The Committee will consist of 20 members and will be chosen from a cross-section of individuals who represent a balance of expertise across a broad range of BLS program areas, including employment and unemployment statistics, occupational safety and health statistics, compensation measures, price indexes, and productivity measures; or other areas related to the subject matter of

BLS programs. BLS invites persons interested in serving on the DUAC to submit their names for consideration for committee membership.

DATES: Nominations for the DUAC membership should be postmarked by May 9, 2014.

SUPPLEMENTARY INFORMATION: BLS intends to renew membership in the DUAC for another three years. The BLS operates over two dozen surveys that measure employment and unemployment, compensation, worker safety, productivity, and consumer and producer price movements. BLS provides a wealth of economic data and analyses to support public and private decision-making. The DUAC was established to provide advice to the Commissioner of Labor Statistics on the priorities of data users, suggestions concerning the addition of new programs, changes in emphasis of existing programs or cessation of obsolete programs, and advice on

potential innovations in data analysis, dissemination, and presentation.

Nominations: BLS is looking for committed DUAC members who have a strong interest in, and familiarity with, BLS data. SUPPLEMENTAL INFORMATION:

I. Notice of the Application for Expansion

The Occupational Safety and Health Administration is providing notice that Underwriters Laboratories, Inc. (UL) is applying for expansion of its current recognition as an NRTL. UL requests the addition of 21 test standards to its NRTL scope of recognition.

OSHA recognition of an NRTL signifies that the organization meets the requirements specified in Title 29, Code of Federal Regulations, Section 1910.7 (29 CFR 1910.7). Recognition is an acknowledgment that the organization can perform independent safety testing and certification of the specific products covered within its scope of recognition. Each NRTL's scope of recognition includes (1) the type of products the NRTL may test, with each type specified by its applicable test standard; and (2) the recognized site(s) that has/have the technical capability to perform the product-testing and product-certification activities for test standards within the NRTL's scope of recognition. Recognition is not a delegation or grant of government authority; however, recognition enables employers to use products approved by the NRTL to meet OSHA standards that require product testing and certification.

The Agency processes applications by an NRTL for initial recognition, and for an expansion or renewal of this recognition, following requirements in Appendix A to 29 CFR 1910.7. This appendix requires that the Agency publish two notices in the **Federal Register** in processing an application. In the first notice, OSHA announces the application and provides its preliminary finding. In the second notice, the Agency provides its final decision on the application. These notices set forth the NRTL's scope of recognition or modifications of that scope. OSHA maintains an informational Web page for each NRTL, including UL, which details the NRTL's scope of recognition. These pages are available from the OSHA Web site at <http://www.osha.gov/dts/otpca/nrtl/index.html>.

UL currently has 34 facilities (sites) recognized by OSHA for product testing and certification, with its headquarters located at: Underwriters Laboratories, Inc., 333 Pfingsten Road, Northbrook, IL 60062. A complete list of UL's scope of recognition is available at <http://www.osha.gov/dts/otpca/nrtl/ul.html>.
