SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-71932; File No. SR-ISE-2014-21]

Self-Regulatory Organizations; International Securities Exchange, LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Supplementary Material .13 to Rule 504

April 11, 2014.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that, on April 3, 2014, the International Securities Exchange, LLC (the "Exchange" or the "ISE") filed with the Securities and Exchange Commission the proposed rule change, as described in Items I and II below, which items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The ISE proposes to amend Supplementary Material .13 to Rule 504, regarding Mini Options traded on the ISE, to replace the reference to "GOOG" with "GOOGL". The text of the proposed rule change is available on the Exchange's Web site (<http://www.ise.com>), at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Supplementary Material .13 to Rule 504, regarding Mini Options traded on the ISE, to replace the reference to "GOOG" with "GOOGL". This is a competitive filing that is based on proposals recently submitted by the BOX Options Exchange LLC ("BOX") and the Chicago Board Options Exchange, Incorporated ("CBOE").³ The Exchange is proposing to make a change to Supplementary Material .13 to enable the continued trading of Mini Options on Google's class A shares. The Exchange is proposing to make this change because, on April 2, 2014, Google issued a new class of shares (class C) to its shareholders in lieu of a cash dividend payment. Additionally, this new class C of shares will be given the current Google ticker, "GOOG". As a result, a new ticker, "GOOGL", will be issued to the class A shares. The Exchange is proposing to change the Google ticker referenced in Supplementary Material .13 from "GOOG" to "GOOGL".

The purpose of this change is to ensure that Supplementary Material .13 properly reflects the intention and practice of the Exchange to trade Mini Options on only an exhaustive list of underlying securities outlined in its rules. This change is meant to continue the inclusion of class A shares of Google in the current list of underlying securities that Mini Options can be traded on, while making it clear that class C shares of Google are not part of that list as that class of options has not been approved for Mini Option trading. As a result, the proposed change will also help avoid confusion.

2. Statutory Basis

The Exchange believes that its proposal is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6(b) of the Act.⁴ In particular, the proposal is consistent with Section 6(b)(5) of the Act,⁵ because is designed to promote just and equitable principles of trade, remove impediments to and perfect the mechanisms of a free and open market and a national market system and, in

general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁶ requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

In particular, the proposed rule change to change the Google class A ticker to its new designation is consistent with the Act because the proposed change is merely updating the corresponding ticker to allow for continued Mini Option trading on Google's class A shares. The proposed change will allow for continued benefit to investors by providing them with additional investment alternatives.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. In this regard and as indicated above, the Exchange notes that the rule change is being proposed as a competitive response to a filings submitted by BOX and the CBOE.⁷ The proposed change does not impose any burden on intramarket competition because it applies to all members. There is no burden on intermarket competition as the proposed change is merely attempting to update the new ticker for Google class A for Mini Options. As a result, there will be no substantive changes to the Exchange's operations or its rules.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the proposed rule change does not (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, the

proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act⁸ and Rule 19b-4(f)(6)(iii) thereunder.⁹

A proposed rule change filed under Rule 19b-4(f)(6)¹⁰ normally does not become operative for 30 days after the date of filing. However, pursuant to Rule 19b-4(f)(6)(iii)¹¹ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest.

The Exchange has asked the Commission to waive the five-day pre-filing requirement and the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest, as it will allow the Exchange to continue to list mini options on the Google Class A shares following the issuance of a new class of Google shares (class C) on April 2, 2014. For this reason, the Commission designates the proposed rule change to be operative upon filing.¹²

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or

³ 15 U.S.C. 78s(b)(3)(A).

⁴ 17 CFR 240.19b-4(f)(6)(iii). In addition, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Commission is waiving this five-day pre-filing requirement.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-71934; File No. SR-NYSEMKT-2014-30]

Self-Regulatory Organizations; NYSE MKT LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Amending the Professional User Fees for NYSE Amex Options Market Data, Operative on April 1, 2014

April 11, 2014.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the "Act")² and Rule 19b-4 thereunder,³ notice is hereby given that on March 31, 2014, NYSE MKT LLC (the "Exchange" or "NYSE MKT") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the Professional User fees for NYSE Amex Options market data, operative on April 1, 2014. The text of the proposed rule change is available on the Exchange's Web site at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the Professional User fees for NYSE Amex Options market data, operative on April 1, 2014.

On October 1, 2012, the Exchange began offering the following real-time options market data products: ArcaBook for Amex Options—Trades, ArcaBook for Amex Options—Top of Book, ArcaBook for Amex Options—Depth of Book, ArcaBook for Amex Options—Complex, ArcaBook for Amex Options—Series Status, and ArcaBook for Amex Options—Order Imbalance (collectively, "Amex Options Products").⁴ Fees cover all six products.⁵ From that time until May 1, 2013, the Exchange charged Professional Users \$50 per month for each User per Source for the receipt and use of the Amex Options Products. Effective May 1, 2013, the Exchange introduced the following tiered fee structure for display usage by Professional Users based on the number of users:⁶

Professional users	Fee per professional user
1-50	\$50
51-100	35
101+	20

Because the tiered pricing has not encouraged customers to provide access to the Exchange's market data to a greater number of Professional Users as anticipated, the Exchange proposes to return to the flat fee of \$50 per month for each Professional User. The Exchange does not propose to make any other changes to the fees for Amex Options Products.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,⁷ in general, and Sections 6(b)(4) and 6(b)(5) of the Act,⁸ in particular, in that

⁵ See SR-NYSEMKT-2013-35 (establishing a fee schedule) and Securities Exchange Act Release No. 68004 (Oct. 9, 2012), 77 FR 62582 (Oct. 15, 2012) (SR-NYSEMKT-2012-49) (establishing fees for Amex Options Products).
