SUPPLEMENTARY INFORMATION: *Title:* Supplemental Nutrition Assistance Program Repayment Demand and Program Disqualification

OMB Number: 0584-0492

Form Number: None

Expiration Date: September 30, 2014
Type of Request: Revision of a currently approved collection.

Abstract: Section 13(b) of the Food and Nutrition Act of 2008, as amended (7 U.S.C. 2022(b)), and Supplemental Nutrition Assistance Program (SNAP) regulations at 7 CFR 273.18(a)(2) require State agencies to initiate collection action against households that have been overissued benefits. To initiate collection action, State agencies must provide an affected household with written notification informing the household of the claim and demanding repayment. This process is automated in most State agencies. Note that for overissuance claims, this information collection only covers the activities associated with initiating collection. The burden associated with reporting collections and other claims management information on form FNS-209 is covered under currently approved OMB number 0584-0069, expiration date 9/30/2015. The burden associated with referring delinquent claims and receiving collections through the Treasury Offset Program is covered under currently approved OMB number 0584-0446, expiration date 4/30/2016.

- 7 CFR 273.16(e)(9)—Once a determination is made regarding an IPV, the State agency sending notification to the affected individual of the action taken on the administrative disqualification hearing or court decision.

SNAP regulations at 7 CFR 273.16(i)(4) require State agencies to use disqualified recipient data to ascertain the correct penalty for IPV, based on prior disqualifications. State agencies determine this by accessing and reviewing records located in the
