### Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

*Agency:* National Oceanic and Atmospheric Administration (NOAA).

*Title:* West Coast Region Longline Vessel Monitoring System and Pre-Trip Reporting Requirements.

*OMB Control Number:* 0648-0498.

*Form Number(s):* NA.

*Type of Request:* Regular submission (revision and extension of a current information collection).

*Number of Respondents:* 5.

*Average Hours Per Response:* Vessel Monitoring System (VMS) installation and certification, 3 hours; annual maintenance, 2 hours; pre-trip notifications, 5 minutes.

*Burden Hours:* 16.

*Needs and Uses:* This request is for a revision and extension of a currently approved information collection.

Owners of vessels that fish out of West Coast ports for highly migratory species such as tuna, billfish, and sharks are required to submit information about their intended and actual fishing activities. These submissions would allow the National Marine Fisheries Service (NMFS) and the Pacific Fishery Management Council to monitor the fisheries and determine the effects and effectiveness of the Fishery Management Plan (FMP) for U.S. West Coast Fisheries for Highly Migratory Species (HMS). Pre-trip reporting requirements are essential for effectively and efficiently assigning available observer

coverage to selected HMS vessels. Data collected by observers are critical to evaluating if the objectives of the FMP are being achieved and for evaluating the impact of potential changes in management to respond to new information or new problems in the fisheries. Vessel Monitoring System (VMS) units will facilitate enforcement of closures associated with HMS fisheries and provide timely information on associated fleet activities.

*Affected Public:* Business or other for profit organizations.

*Frequency:* Daily and annually.

*Respondent's Obligation:* Mandatory.

This information collection request may be viewed at [reginfo.gov](http://reginfo.gov). Follow the instructions to view Department of Commerce collections currently under review by OMB.

### Foreign-Trade Zones Board

[B-26-2014]

#### Foreign-Trade Zone (FTZ) 39—Dallas-Fort Worth, Texas; Application for Production Authority; CSI Calendering, Inc. (Rubber Coated Textile Fabric); Arlington, Texas

An application has been submitted to the Foreign-Trade Zones Board by the Dallas/Fort Worth International Airport Board, grantee of FTZ 39, requesting production authority on behalf of CSI Calendering, Inc. (CSI), located in Arlington, Texas. The application conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.23) was docketed on March 18, 2014.

The CSI facilities (56 employees) are located at 1119 Commercial Boulevard South and 1120 Commercial Boulevard North, Arlington (Tarrant County), Texas. A separate application for "usage-driven" site designation at the CSI facilities is planned and will be processed under Section 400.24 of the FTZ Board's regulations. The facilities are used for the calendering, slitting, and laminating of certain RFL

(resorcinol formaldehyde latex) textile fabrics, as detailed in the application. Production under FTZ procedures could exempt CSI from customs duty payments on the foreign RFL fabrics used in export production. On its domestic sales (currently 100% of shipments), CSI would be able to choose the duty rate during customs entry procedures that applies to rubber coated calendered fabrics (duty free) for the foreign RFL fabrics (duty rates: 12% and 13.6%). Customs duties also could possibly be deferred or reduced on foreign status production equipment. The request indicates that the savings from FTZ procedures would help improve the facilities' international competitiveness.

In accordance with the FTZ Board's regulations, Pierre Duy of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the FTZ Board.

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board's Executive Secretary at the address below. The closing period for their receipt is May 27, 2014. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to June 9, 2014.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the "Reading Room" section of the FTZ Board's Web site, which is accessible via [www.trade.gov/ftz](http://www.trade.gov/ftz).

### Foreign-Trade Zones Board

[B-25-2014]

#### Foreign-Trade Zone (FTZ) 90— Onondaga County, New York; Notification of Proposed Production Activity; PPC Broadband, Inc. (Coaxial Cable Connectors); Dewitt, New York

The Onondaga County Office of Economic Development, grantee of FTZ 90, submitted a notification of proposed production activity to the FTZ Board on behalf of PPC Broadband, Inc. (PPC Broadband), located in Dewitt, New York. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on March 10, 2014.

A separate application for subzone designation at the PPC Broadband facilities is being submitted and will be processed under Section 400.38 of the FTZ Board's regulations. The facilities are used for the production of coaxial cable connectors. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status materials and components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt PPC Broadband from customs duty payments on the foreign-status components used in export production. On its domestic sales, PPC Broadband would be able to choose the duty rate during customs entry procedures that applies to coaxial cable connectors (duty free) for the foreign-status inputs noted below. Customs duties also could possibly be deferred or reduced on foreign status production equipment.

The components and materials sourced from abroad include: connector posts, connector bodies, connector nuts, molded plastic connector parts, silicone o-rings, and rubber o-rings (duty rates are 2.5% or 3.5%).

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board's Executive Secretary at the address below. The closing period for their receipt is May 5, 2014.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the "Reading Room" section of the FTZ
