Those individuals requesting a public hearing should submit a written request to the Chief, Permits and Conservation Division at the address listed above. The request should set forth the specific reasons why a hearing on this application would be appropriate.

FOR FURTHER INFORMATION CONTACT: Tammy Adams or Courtney Smith, (301)427-8401.

SUPPLEMENTARY INFORMATION: The subject permit is requested under the authority of the Marine Mammal Protection Act of 1972, as amended (MMPA; 16 U.S.C. 1361 *et seq.*), and the regulations governing the taking and importing of marine mammals (50 CFR part 216).

Permit No. 15324, issued on May 18, 2011 (76 FR 30309), authorizes the permit holder to take spotted (*Phoca largha*), ringed (*Phoca hispida*), bearded (*Erignathus barbatus*), and ribbon seals (*Histiophoca fasciata*) for scientific research purposes in the Bering, Chukchi, and Beaufort seas of Alaska. The purpose of this research is to monitor the status and health of each species by analyzing biological samples (e.g., blood, blubber, skin, muscle, and whiskers) from the subsistence harvest and live captured seals, and by documenting movements and habitat use by tracking animals with satellite transmitters. The permit holder is also authorized to harass non-target seals of each species and for a limited number of research-related mortalities. Additional biological samples can be imported from Russia, Canada, Svalbard (Norway) and exported to Canada for analyses. The permit is valid through December 31, 2016.

The permit holder is requesting the permit be amended to include authorization for several methodological changes: (1) Adding takes by harassment during aerial and vessel surveys as a method to monitor seal distribution relative to changes in sea ice; (2) increasing number of takes by incidental harassment during seal captures; (3) the use of additional sedative drugs as injectable immobilizing agents during currently permitted capture activities; and (4) the use of remote dart-delivery as a method for capturing bearded seals. The expiration date of the permit would not change.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), an initial determination has been made that the

activity proposed is categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement.

Concurrent with the publication of this notice in the **Federal Register**, NMFS is forwarding copies of the application to the Marine Mammal Commission and its Committee of Scientific Advisors.

Dated: April 1, 2014.

SUPPLEMENTARY INFORMATION:

Additions

On 12/13/2013 (78 FR 75911-75912) and 1/10/2014 (79 FR 1835-1836), the Committee for Purchase From People Who Are Blind or Severely Disabled published notices of proposed additions to the Procurement List.

"The Committee For Purchase From People Who Are Blind or Severely Disabled (Committee), established by the Javits-Wagner-O'Day (JWOD) Act, administers the AbilityOne Program pursuant to statutory (41 U.S.C. 8501, *et seq.*) and regulatory (41 CFR Chapter 51) authority. Comments from the contractors indicate that each provides similar eyewear products to those that are the subject of the PL addition and, as service-disabled veteran-owned small businesses (SDVOSB), they should be given the opportunity to provide these products to the Department of Veteran Affairs (VA). The contractors assert that the failure to allow them to provide these products to VA will cause them severe adverse impact. The commenters also maintain that VA did not follow its established internal procedures to add items to the AbilityOne PL under VA's Veterans First Initiative as outlined in a VA Departmental Information Letter and that adding these products to the PL violates a decision by the U.S. Court of Federal Claims (Court).

The Committee fully supports and contributes to employment opportunities for veterans and Wounded
