#### Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213.

**AGENCY:** Enforcement and Compliance, formerly Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** The Department of Commerce ("the Department") is rescinding the administrative review of the antidumping duty order on silicon metal from the People's Republic of China ("PRC") for the period of review June 1, 2012, through May 31, 2013.

**DATES:** *Effective Date:* March 17, 2014.

**FOR FURTHER INFORMATION CONTACT:**

Howard Smith or Jonathan Hill, AD/CVD Operations, Office IV, Enforcement & Compliance, International Trade Administration, Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-5193 or (202) 482-3518, respectively.

**SUPPLEMENTARY INFORMATION:**

#### Background

On August 1, 2013, based on a timely request for review by Globe Metallurgical Inc. ("Globe Metal"), the Department published in the **Federal Register** a notice of initiation of an administrative review of the antidumping duty order on silicon metal from the PRC covering the period June 1, 2012, through May 31, 2013.<sup>1</sup> The review covers one company: Shanghai Jinneng International Trade Co., Ltd. On November 15, 2013, Globe Metal timely withdrew its request for an administrative review of the company listed above.

#### Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), the Department will rescind an administrative review if the party that requested the review withdraws its request within 90 days of the publication of the notice of initiation of the requested review. As explained in the memorandum from the Assistant Secretary for Enforcement and Compliance, the Department exercised its discretion to toll deadlines for the duration of the closure of the Federal Government from October 1, through October 16, 2013.<sup>2</sup> Accordingly, all deadlines in this segment of the proceeding have been extended by 16 days. Therefore, Globe Metal withdrew its request within the 90-day deadline and no other parties requested an administrative review of the antidumping duty order. As a result, we are rescinding the administrative review of silicon metal from the PRC for the period of review June 1, 2012, through May 31, 2013.

#### Assessment

The Department will instruct U.S. Customs and Border Protection ("CBP") to assess antidumping duties on all appropriate entries. Because the Department is rescinding this administrative review in its entirety, the entries to which this administrative review pertained shall be assessed antidumping duties at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c). The Department intends to issue appropriate assessment

instructions to CBP 15 days after the publication of this notice.

#### Notifications

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department's presumption that reimbursement of the antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This notice also serves as a final reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

### Caribbean Fishery Management Council; Scoping Meetings

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of scoping meetings.

**SUMMARY:** The Caribbean Fishery Management Council (Council) is transitioning from species specific fishery management to island-specific fisheries management for the exclusive economic zones of Puerto Rico, St. Thomas/St. John and St. Croix separately. This transition is in response to the numerous requests received by the Council to consider the differences among the islands in the U.S. Caribbean. These differences include preference for certain species of fish, ways in which fish species are harvested and other cultural and socio economic factors such as market availability of importance in managing fisheries. The scoping document includes actions and alternatives for each island to make changes to the existing fishery management units by including or excluding species, establish or modify management reference points to determine the status of the stocks, and identify and describe essential fish habitat for any new species considered for federal management. These actions and alternatives are presented for each island specific fishery management plan in the scoping document that is available at the Council’s Web page: [www.caribbeanfmc.com](http://www.caribbeanfmc.com).

### Puerto Rico FMP

Action 1. Identify fishery management units (FMUs) to be included in the Puerto Rico Fishery Management Plan (FMP).

Alternative 1. No action. The Puerto Rico FMP is composed of all species within the FMUs historically managed under the Spiny Lobster FMP, Reef Fish FMP, Queen Conch FMP, and the Corals and Reef Associated Plants and Invertebrates FMP.

Alternative 2. Include in the Puerto Rico FMP species with available landings information from the Southeast Fisheries Science Center. In addition, prohibited harvest species in the current Reef Fish FMP, Queen Conch FMP, and the Corals and Reef Associated Plants and Invertebrates FMP will be included.
