collection of information may be obtained at no charge from Deborah Mazyck, NHTSA, 1200 New Jersey Ave. SE., Room W43–443, NVS–131, Washington, DC 20590. Ms. Mazyck's telephone number is (202) 366–4139. Please identify the relevant collection of information by referring to its OMB Control Number.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995, before an agency submits a proposed collection of information to OMB for approval, it must first publish a document in the Federal Register providing a 60-day comment period and otherwise consult with members of the public and affected agencies concerning each proposed collection of information. The OMB has promulgated regulations describing what must be included in such a document. Under OMB's regulation (at 5 CFR 1320.8(d)), an agency must ask for public comment on the following:

- (i.) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- (ii.) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- (iii.) How to enhance the quality, utility, and clarity of the information to be collected and:
- (iv.) How to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g. permitting electronic submission of responses.

In compliance with these requirements, NHTSA asks for public comments on the following proposed collections of information:

*Title:* Automobile Parts Content Labeling for 49 CFR Part 583.

OMB Control Number: 2127–0573. Form Number: The collection of this information uses no standard form.

Affected Public: Vehicle manufacturers.

Requested Expiration Date of Approval: Three years from approval date.

Abstract: 49 CFR part 583 establishes requirements for the disclosure of information relating to the countries of origin of the equipment of new passenger motor vehicles. This information will be used by NHTSA to determine whether manufacturers are complying with the American

Automobile Labeling Act (49 U.S.C. 32304). The American Automobile Labeling Act requires all new passenger motor vehicles (including passenger cars, certain small buses, all light trucks and multipurpose passenger vehicles with a gross vehicle weight rating of 8,500 pounds or less), to bear labels providing information about domestic and foreign content of their equipment. The labels, which are affixed to new passenger motor vehicles, serve as an aid to potential purchasers in the selection of new passenger motor vehicles by providing them with information about the value of the U.S./ Canadian and foreign parts of each vehicle, the countries of origin of the engine and transmission, and the site of the vehicle's final assembly.

Estimated Annual Burden: NHTSA anticipates approximately 21 vehicle manufacturers will be affected by these reporting requirements. NHTSA does not believe that any of these 21 manufacturers are a small business (i.e., one that employs less than 500 persons) since each manufacturer employs more than 500 persons. Manufacturers of new passenger motor vehicles, including passenger cars, certain small buses, and light trucks with a gross vehicle weight rating of 8,500 pounds or less, must file a report annually.

NHTSA estimates that the vehicle manufacturers will incur a total reporting annual hour burden and cost burden of 52,962 hours and \$2,439,108, respectively. The amount includes annual burden hours incurred by multistage manufacturers and motor vehicle equipment suppliers.

Number of Respondents: 21.

Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimate of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

# **DEPARTMENT OF TRANSPORTATION**

# National Highway Traffic Safety Administration

[Docket Number NHTSA-2014-0011]

# Reports, Forms, and Record Keeping Requirements

**AGENCY:** National Highway Traffic Safety Administration (NHTSA), Department of Transportation (DOT). **ACTION:** Request for public comment on proposed collection of information.

**SUMMARY:** Before a Federal agency can collect certain information from the public, it must receive approval from the Office of Management and Budget (OMB). Under procedures established by the Paperwork Reduction Act of 1995, before seeking OMB approval, Federal agencies must solicit public comment on proposed collections of information, including extensions and reinstatement of previously approved collections. This document describes one collection of information for which NHTSA intends to seek OMB approval. **DATES:** Comments must be received on or before May 13, 2014.

**ADDRESSES:** You may submit comments identified by docket number at the heading of this notice by any of the following methods:

- Web site: http:// www.regulations.gov. Follow the instructions for submitting comments on the electronic docket site by clicking on "Help and Information" or "Help/ Info."
  - Fax: 1–202–493–2251.
- Mail: U.S. Department of Transportation, Docket Operations, M– 30, Room W12–140, 1200 New Jersey Avenue SE., Washington, DC 20590.
- Hand Delivery: 1200 New Jersey Avenue SE., West Building Ground Floor, Room W12–140, Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal Holidays.
- Federal eRulemaking Portal: Go to http://www.regulations.gov. Follow the online instructions for submitting comments.

Instructions: All submissions must include the agency name and docket number. Note that all comments received will be posted without change to http://www.regulations.gov, including any personal information provided. Please see the Privacy Act discussion below. We will consider all comments received before the close of business on the comment closing date indicated above. To the extent possible, we will also consider comments filed after the closing date.

Docket: For access to the docket to read comments received, go to http://www.regulations.gov at any time or to 1200 New Jersey Avenue SE., West Building Ground Floor, Room W12–140, Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal Holidays. Telephone: (202) 366–9826.

Privacy Act: Anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review DOT's complete Privacy Act Statement in the Federal Register published on April 11, 2000 (Volume 65, Number 70; Pages 19477–78) or you may visit <a href="http://www.dot.gov/privacy.html">http://www.dot.gov/privacy.html</a>.

FOR FURTHER INFORMATION CONTACT: For additional information or access to background documents, contact Wayne McKenzie, Office of Crash Avoidance Standards (NVS–121), National Highway Traffic Safety Administration, West Building W43–462, 1200 New Jersey Avenue SE., Washington, DC 20590. Mr. McKenzie can be reached at (202) 366–1729.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995, before an agency submits a proposed collection of information to OMB for approval, it must publish a document in the Federal Register providing a 60-day comment period and otherwise consult with members of the public and affected agencies concerning each proposed collection of information. The OMB has promulgated regulations describing what must be included in such a document. Under OMB's regulations (at 5 CFR 1320.8(d)), an agency must ask for public comment on the following:

(i) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(ii) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(iii) How to enhance the quality, utility, and clarity of the information to be collected; and

(iv) How to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses. In compliance with these requirements, NHTSA asks public comment on the following proposed collection of information:

*Title:* 49 CFR Part 564, Replaceable Light Source Dimensional Information Collection.

Type of Request: Extension of a currently approved collection.

OMB Control Number: 2157–0563. Affected Public: Businesses or other

for profit organizations.

Abstract: The information to be collected is in response to 49 CFR part 564, "Replaceable Light Source Dimensional Information." Persons desiring to use newly designed replaceable headlamp light sources are required to submit interchangeability and performance specifications to the agency. After a short agency review to assure completeness, the information is placed in a public docket for use by any person who would like to manufacture headlamp light sources for highway motor vehicles. In Federal Motor Vehicle Safety Standard No. 108, Lamps, reflective devices and associated equipment, "Part 564 submissions" are referenced as being the source of information regarding the performance and interchangeability information for legal headlamp light sources, whether original equipment or replacement equipment. The submitted information about headlamp light sources becomes the basis for certification of compliance with safety standards.

Estimated Annual Burden: 28 hours. Number of respondents: 7.

# National Highway Traffic Safety Administration

Reports, Forms and Record Keeping Requirements; Agency Information Collection Activity Under OMB Review

**AGENCY:** National Highway Traffic Safety Administration (NHTSA), Department of Transportation (DOT).

**ACTION:** Notice.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.), this notice announces that the Information Collection Request (ICR) abstract regarding the Uniform Tire Quality Grading Standard (UTQGS) below has been forwarded to the Office of

Management and Budget (OMB) for review and comment. The ICR describes the nature of the information collections and their expected burden. The Federal Register Notice with a 60-day comment period was published on November 29, 2013 [78 FR 71714]. The agency received one comment to the 60 day notice.

**DATES:** Comments must be submitted on or before April 14, 2014.

FOR FURTHER INFORMATION CONTACT: Mr. Hisham Mohamed at the National Highway Traffic Safety Administration, Office of International Policy, Fuel Economy and Consumer Programs (NVS–131), 1200 New Jersey Ave. SE., W43–437, Washington, DC 20590. Mr. Mohamed's telephone number is (202) 366–0307.

#### SUPPLEMENTARY INFORMATION:

## National Highway Traffic Safety Administration

Title: 49 CFR Part 575.104; Uniform Tire Quality Grading Standard OMB Number: 2127–0519.

Type of Request: Extension of a currently approved information collection.

Abstract: Part 575 requires tire manufacturers and tire brand name owners to submit reports to NHTSA regarding the UTQGS grades of all passenger car tire lines they offer for sale in the United States. This information is used by consumers of passenger car tires to compare tire quality in making their purchase decisions. The information is provided in several different ways to insure that the consumer can readily see and understand the tire grades: (1) The grades are molded into the sidewall of the tire so that they can be reviewed on both the new and old tires; (2) a paper label is affixed to the tread face of the new tires that provides the grades of that particular tireline along with an explanation of the grading system; (3) the tire manufacturer or brand name owner provides prospective purchasers of tires the information for each tire offered for sale at the particular location; (4) vehicle manufacturers include in the owner's manual of each vehicle the grade information for the tires with which the vehicle is equipped; (5) NHTSA compiles the grading information of all manufacturers' tirelines into a booklet that is available to the public both in printed form and on NHTSA's Web site.

Affected Public: All passenger car tire manufacturers and brand name owners offering passenger car tires for sale in the United States.
