

BLM conveyed the majority of the land within the former Karluk Indian Reservation to Alaska Native Corporations and Native allottees. The four sections of land encompassed by the boundary adjustment were beyond what was needed to fulfill the Alaska Native Corporations entitlements and remained under BLM management. These lands are adjacent to Refuge lands and represent isolated acreage that is more suitably managed by the Service.

Authorities

Section 103(b) of the Alaska National Interest Lands Conservation Act (16 U.S.C. 3103(b)) establishes authority for the Secretary of the Interior to make minor boundary adjustments to the wildlife refuges created by the Act. Following due notice to Congress, the Secretary, acting through the Regional Director, Alaska Region, U.S. Fish and Wildlife Service, has used this authority to adjust the boundary of the Kodiak National Wildlife Refuge to include the 2,333-acre Parcel described in the aforementioned legal description.

Geoffrey L. Haskett,

Regional Director, U.S. Fish and Wildlife Service, Anchorage, Alaska.

The complaint alleged violations of Section 337 in the sale for importation, importation, or sale within the United States after importation of certain digital models, digital data, and treatment plans for use in making incremental dental positioning adjustment appliances, the appliances made therefrom, and methods of making the same by reason of infringement of certain claims of U.S. Patent No. 6,217,325 (“the ‘325 patent’”); U.S. Patent No. 6,471,511 (“the ‘511 patent’”); U.S. Patent No. 6,626,666 (“the ‘666 patent’”); U.S. Patent No. 6,705,863 (“the ‘863 patent’”); U.S. Patent No. 6,722,880 (“the ‘880 patent’”); U.S. Patent No. 7,134,874 (“the ‘874 patent’”); and U.S. Patent No. 8,070,487 (the ‘487 patent’”). On June 5, 2013, Align filed a statement on the public interest. On June 13, 2013, the Respondents filed a statement on the public interest.

On June 16, 2013, the Commission issued notice of its determination to extend the deadline for determining whether to review the final ID to July 25, 2013.

On July 25, 2013, the Commission issued notice of its determination to review the final ID in its entirety and to solicit briefing on the issues on review and on remedy, the public interest, and bonding. 78 FR 46611 (August 1, 2013). The Commission has issued its opinion setting forth the reasons for its determination. Commissioner Johanson dissents and has filed a dissenting opinion.

Specifically, the Commission affirms the ALJ’s conclusion that the accused products are “articles” within the meaning of Section 337(a)(1)(B) and that the mode of bringing the accused products into the United States constitutes importation of the accused products into the United States pursuant to Section 337(a)(1)(B).
