

Disabled, Inc., Salt Lake City, UT.  
*Contracting Activity:* National Security  
 Agency, Fort Meade, MD.

### Deletions

On 2/7/2014 (79 FR 7428), the Committee for Purchase From People Who Are Blind or Severely Disabled published notice of proposed deletions from the Procurement List.

After consideration of the relevant matter presented, the Committee has determined that the services listed below are no longer suitable for procurement by the Federal Government under 41 U.S.C. 8501–8506 and 41 CFR 51–2.4.

### Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in additional reporting, recordkeeping or other compliance requirements for small entities.

2. The action may result in authorizing small entities to provide the services to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 8501–8506) in connection with the services deleted from the Procurement List.

### End of Certification

Accordingly, the following services are deleted from the Procurement List:

#### Services:

*Service Type/Location:* Janitorial/Custodial Service, Col Harold Steele USARC, 6482 Aurelia Street, Pittsburgh, PA.

*NPA:* Life'sWork of Western PA, Pittsburgh, PA.

*Contracting Activity:* Dept of the Army, W6QM MICC CTR–FT DIX (RC), Fort Dix, NJ.

*Service Type/Location:* Janitorial/Custodial Service, Major Charles D. Stoops USARC, 215 Center Street, Punxsutawney, PA.

*NPA:* Unknown.

*Contracting Activity:* Dept of the Army, W6QM MICC CTR–FT DIX (RC), Fort Dix, NJ.

#### Intent To Grant an Exclusive Patent License

**ACTION:** Notice.

**SUMMARY:** Pursuant to the provisions of Part 404 of Title 37, Code of Federal Regulations, which implements Public Law 96–517, as amended; the Department of the Air Force announces its intention to grant Compunetix, Inc., a corporation of the State of Pennsylvania, having a place of business at 2420 Mossie Boulevard, Monroeville, Pennsylvania, an exclusive license limited to the field of ground and shipboard voice communications applications and systems in any right, title and interest the Air Force has in: U.S. Patent No. 7,391,877, issued June 24, 2008, entitled “Spatial Processor For Enhanced Performance in Multi-Talker Speech Displays,” by Douglas S. Brungart.

The Air Force intends to grant a license for the patent unless a written objection is received within fifteen (15) calendar days from the date of publication of this Notice. Written objection should be sent to: Air Force Materiel Command Law Office, AFMCLO/JAZ, 2240 B Street, Rm. D–14, Wright-Patterson AFB, OH 45433–7109; Facsimile: (937) 255–3733.

**Tommy W. Lee,**

*Acting Air Force Federal Register Liaison Officer.*

### Department of the Army

#### Final Environmental Impact Statement for the Implementation of Energy, Water, and Solid Waste Sustainability Initiatives at Fort Bliss, TX and NM

**AGENCY:** Department of the Army, DoD.

**ACTION:** Notice of Availability.

**SUMMARY:** The Department of the Army announces the availability of the Final Environmental Impact Statement (EIS) for the implementation of energy, water, and solid waste sustainability initiatives at Fort Bliss, Texas and New Mexico. The Department proposes to implement Net Zero energy, water, and waste initiatives at Fort Bliss, which would also facilitate meeting mandates for renewable energy production and greenhouse gas emissions reductions. In so implementing Net Zero, the Army

will enhance Fort Bliss' energy and water security, supporting the military mission into the future. Although some training land would be converted to other uses, Fort Bliss would not lose any overall training capability as a result of Net Zero project implementation. The Proposed Action consists of multiple, related, and interconnected projects to achieve Net Zero goals, comply with federal and Army energy mandates, and meet the Army's energy and water security objectives.

The proposed action has six alternatives. The Final EIS indicates that there could be significant impacts to air quality, vegetation, archeological sites, soils, land use, and traffic. Of these, all but land use (as a result of converting training land to developed land) are anticipated to be mitigable to less than significant.

**DATES:** The waiting period for the Final EIS will end 30 days after publication of the Notice of Availability in the **Federal Register** by the U.S. Environmental Protection Agency, at which time the Army may execute a record of decision.

**ADDRESSES:** Written comments may be addressed to Dr. John Kipp, Fort Bliss Directorate of Public Works, Attention: IMBL–PWE (Kipp), Building 624 Pleasonton Road, Fort Bliss, TX 79916; email: [john.m.kipp6.civ@mail.mil](mailto:john.m.kipp6.civ@mail.mil); fax: (915) 568–3548.

**FOR FURTHER INFORMATION CONTACT:** Please contact Ms. Donita Kelley, Fort Bliss Public Affairs Office, Attention: IMBL–PA (Kelley), Building 15 Slater Road, Fort Bliss, TX 79916; phone: (915) 568–4505; email: [donita.k.schexnaydre.civ@mail.mil](mailto:donita.k.schexnaydre.civ@mail.mil).

**SUPPLEMENTARY INFORMATION:** The Army examined the potential environmental and socioeconomic impacts from implementing multiple, related, and interconnected proposed projects that could be taken to implement Net Zero energy, water, and waste initiatives, comply with federal and Army energy mandates, and meet the Army's energy and water security objectives. Not all projects analyzed in the Final EIS would be implemented to the full extent discussed in the document.

Technological advancements, legislative changes, and other factors may result in revisions to the proposed projects.

The preferred alternative (Proposed Action) consists of six action alternatives (Alternatives 2 through 7): Implementation of conservation policies and procedures (Alternative 2); construction of a water reclamation pipeline (Alternative 3); construction and operation of a waste-to-energy plant (Alternative 4); construction and operation of a geothermal energy facility
