available on the Exchange’s Web site at http://www.miaxoptions.com/filter/wotitle/rule_filing, at MIAX’s principal office, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the Fee Schedule (i) to increase the ORF from \$0.0040 per contract to \$0.0045 per contract; and (ii) to specify the frequency with which the Exchange may change the ORF. The Exchange proposes to increase the ORF in light of increased regulatory costs and expected volume levels in 2014. The filing is based on the substantially similar filings filed by NYSE Arca, Inc and NYSE MKT LLC.⁴ The proposed fee change would be operative on April 1, 2014.

The Exchange proposes to increase the ORF from \$0.0040 per contract to \$0.0045 per contract in light of increased regulatory costs and expected volume levels in 2014. The ORF is assessed by the Exchange on each Member for all options transactions executed or cleared by the Member that are cleared by The Options Clearing Corporation (“OCC”) in the customer range (*i.e.*, transactions that clear in the customer account of the Member’s clearing firm at OCC) regardless of the exchange on which the transaction occurs. The fee is collected indirectly from Members through their clearing firms by OCC on behalf of the Exchange. The dues and fees paid by Members go into the general funds of the Exchange, a portion of which is used to help pay the costs of regulation. The ORF is designed to recover a material portion of the costs to the Exchange of the supervision and regulation of Member customer options business, including performing routine surveillances, investigations, examinations, financial monitoring, as well as policy, rulemaking, interpretive and enforcement activities. The Exchange believes that revenue generated from the ORF, when combined with all of the Exchange’s other regulatory fees and fines, will cover a material portion, but not all, of the Exchange’s regulatory costs. The Exchange notes that its regulatory responsibilities with respect to Member compliance with options sales practice rules have largely been allocated to FINRA under a 17d-2 agreement. The ORF is not designed to cover the cost of that options sales practice regulation. The Exchange will continue to monitor the amount of revenue collected from the ORF to

ensure that it, in combination with its other regulatory fees and fines, does not exceed the Exchange’s total regulatory costs. If the Exchange determines regulatory revenues exceed regulatory costs, the Exchange will adjust the ORF by submitting a fee change filing to the Commission.

In response to industry feedback requesting greater certainty as to when ORF changes may occur, the Exchange proposes to specify in the Fee Schedule that the Exchange may only increase or decrease the ORF semi-annually, and any such fee change will be effective on the first business day of February or August. In addition to submitting a proposed rule change to the Commission as required by the Act to increase or decrease the ORF, the Exchange will notify participants via a Regulatory Circular of any anticipated change in the amount of the fee at least 30 calendar days prior to the effective date of the change. The Exchange believes that by providing guidance on the timing of any changes to the ORF, the Exchange would make it easier for participants to ensure their systems are configured to properly account for the ORF.

The proposed change is not intended to address any other issues, and the Exchange is not aware of any problems that Members would have in complying with the proposed change.

2. Statutory Basis

The Exchange believes that its proposal to amend its fee schedule is consistent with Section 6(b) of the Act⁵ in general, and furthers the objectives of Section 6(b)(4) of the Act⁶ in particular, in that it is an equitable allocation of reasonable fees and other charges among Exchange members.

The Exchange believes the proposed fee change is reasonable because it would help the Exchange offset increased regulatory expenses, but would not result in total regulatory revenue exceeding total regulatory costs. Moreover, the Exchange believes the ORF ensures fairness by assessing higher fees to those Members that require more Exchange regulatory services based on the amount of customer options business they conduct. Regulating customer trading activity is much more labor intensive and requires greater expenditure of human and technical resources than regulating non-customer trading activity, which tends to be more automated and less labor-intensive. As a result, the costs associated with

³ The Commission notes that MIAX also is proposing to increase the ORF from \$0.0040 per contract to \$0.0045 per contract.

administering the customer component of the Exchange's overall regulatory program are materially higher than the costs associated with administering the noncustomer component (e.g., Member proprietary transactions) of its regulatory program. The Exchange believes that the proposed change to limit changes to the ORF to twice a year on specific dates with advance notice is reasonable because it will give participants certainty on the timing of changes, if any, and better enable them to properly account for ORF charges among their customers. The Exchange believes that the proposed change is equitable and not unfairly discriminatory because it will apply in the same manner to all Members that are subject to the ORF and provide them with additional advance notice of changes to that fee.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed change is not intended to address a competitive issue but rather to provide Members with better notice of any change that the Exchange may make to the ORF. In any event, because competitors are free to modify their own fees and credits in response, and because market participants may readily adjust their trading practices, the Exchange believes that the degree to which fee or credit changes in this market may impose any burden on competition is extremely limited. As a result of all of these considerations, the Exchange does not believe that the proposed change will impair the ability of Members or competing order execution venues to maintain their competitive standing in the financial markets.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act.⁷ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend

such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-MIAX-2014-10 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549-1090.
