33 CFR Part 165

[Docket No. USCG-2014-0140]

RIN 1625-AA00

Safety Zone; BWRC West Coast Nationals; Parker, AZ

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone within the Lake Moolvalya region of the navigable waters of the Colorado River in Parker, Arizona in support of the Blue Water Resort and Casino (BWRC) West Coast Nationals high speed boat race. This safety zone is necessary to provide for the safety of the participants, crew, spectators, participating vessels, and other vessels and users of the waterway. Persons and vessels are prohibited from entering into, transiting through, or anchoring within this safety zone unless authorized by the Captain of the Port, or his designated representative.

DATES: This rule is effective from 6 a.m. to 6 p.m. on May 3 and May 4, 2014.

ADDRESSES: Documents mentioned in this preamble are part of docket [USCG-2014-0140]. A. Regulatory History and Information

The Coast Guard is issuing this temporary final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are "impracticable, unnecessary, or contrary to the public interest." Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because an NPRM would be impracticable. Logistical details did not present the Coast Guard enough time to draft, publish, and receive public comment on an NPRM. As such, the event would occur before the rulemaking process was complete. Immediate action is needed to help protect the safety of the participants, crew, spectators, and participating vessels from other vessels during this two day event.

Under 5 U.S.C. 553(d)(3), for the same reasons mentioned above, the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Any delay in the effective date of this rule would be contrary to the public interest, because immediate action is necessary to protect the safety of the participants from the dangers associated with other vessels transiting this area while the race occurs.

B. Basis and Purpose

The legal basis and authorities for this rule are found in 33 U.S.C. 1231, 46

U.S.C. Chapter 701, 3306, 3703; 50 U.S.C. 191, 195; 33 CFR 1.05-1, 6.04-1, 6.04-6, and 160.5; Pub. L. 107-295, 116 Stat. 2064; and Department of Homeland Security Delegation No. 0170.1, which collectively authorize the Coast Guard to propose, establish, and define regulatory safety zones. RPM Racing Enterprises is sponsoring the BWRC West Coast Nationals, which will involve 100 power boats, 8 to 16 feet in length. These power boats will be transiting a portion of Moovalya Lake on the Colorado River in Parker, AZ. This temporary safety zone is necessary to provide for the safety of the participants, crew, spectators, sponsor vessels, other vessels, and users of the waterway.

C. Discussion of the Final Rule

The Coast Guard is establishing a safety zone that will be enforced from 6 a.m. to 6 p.m. on May 3 and May 4, 2014. The limits of the safety zone will include all the navigable waters of the Colorado River between Headgate Dam and 0.5 miles north of the Blue Water Marina in Parker, Arizona. The safety zone is necessary to provide for the safety of the crew, spectators, participants, and other vessels and users of the waterway. Persons and vessels will be prohibited from entering into, transiting through, or anchoring with this safety zone unless authorized by the Captain of the Port, or his designated representative.

BWRC West Coast Nationals is listed as a recurring event in Title 33 Code of Federal Regulations (CFR), Part 100.1102, Table 1 (Item 8) on a Saturday and Sunday in April. Because the event falls on the first weekend in May, a Marine Event Special Local Regulations (SLR) Notice of Enforcement (NOE) is not sufficient. A temporary final rule published in the **Federal Register** will provide visibility to the established safety zone. Before the effective period, the Coast Guard will also publish a local notice to mariners (LNM).

D. Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on these statutes and executive orders.

1. Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of

potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders. We expect the economic impact of this rule to be so minimal that a full Regulatory Evaluation is unnecessary. This determination is based on the size, location, and the limited duration of the safety zone. Additionally, to the maximum extent practicable, the event sponsor will assist with boaters wishing to transit the racing area during non-racing times throughout the two days.

2. Impact on Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601–612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities. This rule will affect the following entities, some of which may be small entities: the owners or operators of vessels intending to transit or anchor in the impacted portion of the Colorado River from 6 a.m. to 6 p.m. on May 3 and May 4, 2014.

This safety zone will not have a significant economic impact on a substantial number of small entities for the following reasons. Although the safety zone would apply to the entire width of the river, traffic would be allowed to pass through the zone with the permission of the Captain of the Port, or his designated representative. The event sponsor will also to their maximum extent assist boaters wishing to transit the racing area during non-racing times throughout the two days. Before the effective period, the Coast Guard will publish a Local Notice to Mariners.

3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT**, above.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

4. Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

5. Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and determined that this rule does not have implications for federalism.

6. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

7. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

8. Taking of Private Property

This rule will not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and

Interference with Constitutionally Protected Property Rights.

9. Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

10. Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

11. Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

12. Energy Effects

This action is not a “significant energy action” under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

13. Technical Standards

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

14. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA)(42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves establishment of a safety zone on the navigable waters of Moovalya Lake. This rule is categorically excluded from further review under paragraph 34(g) of Figure 2–1 of the Commandant Instruction. An environmental analysis checklist supporting this determination and a Categorical Exclusion Determination are available in the

docket where indicated under **ADDRESSES**. We seek any comments or information that may lead to the discovery of a significant environmental impact from this rule.

POSTAL SERVICE

39 CFR Part 961

Rules of Practice in Proceedings Under Section 5 of the Debt Collection Act

AGENCY: Postal Service.

ACTION: Final rule.

SUMMARY: This document contains the final revisions to the rules of practice before the Judicial Officer in proceedings under section 5 of the Debt Collection Act. These rules of procedure completely replace and supersede the prior rules.

DATES: *Effective Date:* June 2, 2014.

FOR FURTHER INFORMATION CONTACT:

Associate Judicial Officer Gary E. Shapiro, (703) 812–1910.

SUPPLEMENTARY INFORMATION: On February 18, 2014, the Judicial Officer Department published for comment proposed revisions to the rules governing practice in proceedings under section 5 of the Debt Collection Act of 1982 (79 FR 9120–21). Following the receipt of comments, the Judicial Officer has made further revisions to the original proposed rules, as discussed below, and has determined that it is appropriate to adopt the rules of practice, as revised. The Judicial Officer Department also has determined that it is appropriate to make these rules of practice effective on June 2, 2014, in the interest of orderly public administration.

A. Executive Summary

Part 961 of title 39, Code of Federal Regulations, contains the rules of practice in proceedings under section 5 of the Debt Collection Act of 1982, as amended, 5 U.S.C. 5514, in which the Judicial Officer or an assigned Hearing Official provides the final agency adjudication for debt collection assessments by administrative salary offset issued by the Postal Service seeking to collect a debt owed it by a current employee. This authority is delegated by the Postmaster General. Although these rules provide a complete replacement for the former rules, the changes are not considered to affect the

rights of the parties in a substantive way. Rather, the rules are revised to conform to current practices and to clarify the procedures.

B. Background

The Judicial Officer Department published for comments proposed revisions to the rules governing proceedings under section 5 of the Debt Collection Act of 1982 in the **Federal Register** on February 18, 2014 (79 FR 9120–21). This notice announces the intention to promulgate final rules of procedure, following our review and consideration of all comments. The period for comments closed on March 20, 2014. We considered all comments received, revised the proposed rules as explained below, and promulgate our final rules of procedure.

C. Summary of Comments and Changes

The Judicial Officer Department received comments from one source: a labor union representing many Postal Service employees who are parties to Debt Collection Act litigation before the Judicial Officer Department. We carefully considered each comment and adopted some of the suggestions made. All comments are discussed below:

Section 961.4 Employee Petition for a Hearing

A comment noted that the proposed rule provided the Hearing Official with discretion to resolve a dispute where the Postal Service has not initiated involuntary administrative salary offsets by issuing a Notice as required by the Debt Collection Act. This rule change reflects our experience that the Postal Service sometimes collects alleged debts by administrative salary offset without having issued the proper Notice. In such circumstances, our practice has been to order a refund of the improperly collected offset, and to offer the employee the choice whether to proceed to an adjudication on the merits without additional procedural requirements, or to dismiss the case without prejudice (or sometimes suspend the case) while requiring the Postal Service to issue the Notice. Retaining the case ensures that the employee remains protected against collection activity without undue delay of the adjudication. As explained however, at the option of the employee, we will dismiss the case as premature, or suspend it, and require that the Notice be issued. In either event, we will not permit collection activity to commence until our adjudication is final or the Postal Service has complied with the statute. As we believe that the revision is consistent with the statute, protects the rights of the employee/
