

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Office of the Secretary

[Document Identifier: HHS-OS-0955-0005-60D]

Agency Information Collection Activities; Proposed Collection; Public Comment Request

AGENCY: Office of the Secretary, HHS.
ACTION: Notice.

SUMMARY: In compliance with section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Office of the Secretary, HHS announces plans to submit an Information Collection Request (ICR), described below, to the Office of Management and Budget (OMB). The ICR is for extending the use of the approved information collection assigned OMB control number 0955-0005, which expires on July 31, 2014. Prior to submitting that ICR to OMB, OS seeks comments from the public regarding the burden estimate, below, or any other aspect of the ICR.

DATES: Comments on the ICR must be received on or before June 2, 2014.

ADDRESSES: Submit your comments to *Information.CollectionClearance@hhs.gov* or by calling (202) 690-6162.

FOR FURTHER INFORMATION CONTACT: Information Collection Clearance staff, *Information.CollectionClearance@hhs.gov* or (202) 690-6162.

SUPPLEMENTARY INFORMATION: When submitting comments or requesting information, please include the

document identifier HHS-OS-0955-0005-60D for reference.

Information Collection Request Title: “Communications Testing for Comprehensive Communication Campaign for HITECH ACT.
OMB No.: 0955-0005.

Abstract: The Office of the National Coordinator for Health Information Technology (ONC) serves as the Health and Human Services (HHS) Secretary’s principal advisor on the development, application, and use of health information technology (health IT). ONC is requesting an approval by OMB on an extension, to a previously approved generic clearance titled Communications Testing for Comprehensive Communication Campaign for HITECH ACT, 0955-0005, for collecting information through a variety of research methods for the purpose of developing and testing communications involving health information technology and health information privacy. ONC responsibilities include promoting the development of a nationwide health IT infrastructure that allows for electronic use and exchange of information and fostering the public understanding of health information technology, including educating the public about health information privacy. In order to fulfill these responsibilities, information from the public at large is necessary to determine what education is needed and what types of communication techniques will be most effective. Due to the rapidly evolving nature of health information technology, an extension of the original generic data collection is

being requested to ensure that these education and communication efforts keep pace with technological advancements and the changing health information technology ecosystem.

Need and Proposed Use of the Information: This information will be used to assess the need for communications on specific topics and to assist in the development and modification of communication messages. The data will help in tailoring print, broadcast, and electronic media communications and other materials for them to have powerful and desired impacts on target audiences. The data will not be used for the purposes of making policy or regulatory decisions.

Likely Respondents: Likely respondents include consumers as well as physicians, nurses and other health care providers.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose or provide the information requested. This includes the time needed to review instructions, to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information, to train personnel and to be able to respond to a collection of information, to search data sources, to complete and review the collection of information, and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.

TOTAL ESTIMATED ANNUALIZED BURDEN—HOURS

Form Name	Number of respondents	Number of responses per respondent	Average burden per response (in hours)	Total burden hours
General Public Focus Group Interviews	144	1	1.50	216
Screening for General Public Focus Group Interviews	2,160	1	10/60	360
Web usability testing sessions	144	1	1.50	216
Screening for Web usability testing	2,160	1	10/60	360
Self-Administered Surveys	2,000	1	15/60	500
Screening for Self-Administered Surveys	8,000	10/60	1,333
Omnibus Surveys	2,000	1	10/60	333
Consumer testing of notices	50	1	1.0	50
TOTAL (General Public)	16,648	3,368
Health Professional Focus Group Interviews	144	1	1.50	216
Screening for Professional Focus Group Interviews	2,160	1	10/60	360
Web usability testing sessions	144	1	1.50	216
Screening for Web usability testing	2,160	1	10/60	360
Self-Administered Surveys	2,000	1	15/60	500
Screening for Self-Administered Surveys	8,000	10/60	1,333
Omnibus Surveys	2,000	1	10/60	333
Health Professional Individual In-Depth Interviews	100	1	45/60	75
Screening for Health Professional Individual In-Depth Interviews	1,000	1	10/60	167
TOTAL (Physician and Other Health Professional)	17,708	3,560

TOTAL ESTIMATED ANNUALIZED BURDEN—HOURS—Continued

Form Name	Number of respondents	Number of responses per respondent	Average burden per response (in hours)	Total burden hours
TOTAL (Overall)	34,366	6,928

ONC specifically requests comments on (1) the necessity and utility of the proposed information collection for the proper performance of the agency's functions, (2) the accuracy of the estimated burden, (3) ways to enhance the quality, utility, and clarity of the information to be collected, and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

Darius Taylor,

Deputy, Information Collection Clearance Officer.

Agency Information Collection Activities; Proposed Collection; Public Comment Request

AGENCY: Office of the Secretary, HHS.

ACTION: Notice.

SUMMARY: In compliance with section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Office of the Secretary, Department of Health and Human Services, announces plans to submit a new Information Collection Request (ICR), described below, to the Office of Management and Budget (OMB). Prior to submitting the ICR to OMB, the Office of the Secretary seeks comments from the public regarding the burden estimate, below, or any other aspect of the ICR.

DATES: Comments on the ICR must be received on or before June 2, 2014.

ADDRESSES: Submit your comments to Information.CollectionClearance@hhs.gov or by calling (202) 690-6162.

FOR FURTHER INFORMATION CONTACT:

Information Collection Clearance staff, Information.CollectionClearance@hhs.gov or (202) 690-6162.

SUPPLEMENTARY INFORMATION: When submitting comments or requesting information, please include the document identifier HHS-OS-0990-New-60D for reference.

Information Collection Request Title: Education and Training of Healthcare Providers as a Coordinated Public Health Response to Violence Against Women.

Abstract: The Office on Women's Health (OWH) is seeking a new clearance to conduct a one year data collection associated with the pilot and evaluation of an eLearning course developed as part of the "Education and Training of Healthcare Providers as a Coordinated Public Health Response to Violence Against Women Project". The purpose of this data collection is to gather data from healthcare providers who have volunteered to participate in the pilot and evaluation of an e-learning course designed to educate and train healthcare providers on how to respond to intimate partner violence (IPV) against women. Information obtained from this data collection will be used to identify areas of improvement and measure the effectiveness of the e-learning course in educating healthcare providers about IPV, addressing attitudinal barriers to IPV screening, and increasing IPV screening in clinical practice. This data will also help identify any problems in the navigation and functioning of the e-learning course. The results of this evaluation will assist OWH in making revisions to the course and subsequently coordinating a national launch, making the e-learning course available to healthcare providers across the U.S. All data collection forms and activities will be used within a year time frame.

Need and Proposed Use of the Information: The piloting and

evaluation of this eLearning course supports the DHHS and OWH's overall mission and strategic plan. It supports the DHHS objective of implementing "prevention policies, programming, and interventions to prevent and respond to individuals, families, and communities impacted by domestic violence". It also enhances OWH's capacity to provide healthcare providers with accurate, evidence-based information and identify innovative educational strategies. Furthermore, the results will also aid in the planning and development of future OWH and other public and private sector initiatives to promote IPV awareness and screening in the healthcare setting. Knowledge gained from the evaluation will inform federal, public, and private sector on how IPV knowledge, attitude, and practices may differ between healthcare providers and healthcare settings.

Likely Respondents: The respondents for this pilot and evaluation are healthcare providers (physicians, nurses, and social workers) who are members of professional associations and who provide services in Nevada, Oklahoma, and South Carolina.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose or provide the information requested. This includes the time needed to review instructions, to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information, to train personnel and to be able to respond to a collection of information, to search data sources, to complete and review the collection of information, and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.
