

If questions arise concerning the precise relationship of specific properties to noise exposure contours depicted on a noise exposure map submitted under section 47503 of the Act, it should be noted that the FAA is not involved in any way in determining the relative locations of specific properties with regard to the depicted noise contours, or in interpreting the noise exposure maps to resolve questions concerning, for example, which properties should be covered by the provisions of section 47506 of the Act. These functions are inseparable from the ultimate land use control and planning responsibilities of local government. These local responsibilities are not changed in any way under part 150 or through FAA's review of noise exposure maps. Therefore, the responsibility for the detailed overlaying of noise exposure contours onto the map depicting properties on the surface rests exclusively with the airport operator that submitted those maps, or with those public agencies and planning agencies with which consultation is required under section 47503 of the Act. The FAA has relied on the certification by the airport operator, under section 150.21 of FAR part 150, that the statutorily required consultation has been accomplished.

Copies of the full updated noise exposure map documentation and of the FAA's evaluation of the maps are available for examination, upon prior appointment during normal business hours, at the following locations: Indianapolis Airport Authority, 7800 Col. H. Weir Cook Memorial Drive, Indianapolis, Indiana 46241. Federal Aviation Administration, Chicago Airports District Office, 2300 E. Devon, Suite 320, Des Plaines, IL 60018.

Questions may be directed to the individual named above under the heading **FOR FURTHER INFORMATION CONTACT**.

Issued in Des Plaines, IL, April 8, 2014.

James G. Keefer,

Manager, Chicago Airports District Office, FAA Great Lakes Region.

Background

Title 49 of the United States Code (U.S.C.) authorizes the Secretary of Transportation (Secretary) to promulgate regulations governing the registration of for-hire motor carriers of regulated commodities (49 U.S.C. 13902), surface transportation freight forwarders (49 U.S.C. 13903), and property brokers (49 U.S.C. 13904). The FMCSA carries out this registration program under authority delegated by the Secretary (49 CFR 1.87). Under 49 U.S.C. 13905, each registration is effective from the date specified and remains in effect for such period as the Secretary determines appropriate by regulation. Section 13905(d) of title 49, U.S.C., grants the Secretary the authority to amend or revoke a registration at the registrant's request. Based on a complaint, or on the Secretary's own initiative, the Secretary may also suspend, amend, or revoke any part of the registration of a motor carrier, broker, or freight forwarder for willful failure to comply with the regulations, an order of the Secretary, or a condition of its registration.

Form OCE-46 is used by transportation entities to voluntarily apply for revocation of their registration authority in whole or in part. FMCSA uses the form to seek information concerning the registrant's docket number, name and address, and the reasons for the revocation request.
