

MA 17 (developed recreation) under the current Idaho Panhandle National Forests Land Management Plan (referred to as the Forest Plan). However, if any of the action alternatives are selected as part of the record of decision for the IPNF's ongoing Forest Plan revision, all lands potentially affected by the Proposed Action would fall within MA 7 (primary recreation areas) and would not require a Forest Plan amendment.

Responsible Official: Mary Farnsworth, Forest Supervisor, Idaho Panhandle National Forests, 3815 Schreiber Way, Coeur d'Alene, Idaho 83815.

Nature of Decision To Be Made: Based on the analysis that will be documented in the forthcoming EIS, the responsible official will decide whether or not to amend the current special use permit to implement, in whole or in part, the Proposed Action or another alternative that may be developed by the Forest Service as a result of scoping.

Scoping Process: This notice of intent initiates the scoping process, which guides the development of the EIS. The Forest Service is soliciting comments from federal, state, and local agencies and other individuals or organizations that may be interested in or affected by implementation of the proposed project. Public questions and comments regarding this proposal are an integral part of this environmental analysis process. Input provided by interested and/or affected individuals, organizations, and governmental agencies will be used to identify resource issues that will be analyzed in the Draft EIS. The Forest Service will use the significant issues raised during the scoping process to formulate alternatives, prescribe mitigation measures and project design features, and analyze environmental effects.

It is important that reviewers provide their comments at such times and in such manner that they are useful to the agency's preparation of the EIS. Therefore, comments should be provided prior to the close of the comment period and should clearly articulate the reviewer's specific facts, concerns, or issues, and the supporting reasons.

Comments received in response to this solicitation, including names and addresses of those who comment, will be part of the public record for this Proposed Action. Comments submitted anonymously will be accepted and considered; however, anonymous comments will not allow the Forest Service to provide the respondent with subsequent environmental documents.

Dated: March 28, 2014.

Lisa A. Timchak,

Acting Forest Supervisor.
