USTR is seeking nominations for membership on the Committee.

DATES: In order to receive full consideration, nominations for current vacancies should be received not later than April 18, 2014. Nominations will be accepted after April 18 until the expiration of the charter term on March 17, 2018, for appointments on a rolling basis as vacancies arise.

ADDRESSES: Submissions should be sent to Tiffany Enoch, Deputy Assistant U.S. Trade Representative, Office of Intergovernmental Affairs and Public Engagement at IAPE@ustr.eop.gov. For alternatives to email submission, please contact Tiffany Enoch at (202) 395-6120.

FOR FURTHER INFORMATION CONTACT: Questions regarding this request for nominations should be directed to Tiffany Enoch, Deputy Assistant U.S. Trade Representative for Intergovernmental Affairs and Public Engagement at (202) 395-6120.

SUPPLEMENTARY INFORMATION:

Background

Section 135 of the Trade Act of 1974, as amended (19 U.S.C. 2155), established a private-sector trade advisory system to ensure that U.S. trade policy and trade negotiation objectives adequately reflect U.S. commercial and economic interests.

Section 135(a)(2) directs the President to: Seek information and advice from representative elements of the private sector and the non-Federal governmental sector with respect to

(A) Negotiating objectives and bargaining positions before entering into a trade agreement under [title I of the Trade Act of 1974 and section 2103 of the Bipartisan Trade Promotion Authority Act of 2002];

(B) The operation of any trade agreement once entered into, including preparation for dispute settlement panel proceedings to which the United States is a party; and

(C) Other matters arising in connection with the development, implementation, and administration of the trade policy of the United States.

Section 135(c)(1) of the 1974 Trade Act provides that: [t]he President may

establish individual general policy advisory committees for industry, labor, agriculture, services, investment, defense, and other interests, as appropriate, to provide general policy advice on matters referred to in subsection (a) of this section. Such committees shall, insofar as is practicable, be representative of all industry, labor, agricultural, service, investment, defense, and other interests, respectively, including small business interests, and shall be organized by the United States Trade Representative and the Secretaries of Commerce, Defense, Labor, Agriculture, the Treasury, or other executive departments, as appropriate. The members of such committees shall be appointed by the United States Trade Representative in consultation with such Secretaries.

Section 14 of the AGOA Acceleration Act of 2004 directs the President to convene the TACA "in order to facilitate the goals and objectives of the African Growth and Opportunity Act and this Act, and to maintain ongoing discussions with African trade and agricultural ministries and private sector organizations on issues of mutual concern, including regional and international trade concerns and World Trade Organization issues." Pursuant to these provisions, the United States Trade Representative (USTR) is renewing the charter of the Trade Advisory Committee on Africa (TACA) concurrent with this notice.

Functions

The duties of the TACA are to provide the President, through the USTR, with policy advice on issues involving trade and development in sub-Saharan Africa. The TACA is expected to meet an average of two to three times a year in Washington, DC.

Membership

Members serve without compensation and are responsible for all expenses incurred to attend the meetings. TACA members are appointed by the USTR. Appointments are made at the chartering of the TACA and periodically throughout the four-year charter term. Members serve at the discretion of the USTR. Appointments to the TACA expire at the end of the TACA's charter term, in this case, March 17, 2018.

Members are selected to represent their respective sponsoring U.S. entity's interests on sub-Saharan African trade matters, and thus nominees are considered foremost based upon their ability to carry out the goals of section 135(c) of the Trade Act of 1974, as amended. Other criteria are the nominee's knowledge of and expertise

in international trade issues as relevant to the work of the TACA and that representation on the TACA is balanced in terms of sectors, demographics, and other interests. Additionally, USTR may appoint members expert in a relevant subject matter to serve in an individual capacity. Appointments to the TACA are made without regard to political affiliation.

All TACA members must be able to obtain and maintain a security clearance.

Request for Nominations

USTR is soliciting nominations for membership on the TACA. In order to be appointed to the TACA, the following eligibility requirements must be met:

1. The applicant must be a U.S. citizen;
2. The applicant must not be a full-time employee of a U.S. governmental entity;
3. The applicant must not be a federally-registered lobbyist;
4. The applicant must not be registered with the Department of Justice under the Foreign Agents Registration Act;

For eligibility purposes, a "U.S. organization" is an organization, established under the laws of the United States, that is controlled by U.S. citizens, by another U.S. organization (or organizations), or by a U.S. entity (or entities), as determined based on its board of directors (or comparable governing body), membership, and funding sources, as applicable. To qualify as a U.S. organization, more than 50 percent of the board of directors (or comparable governing body) and more than 50 percent of the membership of the organization to be represented must be U.S. citizens, U.S. organizations, or U.S. entities. Additionally, at least 50 percent of the organization's annual revenue must be attributable to nongovernmental U.S. sources.

In order to be considered for TACA membership, a nominee should submit:

As noted, members of the committee are appointed to represent the views of their sponsoring entities. As such, committee members will generally serve as representatives of those organizations and not as Special Government Employees.

Data Capture and Management Research Program Public Meeting; Notice of Public Meeting

AGENCY: ITS Joint Program Office, Office of the Assistant Secretary for Research

& Technology, U.S. Department of Transportation.

ACTION: Notice.

The U.S. Department of Transportation (USDOT) Intelligent Transportation System Joint Program Office (ITS JPO) will host a public meeting seeking input on the current operation and future plans to enhance the Data Capture and Management Program's (DCM) Research Data Exchange (RDE). The meeting will take place Wednesday, March 26, 2014, from 8:00 a.m. (EDT) to 4:30 p.m. (EDT) at the Federal Highway Administration's Research Center, located at 6300 Georgetown Pike, McLean, VA 22101. Persons planning to attend the meeting should register online at www.itsa.org/rderegistration and are encouraged to register early to ensure they receive the read-ahead materials for this meeting in a timely manner.

The meeting will discuss:

- Current functionality and operation of the RDE;
- Potential functions, resources or services to enhance the operation of the RDE;
- Process and plans for collecting, managing and supporting the use of connected vehicle related data sets to be posted on the RDE;
- Need for and potential priorities for connected vehicle related data sets to make available on the RDE in the future; and
- Opportunities to enhance the operation and use of the RDE.

The meeting is designed to solicit feedback from stakeholders who are current users of the connected vehicle related data sets currently available to access and use on the RDE and is an appropriate opportunity for public sector, researchers, and private sector involved with ITS transportation management systems and connected vehicle related applications. The meeting will engage these stakeholders in a discussion of the current functionality, possible enhancements to the RDE, and possible priorities for future connected vehicle related data sets to make available on the RDE.

The RDE makes available archived and real-time data from multiple sources and multiple modes on the surface transportation system. The RDE provides access to ITS data sets from multiple sources including connected vehicles, probe messages, traffic monitoring and reporting devices (e.g., volumes, speed, and crashes), incidents, traffic signals, weather sensors, and transit vehicles. Data accessible through the RDE is quality-checked, well-documented, and freely available to the

public. These data sets allow for the electronic access to a wide range of issues and factors to be considered or used for analysis and research. This data sharing capability supports the needs of researchers, application developers, and others, while reducing their costs and encouraging innovation.

This meeting's discussions will be fairly technical and predominantly focused on collecting, storing, using, and sharing multi-source and multi-modal data with traffic management systems or ITS devices. A final report will be prepared summarizing the information presented, discussed, feedback provided, and recommendations identified at this meeting.

For more information, please contact Carlos Alban, Transportation Program Specialist, Intelligent Transportation Society of America, 1100 New Jersey Ave. SE., Suite #50, Washington, DC 20003, 202-721-4223, calban@its.org.

Issued in Washington, DC, on the 12th day of March 2014.
