

**DEPARTMENT OF TRANSPORTATION****Federal Aviation Administration****14 CFR Part 71**

[Docket No. FAA–2013–0961; Airspace Docket No. 13–AEA–13]

RIN 2120–AA66

**Amendment of VOR Federal Airways V–35 and V–276; Eastern United States**

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Final rule; delay of effective date.

**SUMMARY:** This action changes the effective date of a final rule published in the *Federal Register* on April 1, 2014, amending VOR Federal airways V–35 and V–276 in the eastern United States. The FAA is taking this action to link the effective date of the airway amendments with the completion of the development of associated enroute and terminal procedures and the date for decommissioning the Tyrone, PA VORTAC.

**DATES:** The effective date of the final rule published on April 1, 2014 is delayed from May 29, 2014 to July 24, 2014.

**FOR FURTHER INFORMATION CONTACT:** Paul Gallant, Airspace Policy and Regulations Group, Office of Airspace Services, Federal Aviation Administration, 800 Independence Avenue SW., Washington, DC 20591; telephone: (202) 267–8783.

**SUPPLEMENTARY INFORMATION:****Background**

*Federal Register* Document No. 2013–0961, Airspace Docket No. 13–AEA–13, published in the *Federal Register* on April 1, 2014 (79 FR 18153), amends VOR Federal airways V–35 and V–276 due to the planned decommissioning of the Tyrone, PA, VORTAC. The development of associated enroute and terminal procedures and decommissioning of the VORTAC are planned for July 24, 2014, therefore the rule amending of V–35 and V–276 is delayed until that date.

VOR Federal airways are published in paragraph 6010 of FAA Order 7400.9X, dated August 7, 2013, and effective September 5, 2013, which is incorporated by reference in 14 CFR 71.1. The VOR Federal airways listed in this document will be subsequently published in the Order.

**Delay of Effective Date**

Accordingly, pursuant to the authority delegated to me, the effective

date of the final rule, Airspace Docket 13–AEA–13, as published in the *Federal Register* on April 1, 2014 (79 FR 18153), is hereby delayed until July 24, 2014.

**Authority:** 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

Issued in Washington, DC, on April 10, 2014.

Gary A. Norek,

Manager, Airspace Policy and Regulations Group.

[Docket No. FAA–2013–0606; Airspace Docket No. 13–ACE–12]

**Establishment of Class E Airspace; Warsaw, MO**

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Final rule.

**SUMMARY:** This action establishes Class E airspace at Warsaw, MO. Controlled airspace is necessary to accommodate new Area Navigation (RNAV) Standard Instrument Approach Procedures at Warsaw Municipal Airport. The FAA is taking this action to enhance the safety and management of Instrument Flight Rule (IFR) operations at the airport.

**DATES:** *Effective date:* 0901 UTC, July 24, 2014. The Director of the Federal Register approves this incorporation by reference action under 1 CFR Part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

**FOR FURTHER INFORMATION CONTACT:** Scott Enander, Central Service Center, Operations Support Group, Federal Aviation Administration, Southwest Region, 2601 Meacham Blvd., Fort Worth, TX 76137; telephone 817–321–7716.

**SUPPLEMENTARY INFORMATION:****History**

On January 8, 2014, the FAA published in the *Federal Register* a notice of proposed rulemaking (NPRM) to establish Class E airspace for the Warsaw, MO, area, creating controlled airspace at Warsaw Municipal Airport (79 FR 1346) Docket No. FAA–2013–0606. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments

were received. Class E airspace designations are published in paragraph 6005 of FAA Order 7400.9X dated August 7, 2013, and effective September 15, 2013, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

**The Rule**

This action amends Title 14 Code of Federal Regulations (14 CFR) Part 71 by establishing Class E airspace extending upward from 700 feet above the surface within a 6.3-mile radius of Warsaw Municipal Airport, Warsaw, MO, for new standard instrument approach procedures developed at the airport. Controlled airspace is needed for the safety and management of IFR operations at the airport.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation: (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the U.S. Code. Subtitle 1, Section 106, describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it establishes controlled airspace at Warsaw Municipal Airport, Warsaw, MO.

**Environmental Review**

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1E, “Environmental
