

grant funds of \$294,399 are to be awarded to St. Luke's Hospital to provide interim HIV medical care. The Two Rivers Health and Wellness Foundation currently provides care to more than 200 persons living with HIV/AIDS who have no other payer source for their care. The \$294,399 represents 12 months of HIV medical primary care services until the service area is competed and awarded by April 1, 2015.

FOR FURTHER INFORMATION CONTACT: John Fanning, Senior Policy Advisor, Division of Community HIV/AIDS Programs/HAB, HRSA, 5600 Fishers Lane, Rockville, MD 20857, by email at jfanning@hrsa.gov, or by phone at (301) 443-8367.

Dated: March 28, 2014.

Mary K. Wakefield,
Administrator.

BILLING CODE 4165-15-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health

Proposed Collection; 60-Day Comment Request; Recruitment and Screening for the Insight Into Determination of Exceptional Aging and Longevity (IDEAL) Study (NIA)

Summary: In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, for opportunity for public comment on proposed data collection projects, the National Institute on Aging (NIA), National Institutes of Health (NIH), will publish periodic summaries of proposed projects to be submitted to the Office of Management and Budget (OMB) for review and approval.

Written comments and/or suggestions from the public and affected agencies are invited on one or more of the following points: (1) Whether the

proposed collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility; (2) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and (4) Ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

To Submit Comments and for Further Information: To obtain a copy of the data collection plans and instruments, submit comments in writing, or request more information on the proposed project, contact: Luigi Ferrucci, M.D., Ph.D., NIA Clinical Research Branch, Harbor Hospital, 5th Floor 3001 S. Hanover, Baltimore, MD 21225 or call non-toll-free number (410) 350-3936 or Email your request, including your address to: Ferruccilu@grc.nia.nih.gov. Formal requests for additional plans and instruments must be requested in writing.

Comment Due Date: Comments regarding this information collection are best assured of having their full effect if received within 60 days of the date of this publication.

Proposed Collection: Recruitment and Screening for the Insight into Determination of Exceptional Aging and Longevity (IDEAL) Study—(0925-0631). Reinstatement with Change—National Institute on Aging (NIA), National Institutes of Health (NIH).

Need and Use of Information Collection: Longevity combined with good health and functionality at the end of life represents a common goal. Although research has examined correlates of long life and functional decline, we still know relatively little about why certain individuals live in

excellent health into their eighties while others succumb to failing health at much younger ages. Understanding the mechanisms important to ideal aging may provide new opportunity for health promotion and disability prevention in this rapidly growing segment of the population.

The purpose of IDEAL (Insight into the Determinants of Exceptional Aging and Longevity) is to recruit into the Baltimore Longitudinal Study on Aging (BLSA) exceptionally long lived and healthy individuals and to learn what makes them so resilient and resistant to disease and disability, and to identify potential interventions that may contribute to the IDEAL condition. By enrolling the IDEAL cohort in the BLSA their biologic, physiologic, behavioral and functional characteristics will be evaluated using the same methods used with the current cohort who will serve as a type of control group. The first aim is to identify factors and characteristics that distinguish IDEAL from non-IDEAL individuals. We intend to compare the two groups to identify factors that discriminate IDEAL aging from non-IDEAL aging individuals. The second aim is to identify physiological, environmental and behavioral characteristics that are risk factors for losing the IDEAL condition over several years or longer. We postulate that the mechanisms of extreme longevity probably differ from those associated with delay or escape from disease and disability. As is customary in the BLSA, we plan to follow this cohort for life with yearly visits. This is a request for OMB clearance to continue to recruit and screen respondents into the Recruitment and Screening for the Insight into Determination of Exceptional Aging and Longevity (IDEAL) Study over the next 3 years.

OMB approval is requested for 3 years. There are no costs to the respondents other than their time. The total estimated annualized burden hours are 263.

ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondent	Form name	Estimated annual number of respondents	Number of responses per respondent	Average time per response (in hours)	Total annual burden hours
Individuals	Recruitment Phone Screen Part 1	500	1	10/60	83
Individuals	Recruitment Phone Screen Part 2	200	1	10/60	33
Individuals	Pre-Visit mailing/Consent	100	1	10/60	17
Individuals	Screening Exam Visit	65	1	2	130

Dated: March 25, 2014.

Jessica Schwartz,

NIA Project Clearance Liaison, National Institutes of Health.

Center for Scientific Review; Notice of Closed Meetings

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. App.), notice is hereby given of the following meetings.

The meetings will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: Center for Scientific Review Special Emphasis Panel; Member Conflict: Cancer Therapy.

Date: April 25, 2014.

Time: 12:00 p.m. to 1:00 p.m.

Agenda: To review and evaluate grant applications.

Place: National Institutes of Health, 6701 Rockledge Drive, Bethesda, MD 20892, (Telephone Conference Call).

Contact Person: Sally A. Mulhern, Ph.D., Scientific Review Officer, Center for Scientific Review, National Institutes of Health, 6701 Rockledge Drive, Room 6214, MSC 7804, Bethesda, MD 20892, (301) 435-5877, mulherns@csr.nih.gov.

Name of Committee: Center for Scientific Review Special Emphasis Panel; PAR-13-190: Detection of Pathogen Induced Cancer.

Date: May 2, 2014.

Time: 11:00 a.m. to 6:30 p.m.

Agenda: To review and evaluate grant applications.

Place: National Institutes of Health, 6701 Rockledge Drive, Bethesda, MD 20892, (Virtual Meeting).

Contact Person: Gagan Pandya, Ph.D., Scientific Review Officer, National Institutes of Health, Center for Scientific Review, 6701 Rockledge Drive, RM 3200, MSC 7808, Bethesda, MD 20892, 301-435-1167, pandyaga@mai.nih.gov.

(Catalogue of Federal Domestic Assistance Program Nos. 93.306, Comparative Medicine; 93.333, Clinical Research, 93.306, 93.333, 93.337, 93.393-93.396, 93.837-93.844, 93.846-93.878, 93.892, 93.893, National Institutes of Health, HHS)

Dated: March 27, 2014.

Carolyn A. Baum,

Program Analyst, Office of Federal Advisory Committee Policy.

BILLING CODE 4140-01-P

DEPARTMENT OF HOMELAND SECURITY

[Docket No. DHS-2014-0012]

Public Review of Patient Decontamination in a Mass Chemical Exposure Incident: National Planning Guidance for Communities

AGENCY: Office of Health Affairs, Department of Homeland Security.

ACTION: Notice and request for comments.

SUMMARY: The Chemical Defense Program (CDP), under the Department of Homeland Security Office of Health Affairs (OHA), and Office of the Assistant Secretary for Preparedness and Response (ASPR), under the Department of Health and Human Services (HHS), are seeking public comment on a document titled "Patient Decontamination in a Mass Chemical Exposure Incident: National Planning Guidance for Communities."

DATES: Submit the completed comment matrix on or before May 19, 2014.

ADDRESSES: Comments may be submitted, identified by docket number DHS-2014-0012, by one of the following methods:

- *Federal e-Rulemaking Portal:* <http://www.regulations.gov>.

Instructions: All submissions received must include the words "Department of Homeland Security and docket number for this rulemaking. All comments received will be posted without change to <http://www.regulations.gov>, including any personal information provided.

Docket: For access to the docket to read background documents or comments received, please visit <http://www.regulations.gov> and type the docket number (DHS-2014-0012) into the "SEARCH for: Rules, Comments, Adjudications or Supporting Documents:" field in the middle of the Web site.

SUPPLEMENTARY INFORMATION: This guidance document is developed for senior leaders, planners, incident commanders, emergency management personnel and trainers of local response organizations and health care facilities; it contains strategic-level, evidence-based best practices for use when planning and conducting patient decontamination in a mass chemical

casualty event. The subject matter is focused on external decontamination of living people exposed to toxic industrial chemicals (TICs), toxic industrial materials (TIMs) or chemical warfare agents (CWAs) resulting from either an intentional or accidental release. The guidance document provides an approach that is flexible and scalable according to the resource and capability limitations of the organization. The recommendations, therefore, are adaptable to each unique community as it sees fit. The principals set forth in this guidance document are strategic-level and designed to guide communities' planning efforts rather than specify operational practices. The guidance is evidence-based using currently available scientific research to the extent possible, and the supporting evidence is documented and briefly discussed.

Coast Guard

[Docket No. USCG-2014-0212]

Merchant Marine Personnel Advisory Committee: Intercessional Meeting

AGENCY: Coast Guard, DHS.

ACTION: Notice of Federal Advisory Committee working group meeting.

SUMMARY: A working group of the Merchant Marine Personnel Advisory Committee (MERPAC) will meet to work on Task Statement 80, concerning crew training requirements onboard vessels subject to the International Code of Safety for ships using gases or low flash-point fuels (IGF Code). This meeting will be open to the public.

DATES: A MERPAC working group will meet on April 17, 2014, from 8 a.m. until 4 p.m. Please note that the meeting may adjourn early if all business is finished. Written comments to be distributed to working group members and placed on MERPAC's Web site are due by April 7, 2014.

ADDRESSES: The working group will meet in Room A129 of the Maritime Institute of Technology and Graduate Studies (MITAGS), 692 Maritime Boulevard, Linthicum Heights, MD 21090. For further information on the
