NUCLEAR REGULATORY COMMISSION

10 CFR Part 72

[NRC–2012–0052]

RIN 3150–AJ12

List of Approved Spent Fuel Storage Casks: HI–STORM 100 Cask System; Amendment No. 9; Corrections

AGENCY: Nuclear Regulatory Commission.

ACTION: Final rule; correcting amendment.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) published a document in the **Federal Register** (FR) on December 26, 2013, which corrected and delayed the effective date of a direct final rule published in the FR on December 6, 2013. The notice corrected several Agencywide Documents Access and Management System (ADAMS) accession numbers and delayed the effective date of the direct final rule from February 19, 2014, to March 11, 2014. The direct final rule amends the NRC's spent fuel storage regulations by revising the Holtec International HI–STORM 100 Cask System listing within the “List of Approved Spent Fuel Storage Casks” to include Amendment No. 9 to Certificate of Compliance (CoC) No. 1014. This action is necessary to provide notification that the NRC is amending its regulations by revising the Holtec HI–STORM 100 Cask System listing within the “List of Approved Spent Fuel Storage Casks” to correct the effective date of Amendment No. 9 to CoC No. 1014.

DATES: This rule is effective on April 14, 2014.

SUPPLEMENTARY INFORMATION:

I. Discussion

The NRC published a direct final rule in the **Federal Register** on December 6, 2013 (78 FR 73379), and companion proposed rule (78 FR 73456) which revised the Holtec International HI–STORM 100 Cask System listing within the “List of Approved Spent Fuel Storage Casks” to include Amendment No. 9 to CoC No. 1014. The direct final rule was to become effective February 19, 2014, unless significant adverse comments on the proposed rule were received by January 6, 2014. Subsequently, on December 26, 2013, the NRC published a correction to the direct final rule delaying the effective date to March 11, 2014 (78 FR 78165), and a correction to the companion proposed rule (78 FR 78285) extending the comment period to January 27, 2014. The December 26, 2013, correction was necessary to correct ADAMS accession

numbers listed in the December 6, 2013, direct final and proposed rules.

The December 26, 2013, document omitted the revised effective date of Amendment No. 9 of CoC No. 1014. This document corrects the effective date to March 11, 2014.

II. Rulemaking Procedure

Because this amendment corrects an effective date of a direct final rule that was already noticed in the FR, the Commission finds that the notice and comment provisions of the Administrative Procedure Act are unnecessary and is exercising its authority under 5 U.S.C. 553(b)(3)(B) to publish this amendment as a final rule. This amendment does not require action by any person or entity regulated by the NRC. Also, the final rule does not change the substantive responsibilities of any person or entity regulated by the NRC.

SUPPLEMENTARY INFORMATION:

I. Introduction

On August 30, 2012, the agencies published in the **Federal Register** three joint notices of proposed rulemaking seeking public comment on revisions to their risk-based and leverage capital requirements and the methodologies for calculating risk-weighted assets under the standardized and advanced approaches (each, a proposal, and together, the notices of proposed rulemaking (NPRs), the proposed rules, or the proposals).¹ The proposed rules, in part, reflected revisions to international capital standards adopted by the Basel Committee on Banking Supervision (BCBS) and described in, *Basel III: A Global Regulatory Framework for More Resilient Banks and Banking Systems* (Basel III), as well as subsequent changes to the Basel III framework and recent BCBS consultative papers.² The proposals also included certain provisions that are required under, or maintain consistency with, the Dodd-Frank Wall Street Reform and Consumer Protection Act (the Dodd-Frank Act).³ After considering the public comments received on the NPRs, on September 10, 2013, the FDIC issued the three proposals as a consolidated interim final rule (Basel III interim final rule).⁴

Concurrent with the adoption of the Basel III interim final rule, the agencies issued a related joint notice of proposed rulemaking that would adopt enhanced supplementary leverage ratio standards for large, interconnected U.S. banking organizations and their insured depository institution subsidiaries (enhanced supplementary leverage ratio NPR).⁵ The Basel III interim final rule sought comments on the interaction between the Basel III interim final rule
