

Fox, Honorable Rose Gottemoeller, and Honorable Frank Kendall will provide opening remarks to the committee members. Following the opening remarks, the members will receive two classified briefings on the ISAB's work with U.S.-Russia relations and International Cyber Stability. The CIA and DIA will provide a classified briefing on U.S.-Russia relations during the lunch session. At the afternoon session, the members will receive two classified briefings on the TRAC's work with Nuclear Strategic Stability and the Future of the Cooperative Threat Reduction Program. The meeting will wrap up with a final discussion on the briefings of the day. The Committees will not deliberate nor develop advice and recommendations for either the Department of State or the Department of Defense. The TRAC members only will continue to meet on April 3, 2014. The TRAC will hold classified discussions to deliberate on their review of DoD's Global Combating WMD Awareness System (GCAS) program. The GCAS program is structured to support DoD in its roles to identify, reduce, and mitigate the threat of WMD development, proliferation, and use worldwide. The Committee will provide an assessment on the program's ability to meet that goal. This will be followed by classified deliberations on the future of the Cooperative Threat Reduction Program (CTR). The Committee was asked to provide recommendations for the Office of the Under Secretary of Defense (Policy) regarding the development of a strategy for articulating the DoD CTR story, how best to coordinate with Combatant Commands on the use of the CTR program, and a strategy to advocate for the program with key stakeholders. The session will conclude with a classified discussion on the way ahead.

Meeting Accessibility: Pursuant to 5 U.S.C. 552b, and 41 CFR 102-3.155, the Department of Defense has determined that the meeting of the TRAC on April 2-3, 2014, shall be closed to the public. The Department of State will make its own closed meeting determination for the ISAB. The Under Secretary of Defense for Acquisition, Technology and Logistics, in consultation with the DoD FACA Attorney, has determined in writing that the public interest requires all sessions of this meeting be closed to the public because the discussions and sharing of information will be concerned with classified information and matters covered by 5 U.S.C. 552b(c)(1). Such classified matters are inextricably intertwined with the unclassified material and cannot

reasonably be segregated into separate discussions without disclosing secret material.

AGENCY: Department of Defense.

ACTION: Notice.

SUMMARY: DoD is publishing the annual list of product categories for which the Federal Prison Industries' share of the DoD Market is greater than five percent.

DATES: Effective April 5, 2014.

FOR FURTHER INFORMATION CONTACT: Director, Defense Procurement and Acquisition Policy (DPAP), Contract Policy and International Contracting (CPIC), Room 5E621, 3060 Defense Pentagon, Washington, DC 20301-3060, Attention: Ms. Sheila Harris, telephone 703-614-1333.

SUPPLEMENTARY INFORMATION:

I. Background:

On November 19, 2009, a final rule was published at 74 FR 59914 which amended the Defense Federal Acquisition Regulation Supplement (DFARS) subpart 208.6, to implement Section 827 of the National Defense Authorization Act (NDAA) for Fiscal Year 2008, Public Law 110-181. Section 827 changed DoD competition requirements for purchases from Federal Prison Industries, Inc. (FPI) by requiring DoD to publish an annual list of product categories for which FPI's share of the DoD market was greater than five percent, based on the most recent fiscal year data available. Product categories on the current list, and the products within each identified product category, must be procured using competitive or fair opportunity procedures in accordance with DFARS 208.602-70.

The Director, Defense Procurement and Acquisition Policy (DPAP) issued a memorandum dated February 24, 2014, that provided the current list of product categories for which FPI's share of the DoD market is greater than five percent based on Fiscal Year 2013 data from the Federal Procurement Data System. The product categories to be competed effective April 5, 2014 are as follows:

- 5335 (Metal Screening).
- 7110 (Office Furniture).
- 7125 (Cabinets, Lockers, Bins and Shelving).
- 7230 (Draperies, Awnings, and Shades).
- 7290 (Misc. Household and Commercial Furnishings and Appliances).
- 8405 (Outerwear, Men's).
- 8415 (Clothing, Special Purpose).
- 8420 (Underwear and Nightwear, Men's).
- 8465 (Individual Equipment).
- 9905 (Signs, Advertising Displays and Identification Plates).

The DPAP memorandum with the current list of product categories for which FPI has a significant market share is posted at http://www.acq.osd.mil/dpap/cpic/cp/specific_policy_areas.html#federal_prison.

The statute, as implemented also requires DoD to—

(1) Include FPI in the solicitation process for these items; a timely offer from FPI must be considered; and award

procedures must be followed in accordance with existing policy at Federal Acquisition Regulation (FAR) 8.602(a)(4)(ii) through (v);

(2) Continue to be made acquisitions, in accordance with FAR Subpart 8.6., for items from product categories for which FPI does not have a significant market share. FAR 8.602 requires agencies to conduct market research and make a written comparability determination, at the discretion of the contracting officer. Competitive (or fair opportunity) procedures are appropriate if the FPI product is not comparable in terms of price, quality, or time of delivery; and

(3) Section 827 allows modification of the published list if DoD subsequently determines that new data requires adding or omitting a product category from the list.

Editor, Defense Acquisition Regulations System.
