Agencies must also estimate the non-hour paperwork cost burdens to respondents or recordkeepers resulting from the collection of information. Therefore, if you have other than hour burden costs to generate, maintain, and disclose this information, you should comment and provide your total capital and startup cost components or annual operation, maintenance, and purchase of service components. For further information on this burden, refer to 5 CFR 1320.3(b)(1) and (2), or contact the Bureau representative listed previously in this notice.

We will summarize written responses to this notice and address them in our submission for OMB approval. As a result of your comments, we will make any necessary adjustments to the burden in our submission to OMB.

Public Comment Procedures: Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may

Endangered Species; Marine Mammals; Issuance of Permits

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of issuance of permits.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), have issued the following permits to conduct certain activities with endangered species,

marine mammals, or both. We issue these permits under the Endangered Species Act (ESA) and Marine Mammal Protection Act (MMPA).

ADDRESSES: Shauntá Nichols, Division of Management Authority, U.S. Fish and Wildlife Service, 4401 North Fairfax Drive, Room 212, Arlington, VA 22203; fax (703) 358-2280; or email DMAFR@fws.gov.

FOR FURTHER INFORMATION CONTACT:

Shauntá Nichols, (703) 358-2104 (telephone); (703) 358-2280 (fax); DMAFR@fws.gov (email).

SUPPLEMENTARY INFORMATION: On the dates below, as authorized by the provisions of the ESA (16 U.S.C. 1531 *et seq.*), as amended, and/or the MMPA, as amended (16 U.S.C. 1361 *et seq.*), we issued requested permits subject to certain conditions set forth therein. For each permit for an endangered species, we found that (1) The application was filed in good faith, (2) The granted permit would not operate to the disadvantage of the endangered species, and (3) The granted permit would be consistent with the purposes and policy set forth in section 2 of the ESA.

BILLING CODE 4310-55-P

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

Notice of Application for Withdrawal and Opportunity for Public Meeting; San Bernardino, CA

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: The United States Forest Service (USFS) filed an application with the Bureau of Land Management (BLM),

requesting the Secretary of the Interior to withdraw, for 20 years, subject to valid existing rights, approximately 4,203 acres of Federal lands in the San Bernardino National Forest (SBNF), California, from location and entry under the United States mining laws in order to maintain and conserve habitat for four listed threatened and endangered species (Cushenbury buckwheat, Cushenbury Milk-vetch, Cushenbury oxytheca, and Parish's daisy). The application also requests that approximately 440 acres of non-Federal lands within the boundaries of the lands proposed for withdrawal be included in the withdrawal if they are acquired by the United States. This notice temporarily segregates the lands for up to 2 years from location and entry under the United States mining laws, but not from the mineral material sales or mineral or geothermal leasing, to protect the biological resources while the withdrawal application is being processed. This notice also provides the public an opportunity to comment on the proposed withdrawal application and to request a public meeting.

DATES: Comments, including requests for a public meeting, must be received by July 14, 2014.

ADDRESSES: Comments should be sent to the California State Director, Bureau of Land Management, 2800 Cottage Way, Suite W-1623, Sacramento, CA 95825-1886.

FOR FURTHER INFORMATION CONTACT: Elizabeth Easley, BLM California State Office, 916-978-4673 or Scott Eliason, San Bernardino National Forest, 909-382-2830. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 to contact the above individual. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The USFS filed an application requesting that the Secretary of the Interior withdraw, for 20 years, subject to valid existing rights, the following described lands located in San Bernardino County, California, from location and entry under the United States mining laws, but not from leasing under the mineral or geothermal leasing, or disposal under the Materials Act of 1947.

The intent of this description is to include the following lands as defined under the April 29, 2003, Carbonate Habitat Management Strategy, within the San Bernardino National Forest Boundary: (1) All Priority Areas within

the Furnace Unit; (2) All occupied and designated critical habitat within the Initial Habitat Reserve; and (3) Additional lands being offered for species and habitat conservation as part of two current proposed mine plans.

The areas described aggregate 3,039.48 surveyed acres and 1,164 unsurveyed acres, totaling approximately 4,203 acres, more or less, in San Bernardino County, California. (b) The following described non-Federal lands are located within the boundaries of the proposed withdrawal areas. In the event that these non-Federal lands return to public ownership, the application requests that they be subject to the terms and conditions described above.

T. 3 N., R. 1 E.,
 sec. 13, SW¹/₄;
 sec. 14, NE¹/₄, NE¹/₄SE¹/₄, and
 S¹/₂SE¹/₄.

The areas described aggregate 440 acres, more or less, in San Bernardino County, California.

The purpose of the withdrawal is to protect the biological resources within the SBNF, which include four listed threatened and endangered plant species and their designated critical habitat. The withdrawal will implement provisions of the Carbonate Habitat Management Strategy under the SBNF Land Management Plan. It will allow the species and habitat conservation measures needed to offset species and habitat losses specifically associated with two currently proposed mine development projects on the SBNF. These two projects are the Omya Inc. Butterfield Quarry Expansion and the Mitsubishi Cement Company South Quarry project.

No alternative sites were considered, as these lands correspond with the distribution of the listed species habitats, and meet provisions of the Carbonate Habitat Management Strategy.

The use of a right-of-way, interagency agreement, or cooperative agreement would not provide adequate protection from mineral activities.

The USFS does not need to acquire water rights to fulfill the purpose of the requested withdrawal.

The above-described lands are National Forest System lands, and as such, the Secretary will approve a withdrawal only with the consent of the head of the department or agency administering these lands.

The temporary land uses, which may be permitted during this segregative period, include leases, licenses, permits, rights-of-way, and other non-mineral uses consistent with the SBNF Management Plan, other than under the mining laws.

Records relating to the application may be examined by contacting the BLM Public Room at the above address or phone.

On or before July 14, 2014, all persons who wish to submit comments, suggestions, objections or request a public meeting in connection with the proposed withdrawal may present their views in writing to the BLM State Director at the address indicated above.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. Individuals who submit written comments may request confidentiality by asking us in your comment to withhold your personal identifying information from public review; however, we cannot guarantee that we will be able to do so.

Notice is hereby given that the opportunity for a public meeting is afforded in connection with the proposed withdrawal. All interested parties who desire a public meeting for the purpose of being heard on the proposed withdrawal must submit a written request to the State Director, California State Office, BLM at the address indicated above by July 14, 2014. If the BLM authorized officer determines that the BLM will hold a public meeting, the BLM will publish a notice of the time and place in the **Federal Register** and a local newspaper at least 30 days before the scheduled date of the meeting. The application will be processed in accordance with the regulations set forth in 43 CFR part 2300.

For a period until April 14, 2016, the lands described in this notice will be segregated from location and entry under the United States mining laws unless the application is denied or cancelled or the withdrawal is approved prior to that date.

Cynthia Staszak,

Associate Deputy State Director, Natural Resources.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-900]

Certain Navigation Products, Including GPS Devices, Navigation and Display Systems, Radar Systems, Navigational Aids, Mapping Systems and Related Software; Commission Determination Not To Review an Initial Determination Granting Complainants' Motion To Partially Terminate the Investigation as To Certain Claims and for Leave To Amend the Complaint and Notice of Investigation

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined not to review an initial determination ("ID") (Order No. 12) of the presiding administrative law judge ("ALJ") granting an unopposed motion (1) to partially terminate the investigation as to claims 1-3, 11, 12, 14, 16, 17, and 19 of United States Patent No. 6,084,565 ("the '565 patent") and (2) for leave to amend the complaint and notice of investigation to remove references to the

cancelled claims and certain accused products.

FOR FURTHER INFORMATION CONTACT:

Panyin A. Hughes, Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436, telephone (202) 205-3042. Copies of non-confidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436, telephone (202) 205-2000. General information concerning the Commission may also be obtained by accessing its Internet server at <http://www.usitc.gov>. The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted Inv. No. 337-TA-900 on November 15, 2013, based on a complaint filed by Furuno Electric Co., Ltd. of Hyogo, Japan and Furuno U.S.A., Inc. of Camas, Washington ("Furuno"). 78 FR 68861-62 (Nov. 15, 2013). The complaint alleged violations of section 337 of the Tariff Act of 1930, as amended, (19 U.S.C. 1337) in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain navigation products, including GPS devices, navigation and display systems, radar systems, navigational aids, mapping systems and related software by reason of infringement of the '565 patent and United States Patent Nos. 6,424,292; 7,161,561; and 7,768,447. The complaint named several respondents.

On January 31, 2014, Furuno moved, unopposed, (1) to terminate the investigation as to claims 1-3, 11, 12, 14, 16, 17, and 19 of the '565 patent; and (2) for leave to amend the complaint to remove references to the canceled claims and the accused automotive and avionic products. On February 12, 2014, the Commission investigative attorney filed a response in support of the motion.

On March 10, 2014, the ALJ issued the subject ID, granting the unopposed motion. The ALJ indicated compliance with the requirements of Commission Rule 210.21(a) (19 CFR 210.21(a)) and that no extraordinary circumstances prohibited granting the motion. Regarding amending the complaint and

notice of investigation, the ALJ, pursuant to Commission Rule 210.14(b) (19 CFR 210.14(b)), indicated good cause existed to amend the complaint and notice of investigation, finding "it will streamline the investigation and there is no evidence that public interest and rights of the parties will be prejudiced. . . ." None of the parties petitioned for review of the ID.

The Commission has determined not to review the ID.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

Issued: April 9, 2014.

By order of the Commission.

Lisa R. Barton,

Acting Secretary to the Commission.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-914]

Certain Sulfentrazone, Sulfentrazone Compositions, and Processes for Making Sulfentrazone; Institution of Investigation Pursuant to 19 U.S.C. 1337

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that a complaint was filed with the U.S. International Trade Commission on March 5, 2014, under section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, on behalf of FMC Corporation of Philadelphia, Pennsylvania. A letter clarifying the complaint was filed on March 26, 2014. The complaint alleges violations of section 337 based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain sulfentrazone, sulfentrazone compositions, and processes for making sulfentrazone by reason of infringement of certain claims of U.S. Patent No. 7,169,952 ("the '952 patent"). The complaint further alleges that an industry in the United States exists as required by subsection (a)(2) of section 337. The complainant requests that the Commission institute an investigation and, after the investigation, issue a limited exclusion order and cease and desist orders. A motion for temporary
