Circular Welded Carbon Quality Steel Line Pipe From the People's Republic of China: Final Results of Expedited Sunset Review of the Countervailing Duty Order

AGENCY: Enforcement and Compliance, formerly Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On December 2, 2013, the Department of Commerce ("the Department") initiated a sunset review of the countervailing duty ("CVD")

order on circular welded carbon quality steel line pipe ("line pipe") from the People's Republic of China ("PRC") pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act"). On the basis of a notice of intent to participate and an adequate substantive response filed on behalf of the domestic interested parties and an inadequate response from respondent interested parties (in this case, no response), the Department conducted an expedited sunset review of this CVD order pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(B) and (C). As a result of this sunset review, the Department finds that revocation of the CVD order would be likely to lead to continuation or recurrence of a countervailable subsidy at the level indicated in the "Final Results of Review" section of this notice.

DATES: *Effective Date:* March 19, 2014.

FOR FURTHER INFORMATION CONTACT: Kristen Johnson, Office III, AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–4793.

SUPPLEMENTARY INFORMATION:

Background

On December 2, 2013, the Department initiated a sunset review of the CVD order on line pipe from the PRC pursuant to section 751(c) of the Act.¹ The Department received a notice of intent to participate in the review on behalf of United States Steel Corporation ("US Steel"), Maverick Tube Corporation ("Maverick"), American Cast Iron Pipe Company ("ACIPCO"), JMC Steel Group, Stupp Corporation, Tex-Tube Company, TMK IPSCO, and Welspun Tubular LLC USA, (collectively, "the domestic industry") within the deadline specified in 19 CFR 351.218(d)(1)(i). Each of these companies claimed interested party status under section 771(9)(C) of the Act, as a domestic producer of the domestic like product.

The Department received adequate substantive responses collectively from the domestic industry within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i). The Department did not receive a substantive response from any government or respondent interested party to the proceeding. Because the Department received no response from the respondent interested parties, the Department conducted an

expedited review of this CVD order, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2).

Scope of the Order

The merchandise covered by this order is circular welded carbon quality steel pipe of a kind used for oil and gas pipelines (welded line pipe).
