**FOR FURTHER INFORMATION CONTACT:** Ms. Marissa Petrussek, Procurement Analyst, Governmentwide Acquisition Policy, GSA, 202–501–0136 or [marissa.petrusek@gsa.gov](mailto:marissa.petrusek@gsa.gov).

**SUPPLEMENTARY INFORMATION:**

**A. Purpose**

This information collection complies with Section 6002 of the Resource Conservation and Recovery Act (RCRA) (42 U.S.C. 6962). RCRA requires the Environmental Protection Agency (EPA) to designate items which are or can be produced with recovered materials. RCRA further requires agencies to develop affirmative procurement programs to ensure that items composed of recovered materials will be purchased to the maximum extent practicable. Affirmative procurement programs required under RCRA must contain, as a minimum (1) a recovered materials preference program and an agency promotion program for the preference program; (2) a program for requiring estimates of the total percentage of recovered materials used in the performance of a contract, certification of minimum recovered material content actually used, where appropriate, and reasonable verification procedures for estimates and certifications; and (3) annual review and monitoring of the

effectiveness of an agency’s affirmative procurement program.

The items for which EPA has designated minimum recovered material content standards are grouped into eight categories: (1) Construction products, (2) landscaping products, (3) nonpaper office products, (4) paper and paper products, (5) park and recreation products, (6) transportation products, (7) vehicular products, and (8) miscellaneous products. The FAR rule also permits agencies to obtain pre-award information from offerors regarding the content of items which the agency has designated as requiring minimum percentages of recovered materials.

In accordance with RCRA, the information collection applies to acquisitions requiring minimum percentages of recovered materials, when the price of the item exceeds \$10,000 or when the aggregate amount paid for the item or functionally equivalent items in the preceding fiscal year was \$10,000 or more.

Contracting officers use the information to verify offeror/contractor compliance with solicitation and contract requirements regarding the use of recovered materials. Additionally, agencies use the information in the annual review and monitoring of the effectiveness of the affirmative procurement programs required by RCRA.

**B. Annual Reporting Burden**

A reassessment of the recovered material provision, FAR 52.223–4, and clause, FAR 52.223–9, was preformed. Based on the comprehensive reassessment performed, this information collection resulted in a small increase in the total burden hours from the previous information collection that was published in the **Federal Register** at 76 FR 40368 on July 08, 2011. The increase is likely a result of increased awareness about green purchasing across the Federal Government. The Federal Procurement Data System (FPDS) was searched to determine the use of the provision and clause using element 8L Recovered Materials/Sustainability for Fiscal Year 2013. No public comments were received in prior years that have challenged the validity of the Government’s estimate. Updates were made to the average wages and overhead based on Fiscal Year 2013 Office of Personnel Management and Office of Management and Budget rates.

*Respondents:* 588.

*Responses per Respondent:* 75.5.

*Annual Responses:* 44,394.

*Hours per Response:* .5.

*Total Burden Hours:* 22,197.

*Obtaining Copies of Proposals:*

Requesters may obtain a copy of the information collection documents from the General Services Administration, Regulatory Secretariat Division (MVCB), 1800 F Street NW., Washington, DC 20405, telephone 202–501–4755. Please cite OMB control No. 9000–0134, Environmentally Sound Products, in all correspondence.

Dated: March 14, 2014.

**GENERAL SERVICES ADMINISTRATION**

[Notice–FTR–2014–03; Docket No. 2014–0002; Sequence 10; GSA Bulletin FTR 14–06]

**Maximum per Diem Rates for the State of West Virginia**

**AGENCY:** Office of Government-wide Policy (OGP), General Services Administration (GSA).

**ACTION:** Notice of Per Diem Bulletin 14–06, revised Continental United States (CONUS) per diem rates.

**SUMMARY:** The General Services Administration (GSA) has conducted its mid-year review and has determined that the per diem rate for one location in the State of West Virginia is inadequate.

**DATES:** This notice is effective March 20, 2014 and applies to travel performed on or after April 1, 2014 through September 30, 2014.

**FOR FURTHER INFORMATION CONTACT:** For clarification of content, please contact Ms. Jill Denning, Office of Government-wide Policy, Office of Asset and Transportation Management, at 202–208–7642, or by email at [travelpolicy@gsa.gov](mailto:travelpolicy@gsa.gov). Please cite Notice of FTR Bulletin 14–06.

**SUPPLEMENTARY INFORMATION:**

**A. Background**

After an analysis of the per diem rates established for FY 2014 (see the **Federal Register** notice at 78 FR 54651, September 5, 2013, and FTR Bulletin 14–01), one non-standard area per diem rate is being established for the following location:

*State of West Virginia*

## • Jefferson County

CONUS per diem rates are published as FTR Per Diem Bulletins available on the Internet at [www.gsa.gov/perdiem](http://www.gsa.gov/perdiem) and [www.gsa.gov/bulletins](http://www.gsa.gov/bulletins). This process ensures timely notice of increases or decreases in per diem rates established by GSA for Federal employees on official travel within CONUS. Notices published periodically in the **Federal Register**, such as this one, now constitute the only notification of revisions in CONUS per diem rates to agencies.

Dated: March 13, 2014.

**Carolyn Austin-Diggs,**

*Acting Deputy Associate Administrator,  
Office of Asset and Transportation  
Management, Office of Government-wide  
Policy.*

**BILLING CODE 6820-14-P**

**DEPARTMENT OF HEALTH AND HUMAN SERVICES****Centers for Disease Control and Prevention****Statement of Organization, Functions, and Delegations of Authority**

Part C (Centers for Disease Control and Prevention) of the Statement of Organization, Functions, and Delegations of Authority of the Department of Health and Human Services (45 FR 67772-76, dated October 14, 1980, and corrected at 45 FR 69296, October 20, 1980, as amended most recently at 78 FR 79697-79699, dated December 31, 2013) is amended to reflect the reorganization of the Division of Diabetes Translation, National Center for Chronic Disease Prevention and Health Promotion, Centers for Disease Control and Prevention.

Section C-B, Organization and Functions, is hereby amended as follows:

Delete in its entirety the title and the mission and function statements for the Division of Diabetes Translation (CUCG) and insert the following:

Division of Diabetes Translation (CUCG). In collaboration with NCCDPHP divisions, other CDC components, other HHS agencies, state, tribal, local and territorial government agencies, academic institutions, and voluntary and private sector organizations, the Division of Diabetes Translation; (1) plans, directs, and coordinates a national program to prevent diabetes and reduce morbidity, mortality, disability, and cost associated

with diabetes and its complications; (2) identifies, evaluates, and implements programs and policies to prevent and control diabetes through the translation of evidence-based models and interventions for improved health care and self-care practices into widespread clinical and community practice; (3) conducts surveillance of diabetes, its complications, and the utilization of health care and prevention resources to monitor trends and evaluate program impact on morbidity, mortality, disability, and cost; (4) conducts epidemiologic studies and disseminates finding to identify and evaluate the feasibility and effectiveness of potential prevention and control strategies at the community level; (5) develops or supports clinical and public health guidelines and strategies to form the basis for community interventions; and (6) provides technical consultation and assistance to national, state and local organizations to implement and evaluate cost effective interventions to reduce morbidity, mortality, and disability.

Office of the Director (CUCG1). (1) Establishes and interprets policies and determines program priorities; (2) provides leadership and guidance in strategic planning, budget formulation, programmatic and scientific planning, development, and management, administrative management and operations of the division; (3) coordinates the monitoring and reporting of division priorities, accomplishments, future directions, and resource requirements; (4) leads and coordinates policy, communications and partnership activities; and (5) coordinates division activities with other components of NCCDPHP and CDC, organizations in the public and private sectors, and other federal agencies.

Epidemiology and Statistics Branch (CUCGB). (1) Conducts national surveillance of diabetes and its complications, including surveillance of the degree of diffusion and dissemination of preventive services and the utilization of health care; (2) identifies clinical, health services, and public health research findings and technologies that have potential to prevent or control diabetes and its complications through public health avenues; (3) develops and analyzes mathematical and economic models to project the burden of diabetes and prioritize effective interventions to prevent and control diabetes; (4) conducts epidemiologic studies to identify high-risk population groups and other risk factors for diabetes and its complications; (5) conducts cost and

cost-effectiveness analyses of diabetes prevention and control to prioritize strategies for policy-makers; (6) provides scientific and technical support to division staff, state and local health agencies, and others in planning and implementation of surveillance and effectiveness studies to reduce morbidity and mortality from diabetes; and (7) collaborates with counterparts in other divisions, academic institutions, and other HHS agencies by conducting national public health research projects and by providing technical assistance in areas of epidemiology, surveillance, and economics.

Program Implementation Branch (CUCGC). (1) Provides programmatic leadership, guidance and consultation on a range of strategies to improve diabetes prevention and control programs in states, territories, tribes, and local jurisdictions; (2) identifies, develops, implements and evaluates strategies to prevent and control diabetes through widespread community practice and through the application of policy and environmental interventions, health systems interventions and community interventions; (3) provides leadership, management and oversight for the National Diabetes Prevention Program; (4) develops, implements and supports work with vulnerable and disparate population groups and (5) coordinates and collaborates with counterparts in other divisions, HHS agencies, academic institutions, and national and voluntary organizations to improve public health diabetes prevention and control programs, practices and policies.

Translation, Health Education, and Evaluation Branch (CUCGD). (1) Synthesizes and translates a body of best science and practice that can be applied to various public health settings; (2) Analyzes, disseminates, and publishes data from diabetes prevention and control programs to develop operational strategies for translation of results into improved practice; (3) prepares and disseminates products that translate applied research, program evaluation, and health economics science to state programs and others; (4) provides technical assistance and implementation support for evidence-based and practice-based communication strategies, including web management, that advance diabetes prevention and control; (5) designs, evaluates and implements national education strategies directed toward health care professionals and systems, individuals with and at risk for diabetes, community leaders, business, and general public; (6) evaluates program policies, plans, procedures, priorities,
